1904

With the opening of the new year we wish all our customers, old and new, a pleasant and prosperous season. We are better than ever prepared to furnish high grade seeds and plants, and we trust our business relations may prove as pleasant in the future as in the past. To our old customers we need no introduction, but those who may see our catalogue for the first time we ask to carefully examine it and to notice especially the many unsolicited testimonials (a few of many received) scattered through the pages. These we think show better than any mere words of our own that our goods are giving good satisfaction. We believe a satisfied customer is our best advertisement, and it is our constant endeavor to give perfect satisfaction. Trusting our relations for the coming year may prove mutually beneficial we remain

Very truly,

L. P. BUTLER & CO.

January 15, 1904.

Descriptive List of Plants.

BULBS AND BULBOUS PLANTS.

RARE, CURIOUS AND COMMON.

Chlidanthus Fragrans. A variety very rarely seen. Rich, pure yellow in color, powerfully fragrant and a most abundant bloomer. Very easily grown. This fine variety should be more generally grown. Price 10 cts. each; 3 for 25 cts.

Urceolina Pedula, Drooping Urn Flower. A very rare South American bulb having long, broad, glossy leaves and very curious drooping flowers. Culture is easy, being the same as for the Amaryllis. A rare, curious flower and one seldom seen. Our stock of this rare plant is limited. Price 50 cts.

Amaryllis Vitata Hybrida. These new varieties are very beautiful, being variously striped, flaked and feathered. Our strain is very fine, being grown in California where they have been highly developed. Price 20 cts. each; 3 for 50 cts.

Scarlet Mexican Lily, Sprekelia Formosissima. The superb brilliancy of the flowers of this Lily can scarcely be described in words. They are of a dark velvety scarlet, shading to maroon and having a satiny white stripe in the center of each petal. The form is exceedingly graceful, and they must be seen to appreciate their gorgeous beauty. The flowers are borne on long stems, and if two or three bulbs are planted together will make a fine display. They may be planted in sand and pebbles covered with water, like the "Sacred Lily," or may be grown in good rich soil.

Price 10 cts.; 3 for 25 cts.

Crinum Kirki, "The Milk and Wine Lily." Grand! This is the only word that can fully describe this magnificent variety. The flowers are of surpassing beauty, and usually two flower stalks are sent up at the same time, each bearing a large cluster of twelve or more mammoth lily-like flowers of the richest fragrance. The color is white with a deep reddish purple stripe running through the center. Blooms quite freely. Price, large bulbs, 35 cts. each.

Caladium, Fancy Leaf. These have become very popular of late years, not only as splendid pot plants, but they may be planted out after the ground is well warmed, provided they are sheltered from strong winds and given plenty of water. We have them in a great variety of fancy colors, some being marbled and spotted, others being veined and striped with bright colors in many fanciful ways. For exhibition plants for the conservatory or window garden they are fine. Price 20 cts. each; 3 for 50 cts.

Tuberose, Excelsior Pearl. This is the best double Tuberose in cultivation, grows about eighteen inches high, blooms early, and bears immense spikes of large pure white, perfectly double

SCARLET MEXICAN LILY.

FANCY CALADIUM.

flowers. They are among the sweetest and most beautiful flowers grown. Do not plant before ground is warm, as they cannot bear much cold. Plant three inches deep and six inches apart. Price, 3 cts. each; 30 cts. per doz.; largest selected bulbs, 5 cts. each; 50 cts. per doz., postpaid.

GLOXINIA CRASSIFOLIA.

15 cts., four for 50 cts. Our Monadnock strain of Gloxinias is magnificent.

Caladium, Giant Flowered New Century. A magnificent new plant introduced from Central America. It produces enormous leaves, these being of a thick leathery texture, the veins being sunken, thus giving the whole surface of the leaf a rich quilted appearance. These leaves are held on stout stiff stems well above the ground, and have a bright metallic lustre, glistening in the sun as if burnished. Added to the foliage effect are the mammoth lily-like blossoms, twelve to fifteen inches long, snow-white changing to cream and with a rich, powerful, exquisite fragrance. Price 15 cts.

Caladium Esculentum Elephant's Ear. This is the variety used so much for tropical effect. Foliage immense in size. Price 20 cts. each.

Nerine Japonica, Red Spider Lily. A most beautiful species of Amaryllidæa. The flowers appear before the foliage growing in rich umbels, the color being a brilliant red or carmine which sparkles in the sun or light like jewels. The long anthers are pearly white to red and the whole effect of this beautiful blossom is charming.

Price 10 cts. each; 3 for 25 cts.

Fritillaria Japonica. Gracefully drooping flowers. Color green with a network of gold. Very interesting and easily grown. Price 10 cts.; 3 for 25 cts.

Fritillaria Kamtschatcense, Black Lily. Growth similar to above. Most interesting on account of the deep purple color of the flower. Price 15 cts.

Japan Amaryllis, Lycoris Sanguinea. Beautiful lily shaped flower with upright calyx. Color brilliant red with lilac shadings. Price 15 cts.; 2 for 25 cts.

Japan Amaryllis, Lycoris Squamiguera. Shape similar to above, but color a beautiful rosy pink with silvery stamens. Price 30 cts.; 2 for 50 cts.

Ismene Calathena Grandiflora. The flowers of this grand plant are of a beautiful and novel form and exceedingly fragrant. Color is a snowy white and altogether is one of the most lovely of all the great Amaryllis tribe having a most peculiar grandeur which can only be appreciated at sight. Bulbs are strong and begin to flower soon after planting sending up tall stems bearing several magnificent blossoms. Can be treated as a pot plant or grown out of doors. This is much used by the florist for forcing in winter. Price 20 cts.; 3 for 50 cts.

Begonia, Tuberous-Rooted. These Begonias are very beautiful, and unsurpassed for bedding or pot culture. The plants present a striking appearance, being covered with magnificent showy flowers. The bulbs or tubers can be easily grown, requiring like Gloxinias, light, loamy soil and a somewhat shaded situation. After blooming all summer, the bulbs, if in beds, should be taken up in November, dried off like Gladiolus, and packed in a box of coarse sand placed in a dry place, secure from cold. If in pots, they can be gradually dried off in November by withholding water; when well dried out, put the pots containing bulbs in a dry warm place, until spring, when the roots should be shaken out and repotted. **Double Tuberous Begonias** in four colors. *Red, White, Pink and Yellow.* Price 20 cts. each; 3 for 50 cts.

DOUBLE TUBEROUS BEGONIA.

Single Tuberous Begonias. Colors *Red, White, Pink and Yellow.*

Price 15 cts. each; 3 for 40 cts.

Our strain of the above is magnificent, the flowers being simply enormous and greatly admired by all our visitors.

Oxalis, Summer Flowering. Valuable for edging borders of walks or flower beds. Planted 3 inches apart they produce an unbroken row of elegant foliage and pretty flowers, furnishing a neat and attractive border the entire season. They bloom in a very few weeks after being planted and will succeed in all soils or situations. They are fine also for pot culture. We can furnish them in *pure white, pink or in mixture* containing several colors. Price 10 cts. per doz.; 40 cts. per 100.

TIGRIDIA, NEW GIANT CALIFORNIA.

Tigridias, New Giant California. This fine new strain makes a remarkably strong and vigorous growth, blooming early and with remarkable profusion. The colors are magnificent and in great variety. Do not confuse these with the ordinary kinds for they are much superior.

Price 8 cts. each; 3 for 20 cts.

Gloxinia Tubifolia. This is far different from ordinary Gloxinias, being a plant of erect branching habit produced from a strong bulb or tuber. The flower stems rise to a height of two feet each bearing several large pure white blossoms 4 inches long and of a peculiar

fascinating fragrance. It is hardy and easily grown either as a pot plant or in the garden, blooming freely and always attracting great attention by its oddity, novelty, remarkable beauty and peculiar fragrance. In every way a novel and grand plant either for outdoor or indoor culture.

Price 20 cts. ; 3 for 50 cts.

LILIUM AURATUM.

Lilium Auratum. This handsome Lily now so well known is undoubtedly one of the finest of the entire Lily family. Perfectly hardy, exquisitely colored and of fine fragrance, the flowers increasing in number and size as the bulb grows older, all these qualities combined makes it deservedly the Lily for everyone. The large handsome flowers are of a delicate ivory-white thickly dotted and studded with crimson and banded a golden yellow through the center of each of the six petals. Everyone should plant it.

Price 15 cts. each.

Lilium Speciosum Album. Pure white with gracefully reflexed petals, heavily fringed, very fragrant, perfectly hardy.

Price 20 cts. ; 3 for 50 cts.

Lilium Speciosum Rubrum. Same as above, but color is white shaded and spotted with rose carmine.

Price 20 cts.

Lilium Speciosum Melpomene. Form is similar to above two varieties. Color, rich blood-crimson, heavily spotted.

Price 20 cts.

Lilium tenuifolium, Siberian Coral Lily. Very beautiful, being the brightest of all Lilies. Grows about two feet high with finely cut foliage,

slender stems, and beautifully shaped flowers of a brilliant coral red, with reflexed petals. Perfectly hardy, fine for cutting, and makes a brilliant show in masses for the lawn. An exquisite variety.

Price 15 cts. ; 3 for 40 cts.

MONADNOCK SUPERB GLADIOLI.

Groff's Gold Medal. These are the choicest new creations of Mr. Groff, comprising magnificent white, light and yellow shades of the purest colors obtainable, dazzling shades of Red, Scarlet, Crimson, Pink and Cerise, and including rare tints of Blue, Lilac, Heliotrope and Clematis.

Price 15 cts. each. ; \$1.25 per doz.

Groff's Selected Blue Hybrids. These are rare blue shades, no such ever having been offered before elsewhere in the world, comprising beautiful clear shades of Clematis, Lilac and Heliotrope. Very fine.

Price 15 cts. each ; \$1.25 per doz.

Groff's Mixed Hybrids. These are the first introductions of Mr. Groff and while not equal to the "Gold Medal Collection" still comprise a wide range of coloring, different from anything seen before in coloring, including lilac and blue tints, marvelously brilliant, stained and blotched varieties.

Price 5 cts. each ; 40 cts. per doz.

Burbank's California Select. This is a selection of some of the fine new Gladioli seedlings of Luther Burbank, the "Wizard of Horticulture." Comprises mostly light and variegated types.

Price 4 cts. each ; 40 cts. per doz.

Childsii. We have an extra fine strain of these giant flowered varieties, our mixture being made up of over seventy-five varieties. This strain is characterized by extra large flowers and showy colorings.

Price 5 cts. each ; 40 cts. per doz.

Lemoinei. The best and most popular mixture of this highly colored strain ever offered. An extra fine range of varieties.

Price 4 cts. each ; 35 cts. per doz.

Fine Mixed. Contains a large number of varieties. Price 25 cts. per doz.

EVERBLOOMING TEA AND OTHER MONTHLY ROSES.

(These are not hardy except where mentioned.)

New Rose, *Ideal*. A sport from the favorite La France which it resembles in every way except color which is a bright deep pink that does not become "washed out." Plant is a strong vigorous grower, very free flowering, flowers of good size and deliciously scented and will probably become even more popular than its parent, either for indoor or outdoor planting. Price 15 ¢s.

New Rose, *Rainbow*. This new Rose from California was awarded a silver cup by the State Floral Society. The color is a lovely shade of deep coral pink, striped and mottled in the most unique manner with intense crimson and elegantly colored with rich golden amber at center and base of petals. Buds are beautiful and flowers extra large and sweet. One of the leading cut flower Roses in San Francisco. Price 15 ¢s.

New Rose, *Helen Gould*, (also called *Balduin*). Claimed by the introducers to be the grandest Rose ever introduced, being the strongest growing, largest flowering, freest blooming and hardiest Rose in existence. It is a strong, dwarf, compact grower, free from disease of all kinds. The flowers are as large as, "American Beauty," which grand variety it somewhat resembles in fragrance and color, being full and perfectly double; the buds are beautifully made, long and pointed, produced on long, stiff, erect stems. Color is a rich crimson, elegantly shaded and exceedingly beautiful.

Price 15 ¢s.

Gruss an Teplitz, *Crimson Hermosa* (new). This grand new Rose is a Rose for everyone, succeeding under the most ordinary conditions, and is destined to take rank with such old time favorites as "Hermosa," "Soupert," etc. In color it is of the richest scarlet imaginable, shading to a velvety crimson as the flowers mature. Size is larger than "Hermosa," very fragrant, a free, strong grower, and a phenomenally profuse bloomer, being a mass of color at all times. The foliage is quite pretty, the new growth being of a handsome bronze color. Price 15 ¢s.

Winter Gem. This is a new Tea Rose of vigorous growth and a particularly free bloomer, especially during the winter, hence its name. Blossoms are of large size and a pretty crimson-purple color, the buds being finely shaped, and the open flowers

NEW ROSE, HELEN GOULD.

full and double. One plant of this variety, it is claimed, will produce more good Roses throughout the year than any other Tea Rose grown. A fine Rose for amateurs, and especially adapted for window culture.

Snowflake. One of the freest blooming white Tea Roses which we have. Makes a superb pot Rose. One hundred and forty-three buds and flowers have been counted in a single day on a young plant. Flowers finely formed and pure white in color. Price 15 ¢s.

Inconstant Beauty, "The Rose of Many Colors." A most remarkable Rose. A single plant of this variety may have at the same time, deep rose, coppery yellow, blush pink, mottled yellow or apricot colored. Sometimes all these colors will be mixed and mottled in a single flower. Buds and flowers are large, fragrant and beautiful. It is a constant bloomer, and a most novel Rose which should be in every collection. Price 15 ¢s.

Burbank (new). This lovely Rose was raised by Luther Burbank of California, known the world over as the "Wizard of Horticulture," and is the only variety out of seventy-five thousand seedlings which he was willing should bear his name. The color is described as a cherry-crimson or in other words, the very deepest and brightest pink Rose in cultivation. It is a strong, bushy, vigorous grower, and is perfectly hardy, standing the most severe winters. It is an extraordinarily free bloomer, bearing the large double, delightfully fragrant flowers throughout the season, until stopped by frost, even small plants just started from cuttings beginning to bloom. A most valuable new variety. Price 15 ¢s.

Clothilde Soupert. This grand Rose still holds its reputation of being one of the best all round Roses in existence. Color is a pearly white deepening to a rosy blush in the center. It has a very compact, vigorous habit, and is a wonderfully profuse bloomer, even the smallest plants being covered with a profusion of flowers. The hottest weather does not affect the flowers, so that even in midsummer a bouquet of splendid buds and open flowers can be obtained from this fine variety. Too much cannot be said in praise of this fine Rose for bedding purposes, and valuable as it is for this purpose, it is just as much so for blooming in the house, being entirely exempt from the diseases usually affecting Roses in the house. Price 15 ¢s.

La France. One of the most beautiful of all Roses, and is unequalled by any in its delicious fragrance. Very large, very double, and superbly formed. Color is light silvery rose, shaded with silver-pearl and often with pink. This variety is hardy for out-door culture, if slightly protected with evergreen boughs in winter. Everyone should have this. Price 10 ¢s.

Marechal Neil. No yellow Rose yet produced equals it. The flowers are of the largest size, highly fragrant, and of the richest and deepest golden yellow; the flowers remain in perfection several days. It is a vigorous grower. Price 15 ¢s.

Hermosa. A grand Rose, and one which no one can afford to be without. The flower is cupped, finely formed, always in bloom. Soft shade of pink, fragrant, but not a Tea. Price 10 ¢s.

Princess Bonnie (new). "Princess Bonnie" is one of the loveliest of the new Everblooming Roses. It has no superior and very few equals. Its color is indescribable. A richer, deeper crimson was never seen in a Rose, while its fragrance is even more subtle and delicate than that of "La France." It is a profuse bloomer, and as easy of cultivation as the most ordinary Rose. Price 15 ¢s.

Perle des Jardins. Flowers very large, full and well formed; color, beautiful straw or rich canary; vigorous growth, extra fine. Price 10 ¢s.

Marie Guillot. White, tinged with delicate shade of lemon; large, full and beautifully imbricated in form; a fine white Tea; the perfection of form in Tea Roses; highly fragrant. Price 10 ¢s.

Mad. Angelique Veysset, Striped La France. This Rose combines all the good qualities of "La France" in growth, fragrance, and shape of bud and flower, in fact differs from it only in two points. First, it is a little freer in bloom than the parent; second, it is nicely striped, the markings being plain and distinct, the variegation, a beautiful bright rose on a satin pink ground. Price 10 ¢s.

Mosella, Yellow Soupert. This is everybody's Rose. A strong, bushy, dwarf grower, equally as free blooming, and with the beautiful shaped immense clusters of flowers as "Clotilde Soupert." Buds are exceedingly dainty and attractive. Color is white on beautiful light yellow ground, which becomes a chrome yellow in the center of the flower. Price 10 cts.

Pink Soupert. Identical with "C. Soupert" except color of flower. Has the same stocky, sturdy habit of growth, blooms as free, with large handsome flowers, same form as "C. Soupert." Color, rich dark shining pink, sometimes nearly red. Price 10 cts.

Miniature, Baby Rose. This is the smallest of all Roses but perfect in form. The cunning fairy-like flowers are fully double and very fragrant, being borne in wreaths and clusters almost covering the entire plant. Color is a cream rose, flushed with a peachy red. Price 10 cts.

Henri Martin, Moss. A magnificent Moss Rose. Extra large and perfectly double. Color a deep rosy carmine, shaded a bright crimson, beautifully mossed and very fragrant. Very fine. Price 15 cts.

THE SOUPERT COLLECTION.

Three charming Soupert Roses for 25 cts., postpaid.

One each of *Clothilde Soupert*, blush white; *Pink Soupert*, deep pink; *Yellow Soupert*, Mosella, pale yellow.

Three of the finest Roses for outdoor or indoor culture. Will produce hundreds of flowers the first season.

HARDY HYBRID PERPETUAL ROSES.

(These are hardy in open ground, with little or no protection).

Soleil d' Or, Golden Sun (new). A hardy everblooming yellow Rose is something which thousands have been striving to produce, and at last in this magnificent variety we have it. This grand new Rose is the first of a new race totally different from anything before had. It is a very robust and vigorous grower, with beautiful bright green foliage, which is peculiarly fragrant. It has conical shaped buds of a lovely hue, the flower when expanded being very full, large and globular, superb in color, varying from gold and orange yellow to reddish gold shaded with nasturtium red. It is very fragrant and may be said to be a perpetual bloomer. Price 25 cts.; 2-year, 60 cts.

Clio (new). The finest flesh-colored Hybrid Perpetual, and we predict for it the greatest popularity as soon as known. It has the most delicate texture and coloring imaginable, being of a delicate satiny blush, with a light shading of rosy pink at the center. Has a beautiful globular form, and in size is truly striking. A hardy, vigorous grower; flowers produced freely throughout the season. Price 15 cts.

***Mrs. John Laing.** Perfectly hardy with immense flowers, full and double, borne in great profusion on long stiff stems, and exceedingly sweet. Color, a bright shining pink, exquisitely shaded. Buds long and pointed. Price 15 cts.

***Magna Charta.** A splendid Rose, extra large full flowers, very double and of fine form, very sweet. Color is clear rosy red, beautifully flushed with violet crimson. A very sure and profuse bloomer. Price 15 cts.

***Mme. Plantier.** This grand variety when once planted is as permanent as a Hydrangea. It is hardy as an Oak, and for outdoor planting it is one of the best whites. Flowers pure white, very large and double, and a profuse and continuous bloomer. It is especially recommendable for cemetery planting, because of its permanency. It should never be pruned except the old dead wood cut away. Price 15 cts.

***Coquette des Blanches.** Pure white with a creamy tinge in center, truly a continuous bloomer as it is scarcely ever without flowers from early summer until cut off by frost in the fall. Price 15 cts.

***Gen. Jacqueminot.** The grand old Rose known by everyone, at least by name and reputation. Rich crimson scarlet in color, and especially handsome in bud. Although introduced nearly fifty years ago, it is still unrivalled in popularity. Should be grown by everyone. Price 15 cts.

***Paul Neyron.** The flowers of this grand Rose are immense, color, bright shining pink, clear and beautiful, very double and full, finely scented. No collection complete without this. Price 15 cts.

Prince Camille de Rohan. A magnificent Rose with large, handsome, fragrant flowers produced with great freedom. Color is a rich, deep velvety crimson, passing to intense maroon, shaded black. One of the handsomest Roses ever seen. Price 15 cts.

☞ **NOTICE.** All above Roses marked with an (*) we can supply in strong, two-year old field grown bushes, at 35 cts. each by express, or 50 cts. each postpaid.

CLIMBING ROSES.

***New Pink Rambler, Emphrosyne.** The "Pink Rambler" completes the entire range of cardinal colors that can be embraced in these beautiful Climbing Roses. This Rose is as charming as the other Ramblers, bearing its flowers in profuse clusters, the manner of growth being the same. Price 15 cts.

* **New White Rambler, Thalia.** This charming new Rose produces immense pyramidal clusters of pure white, deliciously fragrant, double Roses. The flowers remain on the plant a long time and keep a long time when cut. A fitting companion to "Crimson Rambler." Price 15 cts.

* **Yellow Rambler, Aglaia.** This new Rambler bears its immense pyramidal trusses after the same manner of the "Crimson Rambler." In color, it is a decided yellow with moderate sized, cup shaped, nearly full flowers, which are sweetly scented. Its habit of growth is very strong, frequently making shoots of eight or ten feet in one season. Should be in every collection. Price 15 cts.

DOROTHY PERKINS.

brightness.

* **Baltimore Belle.** Blush, tinged rose and white; the flowers are very double, and are produced in great clusters. Whole plant is one complete mass of bloom when at its best. Price 15 cts.

* **Prairie Queen.** Dark rosy red, changing to pink. Price 15 cts.

☞ Those varieties marked with an (*) we can furnish in first size, strong two-year field grown plants, at 50 cts. each by express, or 65 cts. each by mail, postpaid.

THE RAMBLER COLLECTION,

for 60 cts., postpaid.

One each *Crimson Rambler*, *Pink Rambler*, (*Euphrosyne*;) *White Rambler*, (*Thalia*;) *Yellow Rambler*, (*Aglaia*;) and *Dorothy Perkins*.

All hardy and all different colors. Everyone should have this magnificent collection.

BEGONIAS.

Mary Hill. A fine new Rex variety, with large leaves and shapely habit. Color is bright silver with a central star of greenish maroon, with a very narrow border of the same color; leaf pointed but quite broad. A strong grower, and makes a fine specimen in a very short time. Price 20 cts.

Marjorie Daw. A beautiful new variety from California. A strong, vigorous grower, with bright green leaves. It is of semi-climbing or trailing habit, the bright, shining, pink flowers being produced in broad panicles, drooping down from under the foliage. A meritorious new variety.

Price 15 cts.

Mme. Gache. A highly colored variety, and a fit companion to "Louise Closson." Color is a rosy bronze, overlaid with a metallic sheen, with a small, star shaped, chocolate colored center, the entire leaf being bordered with a narrow margin of green, shading into chocolate, dotted and punctured with silver dots.

MD. LIONNET.

Price 20 cts.

Viandii. Leaves large and beautiful, dark green on upper side and wine color on under side, the entire plant being covered with white hairs. Flowers are a delicate rose, set off with reddish hairs, forming a large flower cluster, held up by shaggy stems. A continuous bloomer and makes a striking looking specimen. Price 15 cts.

Md. Lionnet. This exceedingly fine variety while not new is yet rare and known by but few. The ground color of the leaf is a rosy bronze, distinctly overlaid and dotted with a silvery metallic sheen, the entire surface being covered with a crimson pile. Exceedingly brilliant in color. Flowers are bright pink.

Price 20 cts.

LOUISE CLOSSON. (See page 10.)

Louise Closson. One of the richest and most beautiful of the Rex family, with large and very bright foliage. The coloring is magnificent, the center of leaf being deep bronze with a broad band of silvery rose. One of the handsomest and most unique varieties. Price 20 cts.

Coral. This is an extremely free flowering new variety. Has a glossy, green foliage, and is at all times covered with a profusion of the magnificent coral red blossoms. One of the freest bloomers on our whole list. Price 10 cts.

Otto Hacker. A magnificent variety. Plant a strong, vigorous grower, of stiff, upright habit, with large, shining, deep green leaves, eight to ten inches long. The flowers are borne in immense pendant clusters eight to ten inches across, twelve to twenty-five large flowers in a cluster. Color a beautiful coral red. A variety sure to please. Price 15 cts.

INCARNATA.

NOTE—Owing to the impossibility of propagating this variety until late in the season, we cannot ship vigorous plants until after June 1. Orders may be sent with other plants, and "Glory of Lorraine" will be forwarded soon after June 1.

Argentea Guttata. This variety has purple-bronze leaves, oblong in shape, with silvery markings, and is in every way a most beautiful Begonia. It produces white flowers in bunches on ends of growth stems. A very popular variety. Price 10 cts.

Queen Victoria (Rex). Solid silver leaf of crepe-like texture, red veins, and fluted edge; a strong grower. Price 20 cts.

Incarnata. A splendid winter flowering plant. About the Christmas holidays this is covered with one mass, from top to bottom, with bright pink flowers, looking like a huge bouquet. The Christmas flowering plant for everyone. Price 10 cts.

Marquis de Peralta. Leaves rather small and short stemmed, but exquisitely beautiful. Color of leaves a dark velvety olive green, with a wide, broken band of silver around the center, and a margin of dark green brightened with silver spots, which look as though embossed. Price 25 cts.

Maple Leaf. The name indicates shape of leaf, which is quite large and of a pure, light, solid green, thick in texture, and surface very glossy. Price 20 cts.

Indianapolis (Rex). A fine new sort of the whorl Rex type, with magnificent foliage of clear silver, with touches of green and red at center and edge of leaf, a splendid grower; much stronger than any other sort of this class. Price 20 cts.

Erfordia. Grows in symmetrical, compact form, with shining green, crinkled foliage. Will stand the strong sun as well as "Vernon," and is one mass of bloom from June till frost, and is equally as good for pot culture, being at all times covered with the deep, rosy-pink flowers. Price 10 cts.

Zebrina. A lovely dark green foliage, beautifully striped with silver. Price 15 cts.

Riciniflora. A magnificent decorative plant; leaves of immense size and similar in form to "Ricinus." Flowers in very large panicles on flower stalks two to three and one-half feet high; light pink. Makes an immense specimen. Price 15 cts.

Rubra. A fine acquisition to our window flowering plants. The leaves are of the darkest green; color of flowers, scarlet-rose, glossy and wax-like. Price 10 cts.

Queen of Hanover. Leaf of a soft velvety texture, covered with red pile, center and edge of soft green velvet, the zone formed by small silver dots. Price 25 cts.

Sanguinea. Leaves dark, glossy olive-green, under side deep red, flowers white. A handsome upright growing variety. Price 15 cts.

Mme. Leboney. This Rex sort is very rich and lustrous in its coloring, to which it is almost impossible to do justice by mere description. The young leaves are reddish metallic hued, studded with irregular silvery spots, the older leaves becoming a darker silver shade, shaded steel and dark green, the entire leaf shaded red and burnished like tinsel. A variety which always attracts attention. Price 20 cts.

Glory of Lorraine. One of the greatest novelties in Begonias. The plant presents a mass of floral loveliness for nearly the whole year—blooming autumn, winter and spring—a perfect bouquet of clear pink flowers. This easily leads us as the finest flowering sort known—plants have sold at Christmas time in the large cities, at from \$2.00 to \$8.00 each. Nothing as a winter blooming plant equals it in profusion of flowers often completely hiding the leaves. Price 25 cts.

Inimitable (Rex). This handsome new variety is a very strong, vigorous grower, one of the most vigorous on our list. Add to this its great beauty and it should become exceedingly popular. Leaves are silvery green, finely covered with short pink hairs and a silvery pink sheen which gives them a most charming appearance. At a little distance the color varies when seen in different positions like changeable silk. Should be in all collections.

Price 20 cts.

Countess Louise Erdody.

The leaf, which has a metallic lustre, appears dark silvery in the center, shading into coppery rose toward the margin, which is broadly and evenly edged with the same hue, but darker and more brilliant. The veins are yellowish green on both sides. The striking peculiarity, however, which distinguishes it from all other Begonias, is that the two lobes at the base of the leaf do not grow side by side, but one of them winds in a spiral-like way until in a full grown leaf there are four of these twists lying on the top of the leaf nearly two inches high.

Richmond Beauty. A beautiful Hybrid Rex. Leaf has a dark green center, surrounded by a band of bright silver, the edge of leaf being green, dotted with silver. Price 15 cts.

Pond Lily. Named on account of resemblance of leaf to that of the Pond Lily; fine foliage; one of the best winter blooming varieties; flowers pink. The strongest grower we have. Price 15 cts.

Speculata. Quite a novelty in Rex type. Leaves are in the form of a grape leaf. Color, a bright green, with background of chocolate; veins of light pea green, the whole leaf spotted with silver. Price 15 cts.

Manicata Aurea. Very beautiful and distinct, with clear, glossy green foliage, marked and blotched with cream color deepening to bright canary, the matured leaves having a clear carmine etching. Flowers pink, in feathery panicles. One of the most handsome variegated plants. Price 20 cts.

Clementina. A cross between Rex and "Diadema." The color of the stem and upper surface of the leaf is a beautiful bronze green, ornamented with large silver spots, arranged parallel with the ribs of the leaf; the under side is a bronzy-red, producing a beautiful effect. Price 20 cts.

Silver Queen. One of the finest of Rex Begonias. The entire leaf is a light silvery color, veined green; flowers white, shaded pink. Makes a fine specimen. Price 15 cts.

SPECULATA.

Metallica. A variety with a peculiar metallic-like lustre, and charming rose-colored flowers; very worthy variety, combining both beauty of leaf and flower in same plant. Price 10 cts.

Thurstonii. Bright red foliage and veinings underneath the leaves, and bright metallic green, shading to red in the younger growth on top, with the deep veinings; the flowers are a beautiful deep pink in bud, but when expanded become a beautiful shell-pink. Price 10 cts.

Boule de Neige, Double Semperfloren. Strong habit, light green, vigorous foliage; blooms large and full, pure white, occasionally lightly tinted with pink. Price 10 cts.

Gloire de Montet, Double Semperfloren. Very free blooms, bright green foliage, compact habit; flowers very double, opening bright carmine, changing to a clear pink at the center. Price 10 cts.

Tuberous Rooted. See under head "Bulbs and Bulbous Plants."

INIMITABLE.

Price 15 cts.

CHRYSANTHEMUMS.

A HOUSE OF CHRYSANTHEMUMS.

Marie Liger (new). This grand new variety is one of the finest introductions of late years. It is an immense, globular, incurved bloom, of great depth and fine form. Color is a pearly pink of fine lustre and beauty. Growth is dwarf and compact, and thus makes a fine pot plant. It is very early to bloom, and altogether combines so many good qualities that it will rank as one of the finest of the new introductions and extra fine every way.

Price 20 cts.

Nellie Pockett (new). This is a beautiful, large, creamy-white variety, with long, drooping florets, curling at the tips. A handsome "fluffy" variety which should be in every collection.

Price 15 cts.

Polar Queen (new). An exceedingly graceful flower, outer petals reflexing, center ones irregularly incurving, thus making a flower of great depth. Pure white in color, and has an elegant foliage.

Price 15 cts.

Oresco (new). Very unique in color, first opening a beautiful apricot, shaded rose, but when fully developed being a pleasing shade of crushed strawberry color. A fine addition to our list.

Price 15 cts.

Kate Bromhead (new). A grand exhibition variety, producing a massive flower of golden amber or orange. Strong, vigorous grower.

Price 15 cts.

Curly Locks. A decided novelty. Blooms are very artistic, the outer petals being tubular and reflexed, open at the tips. Color, a beautiful pink changing to white at center. Size enormous.

Price 20 cts.

Belle Poitevine. This is a pretty little variety, with pure white flowers growing in clusters. Flowers are perfectly double to center, the sprays being very pretty and graceful for bouquets.

Price 10 cts.

Baby Pomponne. The smallest Chrysanthemum in cultivation, and attracts much attention not only on account of its diminutive size, but for the perfect manner in which the flowers are formed. They are of a clear lemon-yellow, with closely quilled petals, rarely measuring over one-half inch in diameter, and the plant being completely covered with the profusion of bloom.

Price 10 cts.

A VASE OF T. W. EATON.

Timothy W. Eaton. This is the sensational variety which swept everything before it, for a white, at the Chrysanthemum exhibitions. It is an enormous, globular, Japanese, incurved variety, of perfect form, perfectly full to center, a creamy white in color, and borne on strong, stiff stems with elegant foliage. A magnificent variety. Price 10 cts.

Col. D. Appleton. Another grand new sort. Flower is of magnificent size and form, and a beautiful bright yellow in color, borne on strong stems, and with fine foliage. Price 10 cts.

Bentley. An enormous, double, globular, reflexed, Japanese variety, of perfect form and growth. Blooms are splendid clear pink, eight to ten inches in diameter. A fine new variety. Price 20 cts.

Superba. This is the very latest and very finest late pink variety, being in fine shape in December. It is a Japanese incurved of a very bright shade of pink. Will prove very valuable for blooms after other varieties are gone. Price 10 cts.

Malcolm Lamond. This is the finest red to date. Artistic shaped blooms of a very pure red in color. Dwarf habit, making a fine pot plant. Price 10 cts.

Pluma. A new variety of the ostrich plume type. Flower a very delicate pink in color, closely incurved. The finest ostrich plume variety introduced. A grand new acquisition. Price 10 cts.

White Swan. Very similar to "Pluma" except pure white in color. Price 10 cts.

Marie Calvat. A splendid new variety, easy to grow. Blooms white, flushed pearly pink, reflexed, very deep and of immense size. Price 10 cts.

Lavender Queen. A large Japanese type with outer petals reflexed and center erect. A new color, decidedly distinct from anything heretofore seen, being a soft shade of lavender-pink. Price 10 cts.

Mrs. Henry Robinson. In the entire Chrysanthemum family there is no grander white variety, no matter when it blooms; it is of the most popular style—immense, incurving, broad channelled petals of great substance and of the purest white. Price 10 cts.

Glory of Pacific. A fine new pink sort. It is of magnificent size, with broad petals, which finally reflex; color changing to white, with rosy tints. Price 10 cts.

Miss Gladys Vanderbilt. Pearl white, with lemon-shaped center; an exceedingly fine thing, and a decided novelty both in form and general build. Price 10 cts.

Marion Henderson. A superb, large flowering, early sort. Pure gold in color. It is full of petals to the center, and lasts a long time. Price 10 cts.

Ivory. This is one of the very best varieties for pot culture or cut flowers. The plant is a vigorous, compact grower, and makes handsome specimen with very little trainging. Flowers, pure white and of exquisite form and finish; petals stiff and lasting. Price 10 cts.

W. H. Lincoln. A magnificent golden yellow. An extra large flower, very double and of great substance. Largely used for growing into specimen plants. Price 10 cts.

Maj. Bonnafon. Soft clear yellow, very full in center. One of the most perfectly formed and highly finished in our list. Price 10 cts.

- Polly Rose.** The earliest pure white. A splendid variety for growing in pots, having a strong, sturdy bush form and requiring no staking or tying. Price 10 cts.
- Pink Ivory.** Identical with "Ivory" except color, which is a fine pure pink. Price 10 cts.

COLLECTION OFFER.

We will send 8 different sorts Chrysanthemums, *our selection*, for 50c, postpaid.

Try a collection this spring, set them in a good, rich place in the garden, keep them nipped back so as to make bushy plants, and just before frost next fall take them up with dirt on the roots, put in good sized pots, then give them a sunny window and you will be surprised at the mass of flowers.

ABUTILONS.

ECLIPSE.

Eclipse, Leopard Abutilon (new). This splendid new variety is trailing in habit, and is especially fine for baskets, vases, window boxes, etc. The foliage is very attractive, being handsomely marked dark green and beautiful golden yellow. Flowers are bright yellow with a crimson throat. Price 10 cts.

Aureole (new). A very pretty new variety. Color, tender rose with a pure white throat. The plant is at all times covered with the large, handsome flowers. Price 15 cts.

Mrs. G. Laing. Immense flowers of bright, rosy pink, of beautiful expanded form; habit good, and free in growth and bloom. Flowers nice for cutting, as the stems are long. Price 10 cts.

Savitzi. This unique, maple-leaved variety is from Japan. It is a decided improvement upon "Souvenir de Bonn," inasmuch as the variegation is entirely different, the contrast between the green and white is sharper, and the habit of the plant is dwarfer. It is of exceptional value for edged sub-

tropical beds, also among the best as a pot plant, making a compact growth. Price 10 cts.

Boule de Neige. This is one of the best Abutilons yet introduced, with dark green leaves and pure white flowers; it blooms freely, either as a bedding-out plant or pot plant for winter. Price 10 cts.

Golden Fleece, or Golden Bells. A fine Abutilon of strong, vigorous habit and a very free bloomer. Color, rich golden yellow; flowers of large size. A good winter bloomer. Price 10 cts.

TWO PLANTS INTERESTING TO BIBLE READERS.

Crown of Thorns, Euphorbia Splendens. A curious plant with thick, fleshy, twining stems which are covered with stout, sharp spines nearly an inch long. There is a tradition that this plant furnished the material for the "Crown of Thorns" used in the divine tragedy. The foliage is a bright green and the flowers are a beautiful coral pink. Price 20 cts.

Rose of Jericho, or Resurrection Plant. This curious plant will live for years without being planted or watered. Having the appearance of a shrunken, rounded ball of tightly coiled up leaflets, and dry and apparently dead, yet when immersed in tepid water one frond-like tip slowly unfolds outward, then another and another, until finally the whole plant has been transformed into a lovely rosette of beautiful velvet green, fern-like moss, both odd and marvelous. After having been unfolded it can be taken from the water and allowed to curl and dry up again, and may be resurrected time and time again. It should, however, never be placed in the sun when in water. This interesting plant is mentioned by Isaiah in the Bible. Price 15 cts.

CARNATIONS.

Flamingo (new). This grand flower is the finest and largest of its color yet introduced. Color is fine, being a brilliant scarlet of great lustre. Flowers are extra large, borne on long, strong stems, and it is an early, continuous bloomer. A great advance over all others of its color. Price 25 cts.

Daheim (new). Another fine variety, which is a distinct advance over all others of its color. Flowers fully as large as the well known "Lawson," with a grand stem, brilliant crimson color and an ideal habit. It is an early bloomer, and will surely supersede all other crimsons. Price 25 cts.

White Lawson (new). This is a true sport from the "Lawson," and when we say it is like it in every respect except color we are giving it all the praise possible. Stem, habit and shape of flower are identical, while color is a pure white; an acquisition. Price 25 cts.

Boston Market. This new variety is probably the freest blooming white variety to date. Flower is of fine size, of splendid substance, with a long, strong stem. It is an unusually early bloomer, and flowers continuously until late in the season. This is a variety we can strongly recommend. Price 10 cts.

Enchantress. This is truly a queen amongst Carnations on account of its immense size, magnificent color, fine, strong stem, and early, free and continuous blooming habit. The color is magnificent, a beautiful shade of light silvery pink, deepening toward the center, a "Daybreak" color, but far superior to "Daybreak" at its best. The flower is enormous, three and one-half to four inches in diameter, when fully developed measuring four inches. The enormous blooms are borne on stiff stems two or three feet in length, which hold the flowers perfectly erect. It needs no special culture to develop its magnificent blooms, producing quite as freely as any Carnation grown. Don't fail to try this superb variety. Price 20 cts.

Lillian Pond. The flower of this fine variety is perfectly round, petals nicely fringed, with a well built up center, very fragrant, with a strong calyx, and a strong and wiry stem, and an extra large flower. A strong, healthy, rapid grower, blooming early, continuously, and in great profusion. A very promising variety. Price 15 cts.

Harry Fenn. Color of this new Carnation is a magnificent crimson, just the Harvard shade. Grand, large, symmetrical blooms, borne on extra long, stiff, wiry stems. Grows very erect, with a vigorous, healthy foliage. Price 15 cts.

Viola Allen. Clear porcelain white in color, delicately edged and splashed with pure, clear rose pink. Blooms very full, rich and fragrant, borne on superb stems. A very free bloomer. Price 15 cts.

Novelty. Ground color, lemon-yellow, distinctly edged with deep pink; body of petal being richly marked with ray stripes of the same color, making one of the most striking color combinations among all fancy Carnations. Price 15 cts.

Dorothy. This is one of the most prolific bloomers of its color introduced for some time. Color is bright pink, petals nicely fringed, and blooms large size. As a keeper it has no equal, keeping in good condition for a long time. Price 10 cts.

Prosperity. The color is entirely distinct from that of any other variety. Ground color is white, overlaid with pink in mottles, deepening to the center, reminding one of the beautiful tints seen in Azaleas and Rhododendrons. The beautiful flowers are borne on long, stiff, wiry stems. Price 10 cts.

Gov. Roosevelt. Color a deep, rich, brilliant scarlet, heavily shaded with maroon. A vigorous, healthy grower, with a long, stiff stem, holding the flower very erect. The form of the flower is as near perfect as any Carnation yet produced, being very full to the center. Price 10 cts.

Queen Louise. The flowers are of large size, good form and substance and of the purest white. It is a very profuse bloomer, beginning early in the fall and producing continually. Price 10 cts.

Morning Glory. A variety slightly darker than the old "Daybreak," yet brighter in color than that variety. A free, continuous bloomer. Flowers fragrant and of fine form. Price 10 cts.

Mrs. Lawson. The most talked about Carnation ever introduced. It is a strong, vigorous and healthy grower, with grand flowers of enormous size, perfect form, and in color, a beautiful deep pink. This grand variety is now indispensable. Price 10 cts.

Ethel Crocker. Flowers with ordinary culture will average three to three and one-half inches in diameter; are well formed, with extra heavy petals. Color, the ideal bright pink shade, has the genuine clove fragrance. This variety on account of its healthy foliage, vigor of growth and general good qualities has proved to be one of the best all-around pink commercial Carnations. Price 10 cts.

Flora Hill. A splendid white variety, because of its easy management. The flower is of large size, and rounded build; wonderfully free in bloom, stems strong enough to support blooms nicely; good calyx; not subject to rust. Price 10 cts.

Mrs. Bradt. Color, clear white, heavily edged and striped with bright scarlet, giving it a very bright and cheerful appearance. Flowers large and full, with center petals standing erect, giving the bloom a well-rounded form. Habit strong and vigorous. Price 15 cts.

Gen. Gomez. A magnificent, brilliant, cardinal-maroon in color, with fine, long stems; a strong, vigorous grower. Flowers full, well fringed, of pleasing form and of good fragrance. Price 10 cts.

Gold Nugget. The nearest to a pure, deep yellow of any sort yet introduced. Strong growth, free blooming from early to late; long, strong stems, and large flowers of pleasing form. Price 10 cts.

Glacier. A charming variety, fine for pot culture on account of its dwarf growth. Flowers are of good size, of the purest, snowiest white in color, and a marvellously free bloomer. Price 10 cts.

THE BIG FOUR COLLECTION CARNATIONS.

One each of Flamingo, Daheim, Enchantress and Lawson,
For 60 cts., postpaid.

HELIOTROPE.

Lueur d'Opale (new). This new variety grows very compact but robust, the plant being low and branching, bearing enormous trusses, composed of large, very broad florets of an azure lilac color, passing to pearl white with yellow eye, which is both bright and pleasing. The fragrance is very powerful. Price 15 cts.

Prince Charmant (new). A fine new variety with a pleasing foliage, extremely free in bloom; bloom, a lovely tint of bluish mauve. It is dwarf and compact in growth with immense panicles of bloom. A fine acquisition. Price 10 cts.

Le Poitevine (new). Enormous florets compose the very large truss of bloom. Color, mauve violet and azure with shadings of rose; a robust semi-dwarf grower and very free and continuous in bloom. Price 10 cts.

White Lady. The nearest approach to pure white yet in the Heliotrope; truss very large, growth compact; a decided acquisition. An improvement on "Snow Wreath." Price 10 cts.; larger, 20 cts.

Mrs. Burgess. Color, fine dark violet; one of the best dark sorts, in fact one of the best of all Heliotropes. Good for pots; fine for bedding in open ground, and extra good for cutting; odor exquisite, and it produces flowers in abundance. We have had on trial many varieties of Heliotrope, but we pronounce this one of the best, either for pots, bedding or cut flowers. Price 10 cts.; larger, 20 cts.

Albert Deleaux. Foliage green and light golden yellow. The contrast with lavender flowers being greatly admired. Price 10 cts.

CANNAS.

Evolution? (new). This fine new variety has a deep bronze foliage of great beauty. Flowers are a beautiful golden yellow at the tips, shading through canary to pink at the center. Grows about four feet high, and is a fine grower and free bloomer. A fine new variety, well worthy of trial. Price 25 cts.

Duchess of York (new). This distinct new variety has flowers of a bright, shining yellow, mottled in odd figures of orange, crimson, scarlet and pink. Trusses are enormous, and produced freely and continuously, Price 25 cts.

Wilhelm Bofinger (new). This variety has a large, broad, massive foliage of bright green, the flowers being a rich scarlet overlaid with glowing orange-scarlet, a color that can be seen as far as the eye will carry, one of the brightest and most attractive colors we have seen. The plant is of strong habit. Price 20 cts.

Pennsylvania (new). A grand new giant flowering variety which is remarkably free blooming. Flowers are very large, borne in splendid branching panicles. Foliage is a deep green and of massive size, the whole plant attaining a height of six to seven feet. The pure deep scarlet color, grand proportions and free blooming qualities should make this fine new variety very popular. Price 20 cts.

David Harum (new). A splendid new dark foliage Canna. It is a strong, robust grower, and very free flowering. Flowers are of large size, with well rounded petals of good substance. Color is a bright vermillion scarlet, dotted with crimson spots. Height four feet. Price 20 cts.

Sec. Chabanne. A rich, pleasing, deep salmon colored flower, the older flowers being suffused with a silvery lustre. An exceptionally large flower, and a beautiful bright color. An exceedingly early and free bloomer. Price 15 cts.

Black Beauty. The handsomest Indian Canna yet introduced, with large, massive

foliage of the richest bronzy purple color shaded with black, the edges of the leaves having a peculiar wavy margin. Where foliage effect alone is desired, nothing richer or more handsome can be found.

Price 25 cts.

Italia. Of a bright orange-scarlet with a very broad golden yellow border; the flowers, which are produced on massive stems about sixteen inches long, are set well above the foliage, being of immense size, frequently measuring six inches across.

Price 15 cts.

Austria. A counterpart of "Italia" in every way, except in the color of its flowers, which are of a pure canary color, with but a few traces of small, reddish brown spots in the center of the two inside petals.

Price 15 cts.

McKinley. Brilliant crimson with scarlet shading. Trusses large and compact, of good shape, held well above the foliage, and the flower spikes are produced freely and evenly. Dwarf, compact habit, growing about two and one-half to three feet high.

Price 15 cts.

Florence Vaughn. The flower petals differ from most, even of the newest kinds, in their remarkable width and roundness, characteristics of the highest type to be sought for in these new kinds. In habit the plant has very broad, light green leaves, making a splendid effect. The flower spike is large; each flower opens broadly, and the color is a golden yellow, dotted with brilliant carmine. Price 15 cts.

Mlle. Berat. A clear, distinct, rosy pink, the best of the pink varieties, large trusses borne well above the foliage; an early, profuse bloomer. Very desirable.

Price 15 cts.

Burbank. Flowers very large, spreading, and of a rich canary yellow, showing a few spots of red. A very strong grower with rich foliage of great luxuriance.

Price 15 cts.

Chas. Henderson. Probably one of the most popular crimson Cannas in cultivation. Of uniform, compact habit and very free flowering.

Price 15 cts.

Shenandoah. Dark tropical foliage, fine for contrast.

Price 15 cts.

Queen Charlotte. A wonderful and decided variety from Germany. Its main advance being its color, which is bright red; each petal bordered with a very wide band of bright yellow. Extra showy for summer use, and also a splendid winter bloomer.

Price 15 cts.

Alphonse Bouvier. Height five to six feet. Color, brilliant deep crimson. Silvery green foliage with chocolate brown margin. Large branching trusses produced in the greatest profusion. Undoubtedly one of the freest blooming Cannas that we have.

Price 1 cts.

Philadelphia. Two to three feet high, bright scarlet flowers shading to crimson, five and one-half to six inches across, petals one and three-fourths to one and seven-eighths wide, not reflexed; a beautiful glowing color.

Price 15 cts.

Duke of Marlborough. Dark, velvety maroon. The darkest of all Cannas, extremely rich crimson-maroon, shading toward purple and black. Fine, erect, compact truss, extremely floriferous. Foliage bluish, metallic green; height, three to four feet.

Price 15 cts.

POTTED CANNAS.

In May and June we will have many of above sorts, nice plants, ten to twenty inches high, well grown in pots. These when planted out will bloom much sooner than dormant roots, and for immediate effect are very desirable. They cannot be sent by mail, but must go by express. Price, our selection, in finest assortment, 25 cts. each, \$2.00 per dozen. Buyer's selection, price on application.

AGERATUM.

Princess Pauline. A most distinct and novel variety of dwarf, compact habit, rarely exceeding five inches in height, its peculiarity being that both colors, blue and white, are combined in the same flower, the body of the flower being white while the stamens are of a light sky-blue, giving the flower a pretty variegated appearance. Extra as specimens; fine for bedding, vases, or as a window plant.

White Cap. A fine compact bedding sort, with flowers of the purest white; a very profuse bloomer; the best of all whites.

Stella Gurney. A fine new acquisition. Planted outside, it attains a height of six to eight inches. It is an early and continuous bloomer. Flowers are of the deepest blue so freely produced that it is always one mass of color; admired by everyone who sees it.

Price, any of above varieties, 10 cts. each; 3 for 25 cts.; 75 cts. per doz.

NO. SUTTON, N. H., May 6, 1903.—L. P. Butler, & Co. Dear Sirs: Plants and seeds received Monday evening. Many thanks for extras. I was delighted with the number and size of plants.

Yours truly,

MRS. MARIA GREELEY.

SUPERB MONADNOCK DAHLIAS.

John H. Roach. A splendid new, light yellow, cactus Dahlia. Has a beautiful flower of perfect form, with long, incurved, pointed petals. A beautiful variety, the loose, artistic form of the blooms making it especially fine for cut flowers.

Price 15 cts.

Red Hussar. A grand variety of large, regular form, with a full, high center. The color is purest cardinal red, without trace of purple or crimson, which is found in so many varieties. The plant is strong and vigorous, producing the flowers on long stems; elegant for cut flowers. Price 15 cts

Lorely. This handsome variety is of a true cactus form, the outer petals being of a soft "La France" pink, gradually shading lighter toward the center, which is a creamy white. One of the finest pink varieties yet introduced. Price 20 cts.

Henry F. Mitchell. This noble Dahlia is of immense

size. Flowers of irregular form with long petals, broad and twisted, colors ranging from soft yellow to deep orange red, the shades and tints blending with perfect harmony. Price 15 cts.

Storm King or Blizzard. This superb snow-white Dahlia is an extremely early, profuse and constant bloomer, of strong, dwarf, branching habit, and produces its flowers on long stems. Flowers are snow white, of perfect form and full to the center. For cut flowers it is the florist's ideal. Price 20 cts.

Crimson King. This fine new Dahlia is the strongest and earliest blooming variety which we have in our entire collection. Roots which are put out ten days to two weeks later than other varieties will flower as early as our earliest varieties. This makes it an especially valuable variety for the North, lengthening out the blooming season considerably. Flowers are a dark crimson-maroon, shading lighter at the tips, full to the center, and borne on long stems. Price 15 cts.

JOHN H. ROACH.

20TH CENTURY.

and by far the best of its class. A distinctly fine new color.

20th Century. This grand, new single Dahlia is the most exquisite colored ever introduced. No orchid could be more delicate in color, or yet richer in shading. It is purest white at the base and tips of the petals, gradually shading toward the center of the petal to delicate blush-rose, becoming deeper at the center of the petal. Not variegated but a wonderful blending of colors. The flowers are of largest size, six to seven inches across and of splendid form, while the plant is a very strong grower and profuse bloomer. A magnificent new acquisition. Price 20 cts.

Nymphaea. By far the most delicately beautiful Dahlia ever introduced; more extensively grown for cut flowers than all others combined. The flowers are of medium to large size; always full to the center, resembling the ideal pink water lily. The color is a clear, distinct, light shrimp-pink, tinted lighter toward the center. Price 15 cts.

Admiral Dewey (new). Brilliant imperial purple. Of fine form, a strong grower, Price 15 cts.

Clifford W. Bruton. The best yellow; of immense size, perfect form and of the finest canary yellow. A tall, vigorous grower and an extremely free bloomer. Should be in every collection. Price 15 cts.

Grand Duke Alexis. A magnificent flower of largest size and distinctly unique form, as the petals are rolled up so that edges overlap each other. The color is pure white, distinctly tinged delicate pink, thus giving a daintiness and grace to what would otherwise be a large stiff flower. Price 15 cts.

Fern-Leaved Beauty. A beautiful fern-leaved variety; white, striped deep crimson. A most unique variety, which should be in every collection. Price 15 cts.

LITTLE BEAUTY.

Little Beauty. This handsome pompon variety is rightly named. It is a delicate shrimp-pink in color, of beautiful rounded form, and handsomely quilled. It has long, graceful stems especially adapted for bouquets. Altogether a most exquisite variety. Price 15 cts.

Iridescent (Red and Blue). Most beautiful of all when well grown. Orange-red, overlaid and edged pure blue; very profuse bloomer. Price 15 cts.

William Agnew. Finest red ever introduced. Of intense, glistening scarlet-crimson; immense size, perfect form, and a mass of color. Price 15 cts.

Miss Lou Kramer. Base of petals yellow, heavily tipped clear, bright crimson and shaded maroon; of perfect shape; an early and profuse bloomer; plant strong and vigorous. Price 15 cts.

Penelope. White, flaked lavender. This is most beautiful and chaste; of perfect form, always full to the center; a profuse bloomer on long stems. Price 15 cts.

Zulu. Rightly named "the Black Dahlia." Jet black, changing to black-maroon as the flowers fully expand. Of fine form and full to the center. Price 15 cts.

A. D. Livoni. Beautiful soft pink, with quilled petals and full to the center, an early and profuse bloomer; should be in every collection. Price 15 cts.

 We will send a collection of five varieties, our selection, for 50 cts., postpaid.

QUECHEE, VT., May 27, 1903.—*L. P. Butler & Co.* Dear Sirs: I thank you for the great variety of plants you sent me. They are all nice. Very truly,
MRS. W. S. CARTER.

WORCESTER CO., MASS., May 10, 1903.—*L. P. Butler & Co.* Dear Sirs: Those Geraniums I had of you last year were fine and doing nicely, Very truly,
MRS. GEO. A. ALLEN.

SULLIVAN CO., N. H.—*L. P. Butler & Co.* Dear Sirs: I like your plants best of all. Very truly,
MRS. JOHN PAUL.

FERNS.

Lace Fern, *Polystichum Proliferum*.

One of the finest of Ferns for house culture. A very strong grower, with long, graceful fronds of a delicate appearance, keeping for a long time when cut and used with cut flowers. If grown in partially shaded place will be found a most pleasing house plant. Everyone is very enthusiastic over this Fern.

Price 15 and 30 cts.

Cyrtomium Falcatum. Quite a new Fern from Japan, of low, ornamental growth, fronds of great substance, thick and leathery, keeping well on plant or when cut. This variety is now very popular and in great demand at Christmas in sections of country where known. It being called the Holly Fern, from resemblance of foliage on mature fronds to that of Holly.

Price 15 cts.

Aspidium Tsussimense. A low growing Fern, with dark green, graceful foliage. One of the most valuable Ferns of recent introduction, its glossy green foliage making a fine contrast for use in Fern Pans. A most hardy, useful variety, and easy to grow.

Price 15 cts.

LACE FERN.

Pteris Argyrea. A strong growing variety and very useful for all purposes. Quite large foliage, with broad, white band through the center of each frond. Highly ornamental and easily grown.

Price 20 cts.

Adiantum Cuneatum. The most popular of all the "Maiden Hair" varieties. Fronds delicate and graceful; a distinct, lovely variety.

Price 15 cts. and 25 cts.

Adiantum Pubescens. A pretty, graceful Fern, the stems of the fronds being covered with a brown pubescence, which gives it a soft, downy appearance.

Price 15 cts.

Pteris Adiantoides. Fine Fern with glossy green leaves,

Price 15 cts.

especially good for Fern dishes. A strong, healthy grower.

Pteris Cretica Albo Lineata. A very pretty, low growing variety, with green and white variegated fronds.

Price 15 cts.

PTERIS ARGYREA.

Nephrolepis Piersoni. This superb variety is the most notable decorative Fern introduced in many years. The fronds grow broad and heavy, increasing in beauty as they develop, the pinnae of the frond subdividing, making perfect miniature fronds the whole length of the main frond. The miniature fronds keep growing constantly, showing two distinct shades of green, the tips being a light green, while the center and main part of the fronds show a dark rich shade, the contrast producing a very beautiful effect. On account of the weight of the foliage, the plant assumes a very graceful appearance, making much more symmetrical and beautiful plants than the popular "Boston Fern." It is as free growing and hardy as the "Boston Fern," and for beauty and gracefulness the "Boston Fern" cannot begin to compare with it. It is positively the most graceful and beautiful decorative Fern introduced for years. It was awarded a gold medal by both the Massachusetts Horticultural Society and the New York Horticultural Society.

Price 35 cts., \$1.00 and \$1.50 each.

BOSTON SWORD FERN.

our list. Strong, healthy grower, and always a favorite.

Adiantum Gracillimum. One of the finest foliaged and most graceful of all the Maiden Hairs. A very delicate, airy Fern. Price 15 cts.

Adiantum Bellum. A pretty dwarf, densely crested "Maiden Hair" Fern. Price 15 cts.

Pteris Serrulata Voluta. One of the most distinct varieties, the volute or curled appearance of the pinnae being very noticeable. The tips of pinnae are beautifully crested. Price 15 cts.

Lastrea Aristata Variegata. A beautiful yellow and green variegated variety. Price 15 cts.

Microlepia Hirta Cristata. One of the finest Ferns in cultivation to grow into specimen plants, and while it has such a delicate, graceful appearance as would lead one to think it useless as a house Fern, yet it is one of the best for this purpose. Price 15 cts.

Pteris Tremula, or *Shaking Fern.* One of the finest Ferns for house decoration, growing very rapidly and throwing up large handsome fronds. It makes magnificent specimens, filling a large pot in a short time. Easily grown and very popular. Price 15 cts.

Pteris Victoria. A most beautiful variegated variety. The foliage is neatly divided, the sterile fronds being much wider than fertile ones, thus giving the whole plant a most distinctive appearance. Fronds are of a rich green color, with beautiful silvery white variegation. Price 15 cts.

Polystichum Coreaceum. A low growing sort, forming a dense mass of light green foliage; extra good for Fern pans and Fern cases. When cut, the fronds of this sort have wonderful keeping qualities. Easily grown and fine for cutting. One of our most useful Ferns. Price 15 cts.

FUCHSIAS.

White Beauty. This is an elegant pot plant, being at all times covered with the single white and carmine blossoms. Price 10 cts.

Monarch. Enormous blooms; crimson sepals, violet-purple corolla; very double; strong growth, free flowering. Foliage is a pretty golden yellow color. Price 10 cts.

Autumn Leaves. Plant has a graceful, drooping habit, and the foliage is remarkably handsome, being of a mingled green, red, gold and bronze color, terminating in beautiful clusters of flowers. Color, tube and sepal rosy scarlet, corolla deep violet crimson. Price 10 cts.

Ct. de Hugues. This grand new Fuchsia has an enormous double corolla of bright rosy flesh color, veined with rose, with long sepals of clear bright carmine. It is an unusually good grower, and the build of the flower is fine and unusual. Price 10 cts.

Ballet Girl (new). One of the finest varieties ever introduced. Double, pure white corolla of the largest size, standing very wide open, tube and sepals bright scarlet. A very gracefully formed flower, while the plant is of fine habit. Will become very popular when better known. Price 25 cts.

Little Beauty. We have been trying to secure stock of this elegant variety, for some time. The name is no misnomer for it is the most prolific blooming Fuchsia, the entire plant being enveloped from top to bottom with the handsome flowers. While blooms are not extra large, yet the profusion is wonderful. Corolla is rich purple, while sepals are bright red.

Price 15 cts.

Gustave Nadeau (new.) A fine new variety. Flowers are double, royal purple in color and comes into profuse bloom on very small plants. This variety is noted for the great length of the corolla.

Phenomenal. This grand variety still remains at the head of the list for size of bloom. Plant is of dwarf habit and free blooming. Light red tube and sepals, with rich violet corolla of immense size. This grand variety is one of our best and should be in every collection.

Sapley Freres. A splendid erect grower with quite a distinctive foliage. Flowers very large and produced in great profusion. The very double corolla is of a rosy violet color, the long recurving sepals being of a bright coral red.

Trailing Queen. This Fuchsia is an entirely new departure, differing from all other large flowering varieties in its habit of growth, as it is a trailing vine. The flowers are borne in large, drooping clusters; buds, tubes and sepals being bright rosy scarlet; corolla, a deep, rich violet-purple, changing to a fine shade of crimson.

Mrs. E. G. Hill. This is one of the grandest Fuchsias we have ever grown. Unlike most of the double white Fuchsias, it is a robust, upright grower, not coarse, but compact and very symmetrical. The tube and sepals are a bright, reddish crimson; corolla pure white, extra large and double.

Black Prince. Tube and sepals bright waxy carmine color; sepals with pale green tips and large open pale pink corolla, margined with deep rose.

Sunray. Color of foliage as rich and clear as any tricolor Geranium. The leaves are of a bright crimson, white and bronzy green; corolla purple, sepals coral red.

Speciosa. A well known variety, producing large flowers two inches in length, tubes and sepals of which are bluish, the corolla crimson. Very free flowering.

Carl Halt. One of the most beautiful of all Fuchsias; sepals white; corolla crimson, striped with white. Fine for winter flowering.

HIBISCUS.

Peachblow (new). One of the finest plant novelties offered in recent years. The flowers are double, and from four to five inches in diameter, of a charming, rich, clear pink color, with a small deep crimson center, an entirely new and most beautiful shade. It is a continuous and abundant bloomer, and will give entire satisfaction either as a pot plant or bedding out, and when bedded out can be wintered in the house as a pot plant.

Price 15 cts.

We are very successful in sending plants by mail, yet where distance is not too great, we would recommend them sent by Express. Our plants are carried by the Express companies at 20 per cent reduction from regular merchandise rates, and we usually add enough extra plants to cover express charges.

GERANIUMS.

Cyclope (new). This fine new variety is the forerunner of a new race. The flowers are of a very large size, with a large center of a pure white, which shades by a network of crimson lines into the darker color of the flower, which is a beautiful deep carmine violet, the floret being of a beautifully perfect form. Price 25 cts.

Capt. Blomet (new). Color of this unique new variety is a brilliant orange scarlet, center dotted pure white. Strong, vigorous growth and free flowering. A most striking new variety. Price 25 cts.

Countess de Pillet Will (new). A beautiful combination of coloring seldom met with, florets having a broad, pure white border with a center of salmon pink. Elegant trusses composed of wide open, semi-double florets. Altogether a most distinct, new variety. Price 25 cts.

Trego (new). This new variety has proved to be a most magnificent bedder, while for pots it is unsurpassed. Enormous trusses of dazzling crimson-scarlet, borne on strong stems high above the foliage, make it a most striking variety. A strong, vigorous grower. Price 20 cts.

Comtesse de Chantemerle (new). A magnificent novelty of the Bruant race. Color is of an exquisite freshness, aurora-salmon, very clear at the center, shading out paler at the edges of the petals. It is a very free bloomer with truss and floret of the grandest size, its wonderful quality of continuous bloom, as large as a Hydrangea truss, being especially remarkable. Price 15 cts.

Precurseur (new). This is the first white of the strong, sturdy Bruant race. It is a strong grower, a very free bloomer, having fine trusses of single, white flowers of very large size and spreading form. Promises to lead all other white varieties for bedding. Has all the fine characteristics of the Bruant race. Price 15 cts.

M. Paul Blondeau (new). A very robust, compact, free growing variety. Very large trusses and florets (probably the largest among double Geraniums), borne on long, stiff stems. The flowers are semi-double, and open very beautifully, the color being a magnificent, pure, fresh, rose color. A splendid acquisition. Price 15 cts.

Richmond Beauty (new). A very brilliant scarlet-crimson, with large, white feathering on the two upper petals. Colors are very clear and striking, florets being of fine rounded form. Extraordinarily free blooming, being a mass of bloom at all times, and extremely showy. Price 15 cts.

Jean Rameau (new). A grandly built floret of fine size, semi-double, ground color pure white, suffused with rose and with an edge of deep carmine. This is one of the healthiest and strongest growers amongst the Aureoles. Price 10 cts.

Louis Francais (new). This is a splendid new variety. The flowers are enormous, borne on long, stiff stems well above the foliage, the plant having all the grand points of a perfect "Bruant" Geranium. Color is quite irresistible, the semi-double flower being of an exquisite pure rose color, tinted salmon. It is a splendid bedder, withstanding the hot sun remarkably well. Price 10 cts.

Double New Life. This remarkable novelty is still scarce. An entirely new departure in every way. The florets are of a brilliant red, and in the center of these appears a pure white floret, effecting a vivid and startling contrast which it is difficult to realize. Plants dwarf and floriferous. Price 15 cts.

Marquis de Castellane. This is a grand new Geranium of the vigorous Bruant type of growth. It is a shapely, dwarf grower with immense double flowers, about two and one-half inches in diameter. Color is two beautiful shades of red, petals undulating on the edges. Very beautiful and distinct. We recommend this variety highly. Price 10 cts.

Kleber (double). A very free grower and very free in bloom, with flowers held well above the foliage. Color, a dark violet, of a velvety texture, rich and striking. Form of floret is very fine. Price 15 cts.

Manteau de Feu (double). One of the grandest of the new introductions; of the richest color imaginable, dazzling velvety scarlet flowers of beautiful rippling form. It is very floriferous, so much so that flowers have to be kept pinched from young plants till they are fully established. Price 10 cts.

Mme. Goyeux. One of the prettiest of the double aureoles, because the colors are so very fresh, bright and clear. Color, light rosy pink with large, white blotch in center of flower; a delicate and beautiful color. A very free and vigorous bloomer. Price 10 cts.

La Fraicheur (double). White, with a narrow band of rosy pink around each petal, exactly like a Picotee. Absolutely novel and distinct, and one of the prettiest flowers we have seen for years; colors delightfully fresh and clear. Price 10 cts.

Dr. Despres. Large trusses, of very large, round, well-opened flowers of a variable color, sometimes bright violet with vermilion spots on the upper petals, and again bright blood red, brightened with violet spots, making a beautiful contrast. Semi-double. Price 15 cts.

* **Marvel.** A semi-dwarf compact grower, with clean, vigorous, healthy foliage; truss large and full, held well above the foliage; floret a model of size and form; color a dark red. Price 10 cts.

Benj. Schroeder. One of the best fancy, single, pink Geraniums. A beautiful, clear rose-pink with distinct white eye. Dwarf, compact habit, a most profuse bloomer. Price 10 cts.

* **Jean Viand.** Soft, pure pink; semi-double, with two white blotches. Dwarf, stocky grower, rigid stems, large trusses, perfect florets, a continuous bloomer, the plant being covered with flowers throughout the season; will rank with the best bedders of any color, it has an iron constitution, and withstands the rain and sun remarkably. Price 10 cts.

* **Clyde.** A single scarlet Geranium of the Bruant type. A sport from "Mrs E. G. Hill," in every respect like its parent, except color, which is pure scarlet of soft even shade. Floret is very large, borne in immense trusses fourteen to sixteen inches in circumference. Good bedder and pot plant. Price 10 cts.

Emanuel Arene. Double; one of the best novelties of the day. The floret is large and round, very fine, and of a pure rose color, with immense white eye. Both colors are very clear and pure, and are combined in the most showy way. Every flower lover ought to have this unique novelty. Price 15 cts.

Mme. Rozain. Purest white. Size of floret and truss and freedom all seem perfect. A fine variety. Price 10 cts.

* **Francis Perkins.** This we consider the finest, bright pink bedding Geranium to date for our climate. The plant is a strong, vigorous grower and a prolific bloomer; flowers are perfect in form and are borne well above the foliage on long footstalks; color a clear bright pink. It stands the sun admirably and for massing there is nothing that equals it in its color. Semi-double. Price 10 cts.

* **Alphonse Ricard.** Color, bright vermilion-scarlet, habit dwarf, very vigorous, truss very large, measuring from three to six inches in diameter. Large, semi-double floret, sometimes exceeding two inches in diameter. The trusses are on strong footstalks, and so freely produced as to nearly conceal the foliage. It is a constant bloomer from early in the season to late in the fall, almost every joint producing a flower stem. Extra for bedding. Price 10 cts.

* **Mme. Buchner.** An exceptionally vigorous grower. Trusses of very large size, borne in great profusion, high above the foliage. Color of the purest white. Price 10 cts.

Daybreak. An entirely new color in single Geraniums, being a beautiful light flesh, like "Day-break" Carnations; large trusses and grand foliage. Price 10 cts.

DOUBLE NEW LIFE.

MD. BRUANT.

brighter at the edges. Has the strong habit and constitution of the Bruant race.

* **S. A. Nutt.** A standard double dark red variety. Still one of the best.

* **Heteranthe** (Double Gen. Grant). A splendid bedder. The plant redounds in vigor; foliage is strong and striking. Color of the flower is a bright vermillion red.

Jacquerie, Single flowers of a magnificent shade of very dark crimson-scarlet, with unusually large florets of great depth. Very striking.

* **Sam Sloan** (single). Deep crimson-scarlet; trusses of immense size. Fine for house or pot culture, but its great merit lies in its wonderful blooming qualities when planted out.

Md. Bruant. A single variety wholly distinct from any other in cultivation. White, veined with carmine-lake, florets regularly bordered with bright solferino, the arrangement of color is exquisite, often intermingling and producing a striped effect. Price 10 cts.

* **John Doyle** (double). A vigorous grower, throwing its truss well up above the foliage, of enormous size, and of the richest bright scarlet. It is a phenomenal bloomer.

Price 10 cts.

* **Gen. Grant.** One of the best single scarlet varieties for bedding, vases, etc.

Price 10 cts.

* **Beaute Poitevine.** Very large semi-double florets of beautiful and distinct form, and borne in immense trusses; very free bloomer, and as a bedding variety it has no equal in its color, brilliant salmon,

BEDDING GERANIUMS.

We have marked with an (*) the best bedding Geraniums. We can furnish these varieties in quantities at \$1.00 per dozen from 3-inch pots. Prices of larger sizes on application.

LILLIPUTIAN GERANIUMS.

Little Pink. Nice dwarf habit about six inches high; color bright pink, with a distinct white eye. One of the nicest, prettiest little Geraniums imaginable. Astonishingly floriferous. Price 10 cts.

America. An ideal pot and bedding variety. Plants not one foot high, often having a dozen trusses of bloom at one time. Flowers quite unique, being white with salmon center when first opening, changing to various shades of salmon and rose. Price 10 cts.

Mars. A very dwarf free bloomer with handsome dark zoned leaf, flowers brilliant salmon pink at center, shading to a white at margin. Flowers produced in great profusion. Price 10 cts.

Merle Blanc. This is a valuable new introduction to this class. It is a fine bedder as well as pot plant being at all times covered with a profusion of the pure white double flowers. A very dwarf grower. Price 15 cts.

☞ One each of the four Lilliputian Geraniums for 35 cts., postpaid.

SCENTED GERANIUMS.

Fernaefoleum Odorata. A valuable and scarce sort, with very finely cut leaves, having much the appearance of a fern. Has a very fragrant odor, similar to Sweet Fern. Price 10 cts.

Mrs. Taylor. Rose fragrance, deep scarlet flowers. **Lemon.** Large leaf scented. **Rose.** Large leaf scented. **Nutmeg.** Small silky green leaves. **Birch Leaf.** Small leaf with birch fragrance. **Attar of Roses.** Leaf apple green, large and velvety. **Shrubland Pet.** Small light green leaves, very fragrant. **Skeleton.** Finely cut foliage. Price, any of above varieties, 10 cts. each.

Variegated Rose Scented. Pretty variegated white and green foliage, rose fragrance.

Price 15 cts.

FANCY LEAF GERANIUMS.

Mrs. Parker. In this fine variety recently introduced, we have a combined beauty in flowers and foliage not found in any other Geranium. Its leaves are deep green, with a broad margin of white; flowers perfectly double, bright pink. Splendid for house culture. Price 15 cts.

Silver Leaf Nutt (new). Unquestionably one of the most striking silver leaved Geraniums thus far originated. Foliage is very handsome, being a light green irregularly edged and notched with white. Add to this that in habit, flower and freedom of bloom, it is an exact counterpart of "S. A. Nutt," and we have a remarkable combination of good qualities. The handsome crimson flowers are of good size, and freely produced. We strongly recommend this variety. Price 15 cts.

Freak of Nature. A very unique variety with irregular center of white bordered by a broad band of pale green. The combination of white and green varies in different leaves, giving the plant a very pretty appearance. Price 15 cts.

Mrs. Pollock (golden tricolor). The ground color is a deep green, with a zone of bronze, crimson and scarlet, with margin of clear yellow. One of the best fancies. Price 15 cts.

Chieftain. One of the best of the bronze type; foliage

light golden, with a rich chocolate zone. **Happy Thought.** An entirely new style of leaf, having a large yellow blotch in the center of leaf, with an outer band of green.

Mountain of Snow. Leaf green, white margin; flowers scarlet. **Golden Band.** Gold margined; cherry colored flowers.

Cloth of Gold. Fine golden foliage. A fine window plant. **Snow Storm.** Bright green leaf with a very narrow margin of silver. **Md. Salleroi.** A distinct variety, with leaves from one to two inches in diameter; the center of olive green, with broad margins of white.

Crystal Palace Gem. Golden foliage; center of leaf bright green. One of the very best of the golden varieties; scarlet flowers. Fine for window. **Distinction.** Leaves are circular, and very dark green, having a narrow band of jet black near the margin.

Price, any of above varieties, 10 cts each.

IVY LEAF GERANIUMS.

Achievement (new). A grand English novelty, being a cross between the Ivy and Zonal class. It has the habit and texture of the Zonal with the form of the Ivy foliage. Color is a pure rose with white eye, immense in size, freely produced on long stems. Should be in every collection. Price 15 cts.

Col. Baden-Powell (new). The grandest variety since "Souv. de Chas. Turner," and destined to be as universally popular. The flower is most striking, being of enormous size, the largest amongst Ivies. It is semi-double and of elegant showy form, the color varying at times from pearl white to soft blush, exquisitely beautiful. A fine grower and free bloomer. Price 20 cts.

Mrs. J. G. Day (new). Of an intense glowing shade of rosy crimson, this elegant new variety is very free blooming. It has a robust, thick glossy foliage and this with the size of blossom, length of stem and free growth, together with its high color, all make it a remarkable variety. The form and doubleness is as perfect as in the best Zonals. Price 15 cts.

Etincelant (new). This fine new variety is a strong grower and free bloomer. Color is a pure warm scarlet. Should be in every collection. Price 10 cts.

The Bride (new). Quite a distinct novelty. The flower is very double and produced in large sized trusses. Color is a pure white shading blush at the center. A free bloomer. Price 10 cts.

Mrs. H. T. Wooderson. Identical with "Chas. Turner" except color, which is much deeper and more showy shade, an improvement on "Chas. Turner" and sure to become a favorite. Price 15 cts.

L'Elegante (new). An extremely pretty variety, of bright green foliage, with broad band of creamy white, often margined with pink; blossoms pure white. Price 10 cts.

Souv. Chas. Turner. One of the handsomest double Ivy Geraniums ever introduced. Florets two and one-half inches, in trusses six inches across. The color is a bright pink, approaching scarlet; the upper petals feathered maroon. Price 10 cts.

Joan of Arc. This is one of the most charming plants, the flowers being perfectly double and white as snow. The foliage is extremely handsome, the dense, glossy green leaves making a most effective background for clusters of ivory-white flowers. Price 10 cts.

La Rosaire. Flowers very large and perfectly double, making a lovely rosette in shape; color of the most delicate pink shade and exceedingly attractive. Price 15 cts.

EATON CO., MICH., May 17, 1903.—*L. P. Butler & Co.* Gentlemen: Last year I sent to you for plants and received some nice ones and they did well. Yours truly, MARY ETTA OTIS.

AUGUSTA, ME., April 2, 1903.—*L. P. Butler & Co.* Dear Sirs: We received the plants, bulbs and seeds in fine condition and am much pleased with them, and thank you very much for the extras sent. Yours respectfully, MRS. GEO. WINTER.

MRS. PARKER.

PELARGONIUMS (Lady Washington Geraniums.)

H. M. STANLEY.

Crimson King (new). A strong, healthy grower, and very free bloomer. Color is a magnificent intense crimson. A remarkably "taking" new variety. Price 25 cts.

Alfred Henderson (new). A beautiful variety, bearing large trusses of rich, lavender pink flowers, the lower petals marked rich maroon. The coloring is almost identical with a handsome species of orchid. Plant is a free and vigorous grower, and a very prolific bloomer. Price 25 cts.

Victor. Color of upper petals almost a black, and very velvety; lower ones a bright lively crimson; center pure white; florets extremely large and very showy. The finest of its class. Price 20 cts.

Md. Pape Carpenter. This rare new sort is the only really double one we have ever seen. The flowers are simply magnificent, being very large and "fluffy" and pure white in color. Price 25 cts.

Sandiford's Best. A beautiful shade of pink surrounded with a broad band of white; large white throat. Very free flowering with large round trusses. A beauty. Price 35 cts.

Mrs. Layal (Pansy). A very dwarf, shapely, compact grower, with vigorous, healthy foliage. It is a very free bloomer, bearing the pretty pansy-like flowers in great profusion. Price 15 cts.

H. M. Stanley. Lower petals soft carmine, upper petals deeper with a maroon blotch. Flowers produced freely. A magnificent variety. Price 25 cts.

Mrs. Robt. Sandiford. A grand white variety, flowers of large size, beautifully ruffled, called double white from the crimped and fluffy appearance of the flower, which has also an extra petal, readily allowing it to pass for a double white bloom. A strong, vigorous grower. Price 25 cts.

Apple Blossom. One of the finest blooming house plants in our entire list. People never tire of this, the freest flowering of all the Pelargoniums. Flowers, shades of pink and white, and slightly frilled. It flowers from eight to ten months of the year, and when at its best, the flowers are so profuse they nearly hide the foliage, being one mass of pink and white. Price 20 cts.

Favorite. An exceedingly strong, bushy grower, and a very free bloomer. Color a beautiful clear rose blotched maroon on the upper petals. Price 15 cts.

PRIMROSES.

Obconica, Japanese Primrose. A lovely perpetual blooming Primrose, needing about same culture as the Chinese varieties. The flowers are borne profusely, in trusses, on long stems, color white, delicately tinted rosy lilac. Of easy culture, thriving with little care and attention. The blooming qualities are wonderful, in full flower from October to August, fully nine months in the year, producing twice the quantity of flowers of any plant with which we are acquainted. Can be planted in open ground in summer and potted again in fall. Price 15 cts.; larger, 20 cts.

Chinese Primrose, Single. One of the most desirable winter blooming plants, flowering during the winter and spring months. Choice fringed varieties in many colors. Primroses prefer rather cool treatment and need but little sun, even doing finely in a north window. Price 15 cts.; 2 for 25 cts.; larger size, 20 cts. each.

GARLAND ME., MAY 23, 1903.—*L. P. Butler & Co.*
Dear Sirs: The plants came in splendid condition, not wilted in the least. Many thanks for the extra.

Respectfully, MRS. C. A. FAWSETTE.

OBCONICA PRIMROSE.

PALMS AND ORNAMENTAL PLANTS.

Kentia. These are one of the most easily grown and satisfactory of the Palm family. They are very hardy and are not easily affected by changes in temperature, and its stiff, glossy leaves enable it to stand the dry hot air of the living room without injury. It is very graceful, and justly a very popular variety. Price 35 cts., 75 cts., \$1.25 and upwards, according to size.

Ficus Elastica, India Rubber Tree. One of the best plants for table or parlor decoration; its thick, leathery leaves enable it to stand excessive heat and dryness, while its deep glossy green color always presents a cheerful aspect. Will stand lots of abuse and still retain freshness. The plants we offer are in fine condition. Price \$1.00 and \$1.50 each.

Phrynium Variegatum. Leaves bright pale green, beautifully variegated with white and gold. No two leaves are variegated exactly alike, the markings being extremely diversified. It is very free growing and one of the most ornamental plants imaginable. As a bedding plant, it is simply elegant, making a specimen which for ornamental foliage has no equal. Also fine as a pot plant. Price 15 cts.

Livistona Rotundifolia. One of the prettiest of Palms, especially suited for table decoration. Price 35 cts.

Dracæna Indivisa, Dragon Tree. One of the most desirable of our ornamental foliage plants for decoration, either in or out doors. Its fine foliage renders it very useful for the window garden, planted as a center piece in a rustic stand, jardiniere, or window box, or for summer decoration in vases and ornamental beds; also well adapted for centers of vases and baskets. Price 20 cts. and 40 cts.

DRACÆNA INDIVISA.

Cocos Weddeliana. This is a dainty, graceful small growing Palm, making a perfect miniature Palm of exquisite form. Splendidly adapted for the center of jardiniere and fern dishes as well as specimens.

Price 35 cts. and 75 cts.

Latania Barbonica. A splendid hardy, strong growing Palm, whose quick growth and ability to stand the sun adapts it for our door decorative purposes, for verandas, vases, etc., as well as for house decoration. A Palm which will prove most satisfactory in every respect. This is also called the "Fan Palm."

Price 30 cts., 75 cts. and \$1.25.

Phoenix Reclinata. Of robust growth and graceful habit. A Palm which will thrive under more adverse circumstances than any other; especially desirable for vases, as it will stand hot sun, and is also very desirable for indoor decoration.

Price 30 cts. and 75 cts.

Araucaria Excelsa, Norfolk Island Pine. As a decorative plant this is one of the handsomest and most serviceable. Its deep green, feathery foliage arranged in whorls, rising one above the other at regular distances, forms a plant of rare grace and beauty. This is also called the "Monkey Puzzle Tree" These cannot be sent by mail.

Price \$1.00 each,

KENTIA.

Dracæna Godsefiana, Gold Dust Dracæna. Bears but little resemblance to ordinary Dracænas. Foliage is bright green, deeply polished, heavily spotted and splashed with creamy white or light yellow. Grows in a compact bushy form, throwing out wiry stems covered with the thick glossy leaves. A very distinct and remarkable decorative plant. Price 35 cts.

COCOS WEDDELIANA.

Aspidistra Lurida Variegata. This is the most durable plant grown for indoor decoration. It will grow and do well under conditions that would be sure death to many other plants. Leaves are thick and leathery in texture, of a dark green color, beautifully striped with creamy white, of irregular widths running the whole length of the leaves.

Price, specimen plants, \$1.25; small plants, 35 cts.

Anthericum Vitatum, Folia Variegata. A beautiful plant with recurved graceful foliage, which attains a growth of about three feet. The leaves are dark green, beautifully marked with broad stripes and bands of creamy white color. Fine for edgings, borders, or for ornamental foliage plants.

Price 15 cts. and 30 cts.

VERBENAS.

Verbenas being a leading specialty, we have selected from a large collection the following varieties, which combine the best bedding qualities, and embrace the greatest variety of color, which cannot fail to give satisfaction to all. We also have in stock many kinds not on the list.

Beauty of Oxford. Dark pink, mammoth flower, extra fine. **Fire Ball.** Dazzling scarlet, white eye. **Banner.** Pink and white striped. **Loadstar.** Lavender, very fine. **Mrs. McKinley.** The finest mammoth pure white. **Negro.** Nearly black, very fine. **Pink Beauty.** Delicate pink, white eye. **Turquois.** Beautiful blue, large eye. **Climaxer.** Extra large scarlet. **Perfection.** Pure solid pink.

Price, customer's selection, 8 cts. each, 75 cts. per doz.; our selection of best sorts, only 6 cts. each, 60 cts. per doz.; fine seedlings, mixed, 50 cts. per doz. Verbenas cannot be sent by mail after May 15. While we shall fill all orders for Verbenas in full as far as possible, we reserve the right to substitute good kinds in place of any of which we may be out.

Lemon Verbena, Aloysia Citriodora. Indispensable for fragrance of its leaves. Price 10 cts.

ASTER PLANTS (Pot Grown).

Every year we sell large quantities of this popular flower to those who do not care to bother with seed. Our plants are all grown in pots and from the choicest seed, and are large, thrifty plants, not to be compared to the small plants with small roots sold so cheaply by some parties. Ready for shipment after April 15th. For full description of each sort see Seed Department.

Purity. Pure, glistening white. **Daybreak.** Shell pink, fine. **Giant Comet.** White, pink, blue, mixed. **Mary Semple.** Pale pink; **Lavender Queen,** pale lavender; **Semple's White,** Purple or Mixed. **Truffant's Perfection.** Bright Pink, Purple, Pure White, Glowing Crimson or Mixed. **Fancy.** In many colors and kinds. **Mignon.** Pure white and mixed. **Ostrich Plume.** Beautiful, new, "fluffy" Aster, White or Pink.

Price, any of above varieties, strong pot plants, 40 cts. per doz.

SALVIA SPLENDENS (Scarlet Sage).

Silverspot. This handsome variety is neat and compact in growth, with rich dark green leaves elegantly spotted with light sulphur or cream color. The intense bright scarlet flowers are large and borne in great profusion, standing well above the foliage. The unique and elegant foliage gives the whole plant a most charming appearance.

Little Lord Fauntleroy. This new variety grows only eighteen inches high from the ground to the tips of the flower spikes, while the foliage rises no more than 10 inches from the ground, the eight-inch flower spikes standing erect and clear above the handsome dark green leaves. The plant is very compact and bushy. Nothing could be more striking than this fine new *Salvia* either in beds or in masses.

Chretien. This is the earliest variety yet produced, beginning to bloom early in July. Has grand panicles of bloom, and its size, bright scarlet color, and earliness will probably cause it to supplant the older standard later varieties. Grown in masses it is magnificent.

Cloth of Gold. Has a beautiful golden color with bright scarlet flowers. Fine for contrast in bedding.

Price, any of above varieties 10 cts. each; 3 for 25 cts.; 75 cts. per doz.

Audubon (new). This handsome golden variegated form is entirely distinct from all others and should prove a gem not only for bedding, but for window boxes and ornamental plants for window garden and conservatory. The deep green foliage is freely and irregularly mottled and blotched with creamy yellow, deepening to rich bright yellow.

Price 15 cts.

SALVIA SPLENDENS SILVERSPOT.

If you want a most brilliant display for your garden or lawn, try a few plants of *Salvias*. We sell more and more of these for bedding every year.

HYDRANGEAS.

Monstrosa. One of the most valuable new plants that has been introduced in years. The trusses of flowers are of enormous size, even on very small plants. Color, intense deep rose. Plant a strong free grower and remarkably free in bloom. With its clear, solid pink color and immense blooms, this variety easily stands as the grandest of all *Hydrangeas*. Price, small plants, 20 cts.; larger, 50 cts. and 75 cts.

Thomas Hogg. Another Japan production. A pure white variety of the old garden "*Hydrangea*," being identical with it except in color, which is of purest white. Hardy at North if protected with boughs; very fine for pot culture. Price 15 cts.; larger, 25 and 40 cts.

Red Branched. This is one of the finest varieties in cultivation, with dark red branches that brighten as they near the flower trusses. The plant produces freely immense heads of deep rose colored flowers. Price 15 cts.

HYDRANGEA OTAKSA.

Hortensia Mariessii (new). One of the most distinct and effective varieties yet introduced. This new Japanese variety is remarkable for the large size and distinct color of its sterile flowers which are fully three inches across and of a light pink color tinted mauve. Price 15 cts.

Souv. de Claire (new). Another new Japanese variety, dwarf in habit and growth and very free in bloom. Color, pink. Plant grows very shapely and bushy. Price 15 cts.

Otaksa. A magnificent flowering shrub, with immense trusses of flowers, frequently twelve inches across; color, bright rosy pink, contrasting finely with other sorts. The plant is of low, bushy growth, and should have a covering of straw, leaves or evergreen branches during the winter in northern climates. The low, sturdy growth, together with its immense blooms and beautiful foliage, makes it the most desirable of all to grow in pots, tubs or vases for summer decoration; can be wintered in cellar.

Price 15 cts.; large 40 cts. and 60 cts.

Paniculata Grandiflora (Hardy Hydrangea). See Shrub Department.

SPECIMEN HYDRANGEAS.

We can furnish large size of any of above varieties, suitable for lawn or veranda ornament at 35, 50, 75 cts. or \$1.00 each, according to size.

ASPARAGUS.

ASPARAGUS SPRENGERI.

Tenuissimus. A beautiful species of climbing habit. Remarkable for the extreme delicacy of its foliage. A fine decorative plant. Price 15 cts.

Decumbens, Silver Asparagus (new). This handsome new species is a fit companion to "Sprengeri." Has very light, feathery fronds of a beautiful silvery gray in color. These drooping over the sides of the pot in graceful festoons, make a hanging plant of great beauty. A strong, healthy grower. A plant which is bound to become very popular. Price 20 cts., larger, 35 cts.

One each of *Asparagus Sprengeri*, *Tenuissimus* and *Decumbens* for 40 cts., postpaid.

Our plants and seeds need no introduction to old customers, but to those who have never tried them we would call their attention to the many entirely unsolicited testimonials scattered through the catalogue. We think that these show that our goods are giving pretty general satisfaction. We ask those who are not receiving satisfaction from cheap plants and seeds to try ours.

VIOLETS.

Lady Hume Campbell.

This is a distinct and lovely new Violet that has become one of the most popular double varieties among florists, thousands of them now being grown for cut flowers. Among the doubles it is beyond question the best for amateur culture, for the reason that it excels all others in strong, healthy growth, and it will produce under ordinary conditions, a wonderful abundance of flowers. The flowers are perfectly double, with most delightful violet fragrance.

Princess of Wales.

Claimed to be the finest Violet yet introduced. The flowers are single, and so large they will sometimes cover a silver dollar; they are borne in great profusion on stems ten to twelve inches high all through the season. The color is true violet blue.

Swanley White. A great favorite. Grown in pots or boxes, it is a beautiful sight; vigorous and healthy, bearing in profusion pure white, perfectly double flowers, exquisitely fragrant.

Giant California. The plant is a robust grower, with a dense, heavy foliage, free from disease. Flowers are very large, single and intensely fragrant, the color being a clear violet blue that does not fade, and borne on extra long stems, which gives them an added value for cutting.

LADY HUME CAMPBELL.

The above comprise the four best varieties for the amateur. Price 10 cts. each; 3 for 25 cts.; 12 for 75 cts.

PETUNIAS.

Mrs. Morton. A splendid stocky, bushy grower. Flowers snow white, finely fringed, and very airy and graceful in appearance.

Price 15 cts.

Gen. Otis. A very vigorous, healthy grower, and very profuse bloomer. The large flowers are finely fringed, color being pure white blotched deeply at center, with dark rose shading out to light pink and white.

Price 10 cts.

Pink Beauty. This lovely variety has been very popular with our customers. Very profuse bloomer; color, sometimes a fine clear pink, and again will have a ruffled white edge.

Price 10 cts.

Single Seedlings grown from our choicest seed; rich mixture of colors.

Price 50 cts. per doz.

☞ We have other varieties not listed above for lack of space, but will send a collection of three for 25 cts., or seven, all different colors, for 50 cts. postpaid.

TENDER VINES AND BASKET PLANTS.

The following vines are for house culture or summer planting—not hardy.

ALYSSUM, DEL. TOM THUMB.

gold deepens at the tip of the sprays, and there is nothing finer to combine with bouquets; also quite hardy in open ground.

Nasturtium, New Double Yellow. A very striking, double flowering trailing plant especially adapted for vases, window boxes, hanging baskets, rustic boxes and rock work, any place where trailing plants can be used it is indispensable. A free and vigorous grower and continues to bloom the entire summer; the flowers are three inches or more in diameter and are perfectly double of a bright yellow with a rich crimson feathered blotch at the base of each petal. This has proved very popular with everyone who has tried it.

Nasturtium, Double Crimson. Same as above only rich crimson in color.

Phoebe. A most attractive scented variety, producing flowers throughout the winter and summer season, of a deep golden yellow, with a rich, crimson-feathered blotch in each segment, outer edges notched or scalloped, the whole formed into an exquisitely shaped blossom. A free vigorous grower. When in the height of its perfection, strings of growth eight to ten feet long, resplendent with its parti-colored flowers, can be cut for decoration. Price either of above varieties of Nasturtiums, 10 cts. each.; 3 for 25 cts., 12 for 60 cts. No seed to offer.

NASTURTIIUM, PHOEBE.

Asparagus. See page 32.

Alyssum, Mammoth. The finest of all large growing Alyssums. Small plants planted in open ground will make immense clumps for summer cut flowers. Also grand as a pot or vase plant; flowers white, semi-double, of twice the size in truss and floret of any sort we have ever seen. Its long, strong stem makes it very fine for cut flowers. First-class for summer or winter use.

Price 10 cts.; 4 for 25 cts.

Alyssum, Double Tom Thumb. This variety has the same dwarf habit as the single, but its trusses are much longer and the florets double. The double flowers hold on so long that the plant is always in bloom, never having that ragged and unattractive appearance of old varieties when out of flower. Price 10 cts.; 4 for 25 cts. Either of above sorts, 60 cts. per doz.

Smilax, Myrsiphyllum Asparagoides. A climbing plant unsurpassed in the graceful beauty of its foliage; valuable for bouquets and decorations. Price 10 cts.

English Ivy. Too well known to need description. Price 10 cts.

Honeysuckle, Golden Leaved. Marvelously effective. It bears immense sprays of the most perfect little leaves that are covered with a net work of gold and green, often marked with pink also. The Price 15 cts.

Weeping Lantana Mrs. McKinley. A splendid new introduction. With its long leafy vines hanging over the sides of a pot or basket and covered with innumerable rosy lilac flowers, it is a handsome sight. The flowers are borne in clusters, and being of a particularly charming color attract universal attention. It blooms quickly in small pots, and being of such easy culture is bound to become very popular. We particularly recommend this plant as being most satisfactory for vases, baskets or pots. Price 10 cts.

Mesembryanthemum, Grandiflora Alba. New, large flowering, pure white wax plant, of a trailing habit, and especially fine for hanging pots or baskets. The blossoms are very large. Price 10 cts.

Mesembryanthemum, Wax Plant, or Rock Pink. Curious succulent plant, similar foliage and flower to above. Flowers pink. Price 10 cts.

Saxifraga Sarmentosa. The well known basket plant, better known as "Strawberry Geranium." Ornamental foliage. Price 10 cts.

Vinca, Variegata. Rapid grower, leaves glossy green, margined with white. Price 10 cts.

WEeping LANTANA.

LOTUS PELYOIRENSIS.

Lotus Pelyorensis, Coral Gem. The slender branching habit is most striking, and the silvery foliage even more so. Without its flowers it might almost be described as a "Silvery Asparagus." The bright coral-red flowers, measuring two inches in length, are really beautiful, its drooping habit also makes it useful for hanging baskets. Price 10 cts.

Hoya Carnosa, Wax Plant. Has thick, fleshy leaves growing moderately fast and bearing umbels of beautiful flesh-colored waxy flowers. Price 15 cts.

Manettia Vine. In the house it can be trained all around a window, and will bloom both summer and winter. In the garden its charming beauty surpasses everything. Flowers intense scarlet tipped with yellow, each flower keeping perfect over a month before fading. Price 10 cts.

Passion Vine, Constance Elliot. This beautiful variety is hardy with slight protection. A climbing plant rivalling some of the Clematis in size, color and profusion of bloom, and surpasses them in vigor of growth and delicate fragrance. Pure ivory white in color. Price 10 cts.

Cobea Scandens. A well known climbing plant of very rapid growth and having large blue bell-shaped flowers. Used for which its rapid growth makes it valuable. Price 15 cts.

for covering trellises and unsightly places, for which its rapid growth makes it valuable. Price 15 cts.

Cuphea Platycentra, Cigar Plant. The tube of the flower is scarlet, with the end part white and crimson, having somewhat the appearance of a miniature lighted cigar. Price 10 cts.

Glechoma Hederacea var., Nepeta. A variegated form of the common ground Ivy, which is prettily marked with pure white and a bright green ground. It is hardy and of vigorous growth; the leaves of this form have a refreshing fragrance similar to Mint. Price 10 cts. each; 3 for 25 cts.

Ivy German or Parlor. A well known rapid climber; for pot culture or vases. Price 10 cts.

Jasmine Grandiflorum, Catalonian Jasmine. A winter flowering plant, blooming continuously from October to May. The flowers are pure white, deliciously fragrant. Price 15 cts.

NEW YORK, June 17, 1903.—L. P. Butler & Co. Gentlemen: I acknowledge the receipt of the plants this morning in first-class condition, and I thank you for extra sent.

Very truly yours,

M. J. WHALEY.

MISCELLANEOUS.

Azalea. Elegant pot plants, much used for Easter decorations. The flowers are large and very beautiful, always much admired, and range from white to deep crimson in color, with all intermediate shades and markings. Easily grown in any window. Our plants are fine ones; all 5, 6 and 7-inch pots, well branched and full of buds. Price \$1.00; extra sizes, \$1.25 to \$1.50.

Agapanthus Umbellatus, Lily of the Nile. This is a splendid ornamental plant, bearing large clusters of blue flowers on long flower stalks, and lasting a long time in bloom. There is no finer plant than this for outdoor decoration, planted in large pots or tubs on the lawn, terrace or piazza. It does well in the house or greenhouse in winter, requiring but slight protection. Price 25 and 40 cts.

CACTUS QUEEN OF THE NIGHT.

Farfugium Grande. A low growing foliage plant, remarkable for its shiny, dark green, leathery foliage, which is irregularly blotched and spotted with bright yellow, and sometimes with white and rose. Easily grown, and a native of China; not a new plant, but not as well known as it should be, as it is a splendid window plant. Give plenty of water when in growing condition. Price 25 cts.

Forget-me-not, Perfection. This is the great winter sort, being grown extensively for cut flowers in all parts of the country. If treated the same as Violets will produce a profusion of lovely sky blue flowers all winter. Price 10 cts.; 3 for 25 cts.

Feverfew, Little Gem. The great value of the old "Dwarf Feverfew" for cut flowers during the summer and fall is well known to florists and others. This variety which we now offer surpasses it in every way. It is very dwarf, attaining a height of only twelve inches. The flowers are larger, of more perfect form and of the purest white.

Stevia, Nana. An improvement on "Stevia Compacta;" similar in every respect except in height, which is considerably less than the old variety, which makes it more desirable. This variety is much used by florists, furnishing an abundance of fine white flowers at Christmas time. Price 10 cts.

Cactus, Queen of the Night. The most magnificent of all the Cacti, flowers very large and exceedingly fragrant, opening after sunset. Color a handsome showy white and yellow. A variety which will surely please everyone. Price 15 cts.

Cactus, Lobster. A beautiful variety of cactus with bright scarlet flowers of large size and unusually bright and showy. Takes its name from resemblance of plant to the claws of a lobster. Price 15 cts.

Calla, Godfrey. One of the most refined and beautiful types of the whole Arum family. Flowers as white as snow, very smooth and velvety in texture and of perfect form. This splendid Calla is extremely free in blooming. In our houses last winter, this new variety gave us double the number of blooms as did the old standard "Ethiopia." Added to this they bloom very early, and are dwarf, bushy growers. Price 20 cts. each; large plants 50 cts.

Cyclamen, Persicum Gigantum. Flowers of very large size; an improvement on older sort. An extra fine strain; two colors, red and white; fine plants. Price 20 and 30 cts.

Coleus. We have a fine assortment of the most showy and distinct varieties. Can furnish the best varieties either for bedding or for fancy coloring. Price 10 cts.; 3 for 25, 6 for 40; 12 for 75 cts.

FARFUGIUM GRANDE.

Price 10 cts.; 3 for 25 cts.; 12 for 75 cts.

Daisy, Giant White or Mammoth Paris Daisy. A new, large flowering, semi-double variety of the true "Marguerite" of the Paris markets; large, pure white flowers; three inches in diameter, with a double row of petals surrounding the golden yellow disc. It is a vast improvement, in size of flower, on the old "Marguerite," being twice as large and more numerous petals; lasting longer. Price 10 cts.

Daisy, Snow Crest. Double white English Daisy. A more distinct variety and an improvement on all existing sorts. Its habit of growth and size of flowers, in comparison with older varieties, is gigantic. The flowers which are borne on stout, stiff stems from six to ten inches long, are of the purest white and full to the center. When fully developed they rise to a conical or sugar-loaf form, and well grown specimens will cover a silver dollar. It makes an admirable hardy garden plant or may be forced for cut flowers under the same treatment as Violets. Price 10 cts.

Maranta Zebrina. A very beautiful foliage plant, fine glossy leaves of a bright green. Elegantly blotched with a dark bronze green. A plant of remarkable beauty. Does best in partially shaded location. Price 15 and 25 cts.

Orange, Otaheite. It is not an uncommon thing to see little cutting plants five or six inches in height, full of bloom, and even bearing one or two medium-sized oranges. The fruit at their best are not more than half the size of an ordinary orange, but are very bright and beautiful in color and delicious in quality; but it is for its flowers more than its fruit which commends it to general cultivation. When it blooms it is so full that it seems to be all flowers. The pure waxy white blossoms emit a delicate, yet powerful fragrance; surpassed by no other flower. Price, 1-year plants, 20 cts.; 2-year plants in fruit or blossom, 50 and 75 cts. each.

Pilea, Artillery Plant. Unique plants with graceful fern-like leaves. Very pretty for vases or baskets, or for edging to flower beds. Price 10 cts.

Ruellia, Makoyana. This new plant forms a graceful, branching subject, one of the principal attractions of which is a beautiful velvety foliage, with the upper surface of a rich olive green, shading to purple, relieved with prominent silvery-white midrib and veins. The under side, however, is a bright purplish wine color. It is one of the most brilliant flowering plants. Price 10 cts.

Velvet Plant. This seems a very appropriate name for this beautiful plant. The leaves and stems are entirely covered with purple down, which gives the whole plant a very rich velvety appearance. Any change of position seems to alter the color of the foliage, which is always taken to be artificial by most people, until closely examined, so rich is its color. Growing in a compact bushy form, it makes a splendid pot plant. Very easily grown. Price 15 cts.

Strobilanthes, Dyerianus. The undulation on the surface of the foliage is furnished with a bluish metallic hue, shading into light rose with a light green margin. It surpasses the finest Coleus or Begonia in the exquisite coloring of the leaves, besides which the racemes of violet blossoms with which the plant is covered in mid-winter greatly enhances its beauty. Price 10 cts.

Sanseveria, Zealanica. A beautiful plant, splendidly adapted for the decoration of drawing-rooms and halls, as it stands drought and dust with impunity. The leaves grow to a length of three to four feet, and are beautifully striped crosswise with broad, white variegations on a dark green ground. It is a rare and beautiful plant which should be abundantly grown for positions out of the reach of sunlight where other plants will not thrive. Price 10 cts.; larger, 25 cts.

VELVET PLANT.

Swainsonia, Galegifolia Alba. Pure white. Desirable ever-blooming plant with flowers produced in sprays from twelve to twenty flowers each, the individual blooms resembling a Sweet Pea. A fine decorative plant for the window or conservatory. Its easy culture, growing in almost any light position, its freedom of bloom, rarely ever being out of bloom, and the grace and beauty of the flower and plant will make this one of the most popular plants in cultivation. Price 10 cts.

Swainsonia, Elegans. Same as above in every respect, except color of flowers which is a rich wine color. Price 10 cts.

Genista Racemosa, Golden Shower. A beautiful yellow flowering, shrubby plant, flowering so freely as to literally cover the plant with its rich, golden flowers, hence the name "Golden Shower." Grown in large quantities by florists for Easter decoration, Price 10 cts.; larger, 25 and 50 cts.

MARANTA ZEBRINA.

Justicia, Velutina. This new dwarf Justicia begins to bloom when the plant has only three or four leaves, and is never out of flower afterward. If pinched back occasionally it makes a very dwarf, stocky plant, frequently covered with twenty to fifty large pink flower-heads, lasting a long time. The foliage is also most persistent and highly ornamental, being heavy in texture and very velvety. Price 15 cts.

Lobelia. A bushy, free flowering plant, very nice as a basket or for edges of vases and window boxes; flowers blue. Does best in partially shaded location. Price 10 cts.

Lemon, Ponderosa or American Wonder. This is truly a wonder. The handsome plants grow quite rapidly, making pretty shapely plants which produce exceedingly handsome lemons, which can be used the same as ordinary lemons. The dark green foliage is very large and handsome, and the pure, waxy flowers with yellow stamens are nearly as fragrant as orange blossoms. The fruit which succeeds the blossoms is truly immense in size. Price 20 cts.; larger plants in fruit or blossom, 50 cts. each.

IMPATIENS PLANT.

Platypetala Alba (new). Our sales of the Impatiens plant has always been very large but we, this year, have the pleasure of offering a fine new distinct variety. The flowers are larger than the old kinds, the color being a pure snow white, with a crimson spot like a drop of blood in the center. Always in bloom and a fine grower. Be sure and try this fine novelty. Price 15 cts.

Sultani (sometimes called "Patience Plant"). Of compact, neat habit of growth, with good constitution, and a perpetual bloomer. The flowers are of a brilliant rosy scarlet, peculiarly distinct, about one and one-half inches in diameter, and are produced from the axil of the leaves, especially toward the summit of the stems, so freely that a well grown specimen appears to be quite a ball of fire. Price 10 cts.

Queen Carola. For a blooming plant that will flower the full 365 days in the year, and thrive well as a window plant, none equal the well known "Impatiens Sultani." This new sort is identical in growth and free blooming quality, but having flowers in color a beautiful salmon, suffused with rose, base of lower petals blotched white, stamens and pistils garnet and purple. Price 10 cts.

Ruby. Same as above, except color, which is very much darker shade than "Sultani" and fully as free flowering. Price 10 cts.

HARDY PERENNIALS.

This class of plants is receiving more and more attention each year, and deservedly so, for their ease of culture, permanency and wealth of bloom appeals to a large class who desire masses of flowers for the minimum of care and attention. Each year they continue to bloom with added beauty, and by a judicious selection you can have the most varied of nature's floral productions during the entire season. All the varieties which we list are of the easiest culture and after once planted require no further attention than annual liberal enrichment, but however most varieties are benefited by being divided about once in every three or four years and the divisions reset.

Daisy, New Shasta. This valuable new introduction is extremely hardy, blooming better and more abundantly each season as it grows older. The flowers are extremely large and graceful, averaging about four inches in diameter, with petals of glistening snowy whiteness, borne on long, stiff, wiry stems. The blooms, when cut, remain fresh and in good condition for two weeks or more. This grand variety should not be confounded with the common field Daisy, as there is no comparison. Our cut shows the comparative size of this magnificent new "Shasta Daisy" and the common Daisy. This grand flower is destined to wide-spread popularity, being as it is of such easy culture, marvelously free blooming and giving such beautiful decorative effects. Price 15 cts.

Platycodon Grandiflorum. One of the very best perennial plants; in constant flower from early spring to late fall. It forms dense clumps which are covered with a mass of bell-shaped flowers. Fine for cemetery, for garden or for cutting. Roots are hardy as a Pæony. Price 15 cts.

SHASTA DAISY.

Primrose, Giant Hardy. This is one of the good new things that occasionally turn up by chance. In size of flower, it is fully three times as large as any other hardy Primrose, the average size of the flower being over one inch across with individual trusses of bloom six inches in diameter. It is hardy, growing from ten to twelve inches high, and begins to flower earlier and continues to bloom longer than any other plant of the same family. Should become very popular. Price 15 cts.

Pæonies. These beautiful hardy flowers have been wonderfully improved during the past few years and are beginning to receive the attention they so richly deserve. No plant will yield so rich a return for so little care as the beautiful garden favorites. Planted in masses or singly they make a rich effect. After once planted they need no further care than occasional cultivation and a good mulch of manure in the fall. Perfectly hardy everywhere. Three colors, pink, white and crimson.

Price 25 cts. each.

Lysimachia Clethroides, Loose Strife. A fine hardy plant growing about 2 feet high with long dense recurved spikes of pure white flowers from July to September. Price 15 cts.

Physostegia Virginica, False Dragon Head. One of the most beautiful of our midsummer flowering perennials. Forms a dense bush, 3 to 4 feet high bearing spikes of delicate flowers of a bright but soft pink. Price 15 cts.

Irish Kæmpferii, Japanese Iris. These are among the most beautiful of hardy plants and cannot fail to please the most fastidious. Their peculiar and quaint markings can be better imagined than described. They are exceedingly showy and last a long time in bloom. Some are self-colored, while others are marbled and tinted with different shades. The race is perfectly hardy and very easily grown. They require a good rich soil. White, white tinted lavender, blue, etc. Price each, 15 cts.

IRIS KÆMPFERII.

be expected to produce many of the beautiful shades of color that are found in other classes of this popular plant. Price, in fine mixed colors, large transplanted plants, 50 cts. per dozen, express only; smaller for mailing, 50 cts. per doz., postpaid; seed, 10 cts.

Pansy, Bugnot's Superb. This is the most famous of all the fancy strains, being blotched, stained and veined in unsurpassable beauty and variety of coloring. Our strain is a revelation of beauty.

Price, 3 for 20 cts.; 12 for 60 cts.; seed, 25 cts. per pkt. of about fifty seeds.

Pansy, German Strain. In many of the finest colors; no other strain equals it for great variety of shades and blending of colors. This Pansy blooms very freely. For variety, see collection Pansy seed.

Price, large plants, 12 for 50 cts.; smaller for mailing, 12 for 25 cts.; 25 for 50 cts.

BOUQUET OF PÆONIES.

Price 15 cts.

Lychnis Viscaria, Ragged Robin. Forms a dense tuft of evergreen foliage, and in June sends up spikes of handsome deep red, fragrant flowers, remaining in perfection for six weeks. Price 15 cts.

Achillea, The Gem or Pearl. One of the most popular hardy plants. The blooming quality of this splendid novelty is something remarkable, flowering in great profusion the first summer, while the second season it will bloom three to five times as much. The flowers, which are borne upon erect foot-stalks, are of the finest white, and closely resemble a "Pompon Chrysanthemum." Succeeds anywhere. Fine for borders, cut flowers, or for cemetery planting. Price 10 cts.

Coreopsis Lanceolata, Grandiflora. One of the finest of our hardy perennials. The flowers produced on stems two to three feet high, are a rich golden yellow, of graceful form, and invaluable for cutting. Succeeds anywhere. Price 15 cts.

Campanula Persicifolia, Grandiflora Alba (Angel's Bells). A fine perennial with bell shaped white flowers borne on long stems in June and July. Price 15 cts.

Pansy, Trimardeau. A distinct and beautiful new race, the flowers of which are of very large size, and the plants may

Our Pansies comprise an endless variety of coloring and combinations, and we can recommend them as being the equal of any on the market. We can also furnish separate colors where so desired for bedding at same prices as for the "German" strain.

Hemerocallis Kwanso flore plena, Double Crown Day Lily. A perfectly double flowering sort; a profuse bloomer. The flowers are produced in clusters; they are of a bright orange-yellow, and each petal is marked with a large crimson blotch, forming a circle around the flower. Has an elegant grassy foliage, and handsome, deliciously fragrant flowers. They are perfectly hardy, and thrive in almost any kind of soil, preferring one that is rich, moist, and in an open situation. Price 20 cts.

DOUBLE CROWN DAY LILY.

literally covering the plant with flowers. Fine for cut flowers.

Stokesia Cyanea. One of the handsomest of all perennials. The plant grows from 18 to 24 inches high bearing freely from early in July until late in October the handsome fringed lavender blue flowers which measure from 4 to 5 inches across. It is of the easiest culture succeeding in any open sunny position, and taken altogether is one of the most desirable plants offered in our entire list. An extra fine thing for cut flowers. Price 15 cts.

Dialetra, Spectabilis (Bleeding Heart). One of the best known perennials, with graceful, drooping racemes of heart-shaped flowers of rosy crimson and silvery white. Blooming in spring and early summer. Price, extra strong roots, 30 cts.; small, 10 cts.

Gysophila, Baby Breath. A beautiful old-fashioned perennial, possessing a grace not found in any other perennial, and attracting the eye of everyone. When in bloom it forms a symmetrical mass of minute pure white flowers, forming a beautiful gauze-like appearance. For cutting purposes it is exquisite, especially in combination with high-colored flowers. Price 15 cts.

Hollyhock, Alleghany. This grand new race has mammoth flowers most of them measuring five inches or over across. No one can imagine the beauty and brilliancy of the blossoms without seeing them. The fringed flowers are of such delicate transparent texture that they have the appearance of being made of crushed silk. Price fine roots, 15 cts. each; 4 for 50 cts.

Hollyhock, Superb Double. These are the superb Chater's strain. Magnificent flowers, perfectly double. Ours are the finest strain to be had. Price 15 cts. each; 4 for 50 cts.

Monarda, Didyma, (also known as Bee Palm, Oswego Tea, Horse Mint, etc.). A sweet scented herb with crimson flower heads. Excellent for border and cutting. In flower three months. Extremely hardy and very showy. Price 10 cts.

Funkia, Day Lily. A handsome, showy plant, with beautiful, large broad leaves. Flowers large, pure waxy white, borne in large trusses. Very fragrant. Price 20 cts.

Rudbeckia, Golden Glow. A glorious plant, of fine habit, vigorous growth, with early continuous and immense blooming qualities; it will be found excellent also for cut flower purposes, inasmuch as the stems are long, and often carry a dozen flowers furnished with beautiful foliage. One of the most distinct and beautiful large growing hardy perennials that have been introduced for years, and we recommend it to our customers as a plant of great value. Hardy, of strong growth, long time in bloom, with flowers like large golden balls.

Price 10 cts.; extra strong, 25 cts.

Tritoma Pfitzeri, Flame Flower. A grand improvement on the old "Tritoma." The flower spikes which are produced with considerable more freedom than in the old variety, are of gigantic size, frequently four and one-half feet high, with heads of bloom over twelve inches long. They are of a rich crimson-scarlet shading to salmon-rose on the edge. A splendid new acquisition, making a striking display. Price 20 cts.

Foxglove, Ivery's New Spotted. Indispensable in any collection of hardy herbaceous shrubbery, the bright foliage, and stately, showy spikes of bloom producing a fine effect. These new hybrids are the most improved varieties to date, comprising an endless variety of colors. Price 15 cts.

Astilbe, Chinensis. Very hardy and the finest Astilbe yet produced. The immense, yet graceful and airy sprays of a new delicate flesh-color are produced in immense profusion. Price 15 cts.

Helianthus Multiflorus, Double Dwarf Sunflower. It is a great addition to our hardy plants. Its dark, golden-yellow color is both fashionable and beautiful for cut flowers; grows from three to five feet in height; never fails to flower the first year of planting. Do not be prejudiced against this plant because it is only a "Sunflower." Give it a trial, you will be delighted to find how beautiful it is. It is a hardy perennial, coming up every year, but in extreme North it will need protection or can be taken up like Canna and Dahlias, and kept in cellar. Price 15 cts.

HARDY PHLOX.

We rank these as amongst the most important perennials, succeeding as they do, in almost any position, and flowering from early summer until late in the fall. The wealth, size of bloom and range of colors of the newer improved varieties will surprise those who have been acquainted only with the old-fashioned sorts. The beauty and showiness of these new Phloxes can hardly be exceeded by any other flowers.

Marie Stuart. White with very pale pink eye, the earliest blooming Phlox which we have, blooming as early as the first of June and continuing during the entire month. **Aurora Boreale.** This superb variety has an extra large flower and truss and is very free blooming. Color is a rosy salmon with dark crimson eye. A fine variety in every way. **White Queen.** Pure snowy white and a very profuse bloomer. Begins to bloom last of July and remains in bloom a long time. Very fine.

Price, any of above varieties, 15 cts. each; large clumps, 25 cts.

Coquelicot. An exceedingly brilliant new variety, being the brightest Phlox yet introduced. It is a bright orange scarlet, almost the exact shade of an oriental poppy, a bed of this variety making a most dazzling show. Price 20 cts.

We have a large collection of the newer kinds of Phlox, but so few of a kind that we cannot list them. Amongst them will be found many new colors. We will send a fine collection, no two alike, 4 for 50 cts. or 10 varieties for \$1.00.

HARDY VINES.

Ampelopsis Veitchi, Boston Ivy. Grows rapidly as the old "Virginia Creeper," and attains a height of fifty feet. It clings firmly to any wall, tree, etc. The leaves are small on young plants, which at first are of an olive green-brown color, changing to bright scarlet in the autumn. As the plant acquires age the leaves increase in size. It is without question one of the very best climbing plants for covering brick or stone walls. Price, small, 15 cts.; 2-year, 25 cts.; 3-year, 40 cts.

Ampelopsis Quinquifolia, Virginia Creeper. A very rapid grower, with large, dark green foliage, which changes in the fall to scarlet. A very desirable vine for covering arbors, verandas, etc. Extremely hardy. Price small, 10 cts.; large, 25 to 50 cts.

Clematis Paniculata, Japanese Virgins' Bower. One of the most beautiful of our hardy flowering vines. The flowers are pure white, and are borne in great panicles or clusters of bloom, fairly covering the plant, so that it is a mass or sheet of fleecy white. These clusters are borne on long, slender stems, which stand out boldly from between the glossy green leaves. The fragrance is delicious, resembling the "English Hawthorn" blossoms, and is so subtle and penetrating that a large plant in bloom will fill the air with fragrance. It begins to bloom late in August or early in September, at a time when

CLEMATIS PANICULATA.

most other hardy climbers are out of bloom. It is perfectly hardy in all sections of the country, and we can unhesitatingly say that it is, in our opinion, the most valuable among hardy climbing vines.

Price, 2-year, 25 cts.; extra, 3-year, 40 cts.

Clematis, Large Flowered. We offer three varieties viz: **Jackmanii.** Rich royal purple in color. **Henryi.** Pure white. **Mad Baron Veillard.** Pretty shade of lavender pink.

Price strong field roots, 50 cts. each; or the three for \$1.25.

Wisteria, Sinensis. A magnificent climber, with a rich foliage, and long racemes of very fragrant, lilac flowers.

Price, extra large plants, 50 cts.; small, by mail, 20 cts.

Honeysuckle, Halliana. One of the sweetest and most beautiful Honeysuckles; flowers buff-yellow, passing to white, deliciously sweet.

Price 15 cts. each; strong roots, 30 cts.

Dutchman's Pipe, Aristolochia Siph. A magnificent hardy vine of rapid growth, with very large, heart-shaped leaves, and brownish flowers resembling a miniature pipe. Splendid for verandas, etc.

Price 50 cts.

HARDY SHRUBS.

HYDRANGEA, PANICULATA GRANDIFLORA.

Hydrangea, Paniculata Grandiflora. One of the finest hardy shrubs in cultivation; the flowers are formed in large white panicles or trusses nine inches in length. The shrub grows to a height and breadth of three or four feet, and as the flowers slightly droop, few plants have the grace and beauty presented by this magnificent shrub. Perfectly hardy in all parts of the country; needs no protection of any kind. It should have all weak wood cut away each fall, and be well manured each season. Price extra strong, 1-year field grown plants, 20 cts.; extra strong, 2-year field grown plants, 50 cts.; extra strong, 3-year field grown plants, 75 cts.; 4-year, bush shape, \$1.25. Fine standard tree shaped, \$1.00. All of above will bloom first year. The 3-year plants are extra fine well branched, two to three feet high; all have extra good roots. The two, three and four-year plants should go by express.

Deutzia, Pride of Rochester. The finest pure double white.

Price 35 cts.

Deutzia, Lemoinei. A splendid new hardy shrub, having immense large flowers borne in broad based, cone-shaped heads.

Price, small pot plants, by mail, 15 cts.; larger, by express, 35 cts.

Purple Fringe, Purple Smoke Tree. A pretty low shrubby tree covered in mid summer with large clusters of filmy, feathery flowers, giving it very much the appearance of being enveloped in a cloud of smoke.

Price 35 cts.

White Fringe, White Smoke Tree. Same as above only flowers white instead of purple.

Price 35 cts.

Lilac, Md. Lemoine. Double white florets like miniature tuberose, truss very large and compact. A most beautiful novelty.

Price 50 cts.

- Lilac, Single White.** Has pretty single white blossom. Price 35 cts.
Pyrus Japonica, Japan Quince. A very showy shrub, hardy as rock and blooming profusely in early spring, flowers being a dazzling scarlet. Also makes an excellent hedge. Price 25 cts.
Snowball, Japan. A great improvement over the common variety, with remarkably healthy dark foliage. Grows erectly and compactly four to six feet high, being covered from top to bottom with the balls of flowers as white as snow, clustered one against the other in dense masses. Price 50 cts.
Syringa, Grandiflora. Much larger flowers than the common sweet scented. Price 35 cts.
Syringa, Golden Leaved. Golden yellow foliage, color being deepest and most glowing in August. Price 35 cts.
Syringa, Double Flowered. Beautiful large double flowers of pure white. Price 35 cts.

EVERGREENS FOR HEDGES OR SPECIMEN PLANTS.

We have on hand a fine lot of Norway Spruce and Arbor Vitæ two or three times transplanted with fine root system. Price, 1-2 to 2 ft., 25 cts.; 2 ft. to 3 ft., 35 cts.; 3 ft. to 4 ft., 40 cts.
 Prices in quantity for hedging on application.

SMALL FRUITS.

RASPBERRIES.

- Loudon.** A strong grower with beautiful foliage, exceedingly prolific and perfectly hardy. The berries are very large and beautiful and fine quality. Price 60 cts. per doz.
Cuthbert. The leading late market variety. The canes are hardy and strong, rampant growth, and exceedingly productive. Berries large, crimson, and of good flavor. Price 60 cts. per doz.
Cumberland, New Black. Among the hardiest, wonderfully productive, the fruit possessing unusual firmness, making it a good shipper; a strong, vigorous grower. Price 75 cts. per doz.
 All Raspberries ten cents less per dozen, if by express.

GRAPES.

- Moore's Early.** The best black Grape for northern New England. Matures fruit fully twenty days before Concord, and quality is better. We have found that this grape will mature in many places where the Concord will not. Price 25 cts.
Green Mountain. A magnificent new white grape, splendidly adapted to our severe winters. A splendid profuse bearer and quality very fine. Price 35 cts.

CURRANTS.

- Fay's Prolific.** The leading red variety, and is one of the best Currants we have. It has been widely planted, and has given general satisfaction. The bush is a strong grower, wonderfully prolific. Price, 1-year, 10 cts.; 75 cts. per doz.; 2-year, 15 cts.; \$1.25 per doz. Strong, healthy bushes.
White Grape. Its bunches are extremely long, berries large, of a beautiful translucent white, and excellent flavor; the best white variety. Price, 1-year, 75 cts.; 2-year, \$1.25 per doz.

STRAWBERRIES.

- Senator Dunlap.** This new variety is a strong grower with a healthy foliage. Has a perfect blossom, is hardy, productive, of good quality, a splendid keeper and a wonderfully fine all purpose variety.
Excelsior. An extra early berry, productive, berry of large size, dark red and a fine shipper. Perfect blossom. Quality fine. Foliage healthy and makes plants freely.
Sample. A grand Strawberry of great vigor and productiveness. Foliage is very vigorous, the large, open pistillate blossoms being borne on very strong fruit stalks. Berries very regular in form, of fine flavor, rich bright red in color, and of fine quality.
Clyde. Fruit very large, light red, conical, firm and best quality. Plant very vigorous, plenty of runners, hardy, free from rust and very productive. It may be called a perfect variety. It resists drouth on account of its habit of deep rooting; grows equally well on any soil. Season, medium to quite late. Price all above varieties 25 cts. per doz., postpaid; \$1.00 per 100, by express, not prepaid.

SHRUBS FOR LAWNS.

We have a good stock of fine, large, vigorous specimens, and our patrons will be sure to be pleased with the fine stock we send out. We respectfully call attention to our Shrub Department.

PUTNAMVILLE, VT., Apr. 29, 1903.—*L. P. Butler & Co.* Gentlemen: Have received the Clematis and Hydrangeas ordered from you, and gladly express my appreciation of the excellence of the goods.
 Very respectfully,
 MRS. C. C. PUTNAM.

PITTSFIELD, N. H., May 18, 1903.—*L. P. Butler & Co.* Gentlemen: The order for shrubs which you promptly filled, came in good condition, and I was very much pleased with them and your liberality.
 Respectfully,
 FLORA M. PAGE.

VEGETABLE PLANTS AND ROOTS.

Holt's Mammoth Sage. Plants of strong growth on rich ground, often attaining a diameter of three feet the first season; leaves, which are of immense size, are borne on strong stems; in quality it is of unusual substance and of strong flavor. Give it rich, good culture, and you will be astonished at the large quantity of superior sage which can be cut from a single plant. It rarely flowers, and has never seeded in our climate. No seed to offer. Price plants, 10 cts.; three for 25 cts.

Tomato Plants, Earliana, Ponderosa, Champion, Perfection, Aristocrat, Matchless, Quarter Century, Yellow Plum. Price, pot plants, 6 cts.; 60 cts. per doz. Hot-bed plants, 35 cts. per doz.; \$2.00 per 100.

Pepper Plants.

Cauliflower Plants, Early Snowball.

Celery, Winter Queen, White Plume, Golden Self-Bleaching, Boston Market, Giant Pascal. Transplanted plants. Price 3 cts.; 30 cts. per doz.

Price, doz.; 20 cts.; 100, \$1.50.

Price, doz., 15 cts.; 100, 75 cts.

Asparagus Roots, Columbian Mammoth White, Conover's Colossal and Barr's Mammoth. Fine 2-year roots.

Price 100, \$1.00; 1,000, \$6.00. By express only.

Cabbage Plants. Early plants before June 10.

Price, doz., 15 cts.; 100, \$1.00.

Cabbage Plants, Danish Ball Head, Succession, Stone Mason, Winningstadt, Premium Flat Dutch, All-Head, Savoy. Field grown after June 15.

Price, doz., 10 cts.; 100, 30 cts.; 1,000, \$2.00.

Rhubarb, Monarch. Those who have been accustomed to the ordinary Rhubarb will be surprised at the extraordinary size, tenderness and juiciness of this new variety. Give it good, rich treatment and you will have Rhubarb the envy and admiration of your neighbors. Price 25 cts.

ASPARAGUS ROOTS.

Rhubarb, Seedlings from Monarch. Most of these come true to the type.

Price 20 cts.; 2 for 35 cts.

NEW POTATO.

Vermont Gold Coin. A fine new main crop potato. This has proved to be one of the most productive as well as an extra fine quality potato. The growth is exceptionally strong and luxuriant. The tubers lie closely together in the hill and grow a most uniform size, just right for a marketable potato, growing rather oblong and thick through and very handsome in shape. In comparative tests this fine variety has yielded a third more than other varieties. Its vigorous growth and great productiveness make it very profitable for the planter and its great solidity, smooth, regular form and unequalled table quality will make it a popular and quick seller for the market. Our seed stock is direct from the introducer.

Price, lb., 35 cts. postpaid; per peck, 85 cts.; per bushel, \$3.00.

It is our intention and constant endeavor to make the name "Monadnock" stand for honesty and sterling quality in plants and seeds. We intend that every customer shall have "value received" for every dollar spent with us and will cheerfully rectify any mistakes or just cause for complaint when brought to our notice.

Seed Department.

MONADNOCK BLUE RIBBON ASTERS.

We take special pride in our magnificent strain of this noble flower. No better seed can be procured in the country than that which we offer. If we had space we might quote many testimonials as to the magnificence of our strains, but we are sure great pleasure and value will be found in that which we offer.

Collection Packet Asters. Contains equal quantities each of the below named varieties of Truffaut's Perfection Large Flowered: *Snow White, Rose, Dark Blood Red, Light Blue, Black-Blue, Glowing Dark Crimson, White and Black-Blue, Rose and White, Carmine, Carmine and White, Crimson Ball, Dark Crimson and White, Dark Red and White, Victoria Red, Lilac Red and White, Violet, Dark Scarlet and White, Violet and White, Black-Blue and White, Light Blue and White.* The finest collection of Asters ever offered. We shall this season include in our collection, seed of *Giant Comet*, (three colors,) *Simple's Branching*, (three colors,) *Daybreak* and *Ostrich Plume*, making the finest packet of Asters for this price ever sent out.

Price 15 cts.

Last year we reduced the price of the above collection packet from 25 cts. to 15 cts., and largely increased our sales. We doubt if anything finer in the way of Asters can be found in the entire country than those contained in the above collection packet.

Asters, Prize Fancy. We are enabled, this season, to place within reach of any of our customers, at a moderate expense, the finest assortment of Fancy Asters ever offered in one package. These are selected by us, the fancy shades from the various classes of large flowering Asters, and then combined in one package, over thirty different shades and colors. We think Aster seed has never been offered by any seedsmen, combining so many shades in one package. It will please customers to be able to procure so large a variety at so small a cost.

Price 15 cts.

Hohenzollern. A tall stately variety bearing enormous flowers on long stems. Price 10 cts.

New Victoria (Large Flowered). It is impossible to speak too highly of this magnificently imbricated Aster. The blossoms are large and distinguished by an elegant and regular overlapping of the petals, thus giving to the flowers a distinctive character. The growth is an elegant pyramid, and each plant grows from twenty to forty flowers. The colors include many extremely delicate and most gorgeous shades. Also variegated.

Price, finest mixed, 10 cts.; pure white, 10 cts.

Rose Flowered. The flowers are large and double, the outer petals finely recurved and the inner ones incurved like a rose; two feet in height; extra choice mixed. A splendid Aster, fine for cutting.

Price 10 cts.

New Sunlight Aster, A True Yellow Aster.

We have had many approaches to a yellow Aster but never before have we had one of a truly yellow color. The flowers are of fine form, similar to the Pæony Flowered and produced in great profusion. Flowers 3 to 4 inches in diameter and produced on long stems. A fine new and distinct introduction.

Price 10 cts.

Daybreak (new). A splendid new Aster of merit. Flowers are as round as a ball, large and full, produced on long stems. Color is an exquisite shade of shell pink, like a Daybreak Carnation, magnificent for cut flowers. It is an early and free bloomer, and is worthy of a place in every garden.

Price 10 cts.

Purity (new). An exact counterpart of above, only glistening snow-white in color.

Price 10 cts.

Truffaut's Perfection. This improved Perfection Aster is now acknowledged as among the finest for ornamental beds, for cutting purposes or for exhibition, being of strong growth, large bloom, which is extra double, and of fine form. (See also Collection Packet). The above in following colors separate, viz: *Snow White, Blood Red, Pink or Blue.*

Price, either color, 10 cts.

Truffaut's Perfection. Many colors, extra fine, mixed.

Price 10 cts.

Truffaut's Perfection. Good quality, mixed.

Price 5 cts.

Princess. One of the finest Asters. Resembling a white Lilliput Dahlia. In form they are semi-spherical and composed of quite short and very thickly set imbricated petals. They remain longer in good condition than any

Price each, 10 cts.

other. Two varieties, *Snowball* (white), *Rosalind* (pink) or mixed.

NEW SUNLIGHT ASTER.

If you want the finest Asters you will make no mistake in buying our **Monadnock Superb**. Read the testimonials below. We can show many others like them, and they were entirely unsolicited.

WENDELL, N. H., April 13, 1903.—*L. P. Butler & Co.* Dear Sirs: Your seed were the best we had last year, and the Asters were the finest we ever had, and were the finest anywhere around here.

Yours truly,

MRS. ALMON ANGELL.

LAKEPORT, N. H., May 11, 1903.—*L. P. Butler & Co.* Gentlemen: The Asters you sent me last spring were beautiful. Everybody admired them.

Very truly,

MRS. JOHN B. CROPO.

LOWELL, April 20, 1903. *L. P. Butler & Co.* Dear Sirs: While visiting last summer, I saw some of your Semple's Asters and thought them fine. Please send me a package, and oblige,

Yours respectfully,

H. B. G. WHEELER.

Semple's Branching Asters.

For size of bloom, freedom of flowering and other good qualities, these Asters are unexcelled. Forming strong branching bushes, which bear profusely on long, strong stems, handsome Chrysanthemum shaped flowers, many of which are enormous in size. Their artistic form makes them especially desirable for cut flowers. Five colors, *Lavender, Purple, Shell Pink, Pure White, Crimson or Mixed.*

Price each, 10 cts.

Ostrich Plume. A magnificent new Aster of the Comet type, with flowers of immense size, the petals being wavy and twisted, giving the flowers a soft "fluffy" appearance. *White, pink or mixed.*

OSTRICH PLUME ASTER.

An elegant variety which must be seen to be

Price, either color, 10 cts.

Corcordeau (or Crown). These are a striking unique Aster, having a white center bordered by some rich color, making an effective and charming contrast. Flowers very double. Price 10 cts.

Victoria Needle. One of the finest of the quilled Asters. Price 10 cts.

Mignon. Flowers small to medium in size, a profuse bloomer. One of the most desirable kinds; fine for cutting. Price, mixed, 10 cts.; pure white, 10 cts.

Giant Comet. A beautiful and distinct class with long, curled and twisted petals like "Japanese Chrysanthemums," exceedingly graceful for vase and table decorations. Colors, pink, white, blue and mixed. Price each sort, 10 cts.

Lilliput. A miniature Aster growing about eight inches high. Very profuse blooming. Mixed. Price 10 cts.

Novel Fancy Aster, Canary

Yellow. Imagine an Aster the size of the well known Giant Comet Aster with fine curled *pure white outside petals* and the center of this large flower, sometimes 4 to 5 inches in diameter consisting of *deep yellow tube petals* then one will at once perceive the beautiful effect of this flower. A unique novelty which everybody should try.

Price 15 cts.

German Quilled. Double quilled flowers, mixed colors. Price 5 cts.

Aster. All sorts mixed. This will suit the children. Many kinds, lots of colors, large packages, good and cheap. Price 5 cts.

Vick's Branching. A largely advertised white Aster, quite similar to "Semple's Branching." Price 10 cts.

NOVEL FANCY ASTER, CANARY YELLOW.

Arctotis Grandis (new). A remarkably handsome, branching annual, two to three feet high. The handsome flowers are large and showy, being borne on long stems. The petals are pure white with a narrow yellow zone at their base, the reverse of the petals being a pale lilac blue. The disc is light blue with slightly projecting white stamens, altogether a most lovely flower. Price 10 cts.

CYCLAMEN, "ROCOCO."

size, of fine form and of great variety of shades. Extra mixed.

New "Gloria" Dahlias. This elegant new strain of Dahlias offers such a variety of shapes and colors that every true Dahlia lover is surprised and delighted. It is difficult to describe all the different forms of this beautiful Dahlia and as to size they vary from $1\frac{1}{2}$ to 3 inches in diameter. The colors are varied, striped and margined being found as well as many shades of the pure solid colors. Altogether a fine new strain and one which everybody should try. Price 15 Cts.

Dahlia, Single. Many of the varieties of these Single Dahlias are exceedingly beautiful, and the seed we offer is saved from one of the best collections, and may be expected to produce many superb sorts. Price 10 Cts.

Dahlia, Double. Seed of this strain was saved from the very finest double flowers only, and will produce flowers equal, if not superior, to any in the market. An extra mixed strain imported from Germany. Price 10 Cts.

SO. BERWICK, ME., July 24, 1903.—*L. P. Butler & Co.*
Dear Sirs: The goods came in fine condition, and am very much pleased with the extras.

Very truly, MRS. C. F. VARNEY.

Grand New Cyclamen, "Rococo."

This beautiful new Cyclamen forms very strong shapely plants with finely marked leaves and bears an abundance of bloom on long straight stalks. The principal difference however is that the five or six petals of each flower, instead of being turned back and upward as in the regular type, form a flat, round flower, the petals being finely fringed and undulated. The flowers are very large and coloration very pretty, some white or white with dark eye, dark red, rose, etc. A distinct, handsome new variety. Price large pkt. 50 Cts.; small pkt. 25 Cts.

Cyclamen, Giganteum. Without exception, the strain offered is in all respects the finest that can be procured. The flowers are of large

Price 25 Cts.

NEW "GLORIA" DAHLIAS.

MONADNOCK DIANTHUS.

Dianthus Heddeewigi. An elegant mixture. Price 10 Cts.

Dianthus Heddeewigi Nobilis, Royal Pinks (new). Splendid, new improved strain of the old fashioned Dianthus Heddeewigi, the flowers being of a noble shape and considerably larger, three to four inches in diameter. The petals are frilled and fringed, giving the large flower a graceful appearance. The colors are varied bright blood red, carmine and pink and even white. The plants grow vigorous and are very profuse blooming. Price 10 Cts.

Dwarf Erfurt Dianthus, New Dwarf Clove Pinks. These splendid new clove pinks grow very dwarf and compact, not over twelve inches high and come into bloom two weeks or more in advance of other varieties. The flowers are very double and they have a richer variety of coloring than any other sort. They possess the strong spicy fragrance of the old fashioned clove pink, are beautifully and very easily grown. A very meritorious new variety. Price 25 Cts.

Collection Packet Dianthus. Contains equal quantities of seed of the following varieties: *Diadem*, mottled, extra; *Heddewigi Hybrids*, great variety; *Atropurpurea*, fine dark shades; *Laciniatus*, fringed; *Striatus*, striped varieties; *Albus*, new, white; *Mourning Pink*, a new sort, very beautiful; *Imperialis*, fine double mixed; *Laciniatus Purpurea*, a fine variety; *Laciniatus Capreo*, dwarf, double, beautiful varieties. We shall also add this year two new varieties, *Heddewigi Nobilis*, beautiful new large flowered varieties; *Stellaris*, very pretty star shaped flowers.

The above comprises one of the richest mixtures ever sent out in one package. Price 15 cts.

MONADNOCK DIANTHUS.

Any one of the above varieties in separate packets, price 10 cts.

GODETIA WHITNEYI FULGIDA.

Godetia Whitneyi Fulgida. The Godetias are a class of hardy annuals but little known by most people yet deserving of a more extensive cultivation. This new variety has flowers of a magnificent brilliant, crimson scarlet with a white center a color of surprising beauty and brightness. The plant is of dwarf compact habit, growing about one foot high and blooming profusely and continuously. Everyone should try this fine new introduction.

Price 20 cts.

Gladiolus, Blue Hybrids. Most people have been in the habit of buying their Gladiolii in the shape of matured bulbs yet they are very easily raised from seed, the process of growth being very interesting

as there is always a great variety of colors; in many instances, new varieties altogether being developed. These new blue hybrid seedlings are all the more interesting from the fact that the blue colors in the Gladiolii have but just been developed and many rare and unknown colors will be found among them. The shades are wonderful, ranging from light blue, slate and lavender to the darkest violet, some having dark or yellow spotted throats which adds to the effect.

Price 20 cts.

ECCREMOCARPUS SCABER AUREUS.

Glaucium Flavum Tricolor, Horned Poppy.

A remarkable Horn Poppy from Asia-Minor, growing to a height of about two feet and bearing large fine shaped flowers three to four inches in diameter, of a most brilliant orange red, with black or orange spots on deep yellow ground at the base of each petal. Seed sown in spring produce flowering plants by July which remains a mass of brilliant bloom until autumn. A bed in full bloom makes a magnificent appearance.

Price 10 cts.

Linaria, White Pearl. This new variety is well worthy of a trial either as a pot plant or in the open border. It is a free growing annual growing about one foot high, yielding its long stalked snap-dragon shaped flowers plentifully during the whole of the summer, the cut flowers when placed in water lasting for a long time, the buds developing into flowers. It is so free flowering that the leaves are almost hidden from sight. In the fall they may be transplanted from the open ground to pots without arresting the development of the plant. A fine new introduction.

Heliotope, Lemoine's Giant Hybrids. A great advance over the old kinds. They bear immense heads of bloom, the individual florets being also very large, the odor being very fragrant. The plants grow about one and one-half feet high, are healthy, bushy and compact, the leaves being large and luxuriant. Very free flowering.

Humulus Japonicus. A rapid summer climber, attaining a height of twenty or thirty feet. The foliage is luxuriant, making a dense covering.

Humulus Japonicus Variegata. A variegated form of the above.

New Climber, Eccremocarpus Scaber Aureus. This fine new climber should become very popular. Although an annual yet its rapid growth fits it for excellent service in covering walls, palings, trellises, etc. The vine, which is very graceful, often runs up to a height of 16 feet and when it is covered with its wealth of bright golden yellow blossoms it is indeed a striking object. This will add one more to our small list of truly serviceable climbers.

Price 20 cts.

Gloxinea Crassifolia Erecta. Our strain of these charming plants is magnificent. This strain produces extra large flowers of the most exquisite and gorgeous colors, many of which are magnificently spotted, mottled and blended. The "Crassifolia Erecta" type is extra strong growing, the flowers being borne on stiff stems, well above the shapely foliage. Price 25 cts.

GLAUCIUM FLAVUM TRICOLOR.

Price 10 cts.

Price 10 cts.

Price 5 cts.

Price 5 cts.

New Hollyhock, Hybrid Everblooming. This grand new introduction flowers the first season from seed, thus enabling many persons to enjoy the glories of Hollyhocks who have never had them before, on account of the trouble required in carrying over the plants or roots until the second year. Sown in March or April, this new type will bloom in July. They often attain a height of ten feet with numerous side branches being full of bloom until hard frosts. The wealth of bloom is phenomenal, and the shapes and colors of blooms are very varied. Some are double, some semi-double, some single, again others will be single with small double or anemone shaped centers, some will be frilled or flounced, some with smooth edged petals. Colors range in all shades from white through flesh color, apricot, yellow, carmine to dark red, purple, black, etc. Another important point, the foliage seems to be immune from fungi which so often destroys the ordinary varieties. Everybody should try these splendid new creations. Price 15 cts.

Hollyhock, Mammoth Fringed Allegheny. The mammoth flowers are wonderfully formed of loosely arranged fringed petals, which look as if made from the finest China silk, and when cut are hardly recognizable as a Hollyhock, having none of the formality of the ordinary type. The color varies from palest shrimp-pink to deep red. Plants are of majestic growth, with spikes six or seven feet high. Price 10 cts.

Hollyhock. The Hollyhock in its present state of perfection, is very unlike its parent of olden time. It now ranks with the Dahlia, Aster, Camelia, etc. The flowers are as double as a rose, of many shades of color from deep yellow, red, purple, to white. Hardy perennial, three to five feet. Our seed is from the magnificent Chaters strain. No better can be found. Finest mixed. Price 10 cts.

GARLAND, ME., May 16, 1903.—L. P. Butler & Co. Gentlemen: I could not feel satisfied without a bed of your Asters.
Respectfully, MRS. C. A. FAWSETTE.

NEW EVERBLOOMING HOLLYHOCK.

Morning Glory, Convolvulus. Old-fashioned sorts mixed, still one of the best quick growing climbers. Splendid mixed. Price 5 cts.; oz., 10 cts.

Morning Glory, Imperial Japanese. These grand new Morning Glories from Japan are remarkable for large size and exquisite new colors of flowers. Magnificent foliage, often beautifully blotched and of strong, robust growth. They are of all shades of red, from the most delicate pink to the most brilliant crimson, maroon, blue and pale lavender, and many odd shades. Many have a distinct marginal band of a different color from the rest of the flower, and some are as elegantly spotted; others are striped, blotched, mottled and shaded, often having seven or eight colors and tints in one flower. Price 10 cts.

Morning Glory, Double Japanese (new). These grand new varieties have the same colors and blendings as the single, but most of the flowers come double. A fine new introduction. Price 10 cts.

One reason you should plant our Monadnock seeds is because you know when you start that the choicest flowers will reward you. You don't spend lots of fuss and bother only to be rewarded by inferior flowers. It pays to buy the best seed.

MIGNONETTE, WHITE PEARL.

borne on stiff, stout stalks, and the rich green foliage contrasts most strikingly with the fine red of the flowers.

Mignonette, Matchet. Of French origin, and a most desirable variety. The plants are dwarf and vigorous, of pyramidal growth, with very thick, dark green leaves. They throw up stout flower stalks, terminated by long and broad spikes of deliciously scented flowers, of red tint. Price 5 cts.

Mignonette, Defiance. When well grown, the spikes will grow from ten to fifteen inches long. The flowers are of a most delicious fragrance. The individual florets are of a large size and stand out boldly, forming a graceful as well as a compact spike. Has fine keeping qualities. Price 5 cts.; oz., 35 cts.

Mignonette, Miles Spiral. Entirely distinct from the old varieties. It is a strong grower and abundant bloomer, producing spikes from eight to eleven inches in length; fragrant. Price 10 cts.

Mignonette, Parsons' White. Flowers nearly white; a desirable variety; good fragrance.

Price 5 cts.; oz., 30 cts.

Mignonette. Red flowering, or shaded with red tint; fragrant.

Price 5 cts.

Mignonette. Large flowering, fragrant varieties.

Price 5 cts.; oz., 15 cts.

NASTURTIUMS.

Monadnock Giant Flowered Mixture. In the past few years great improvement has been made in the size of this popular flower. Our mixture is made up only of the extra large flowered improved tall giant Nasturtiums containing such varieties as Caprice, Butterfly, Twilight, Sunlight, Jupiter, Moonlight, etc., in a variety of the most gorgeous colors. To those who want the highest type of Nasturtium we strongly recommend this mixture. It is unequalled for size and quality.

TYPE OF GIANT NASTURTIUM.

Price 10 cts.; oz. 20 cts.

COPYRIGHTED 1895
BY
WATLEE BURPEE & CO.

Nasturtium, Jupiter. The flowers which are very numerous measure $3\frac{1}{2}$ inches in diameter. They are exquisitely formed with overlapping, crinkled petals, the color being a bright golden yellow overlaid with a glow of orange. They are produced in great numbers and have a striking effect. Their fine color, long stems, great size and beautiful form make them very valuable for cutting. Price 10 cts.

Nasturtium, Chameleon (tall). This highly interesting new climbing variety presents a most unusual feature, which is, that the flowers are of different colors on the same plant, and that they are variously blotched, splashed, striped and bordered with these different colors. Price 5 cts.; oz., 20 cts.

Nasturtium, Madame Gunter. These new Hybrids make a strong growth, climbing from five to six feet high, and are covered from spring to fall with large, substantial flowers of the most brilliant shades. They are remarkable for their wide range of colors, being also striped and blotched in the most fanciful manner. This new strain deserves a place in every garden. Price, packet, 5 cts.; oz., 15 cts.

Nasturtium, Lobb's. The leaves and flowers are somewhat smaller than the ordinary tall Nasturtium, but their greater profusion renders them superior for trellises, arbors, for hanging-over vases, rock-work, etc.; the flowers are of unusual brilliancy and richness; splendid for winter decoration, either for hanging baskets or training about windows. Price, mixed, 5 cts.; oz., 15 cts.

Nasturtium, Lilliput. The plants and flowers are both smaller than those of the Dwarf Nasturtium and present a most charming appearance. The dainty little flowers are produced in abundant profusion over the prettily veined leaves. This new mixture contains all the rich, velvety and soft color variations of the Nasturtium family, with other new shades. Price 5 cts.; oz., 15 cts.

Collection Tom Thumb Nasturtium. Contains equal quantities each of the following varieties: *Crystal Palace Gem*, sulphur colored flowers with dark red spots near base of petals; *King of Tom Thumbs*, bluish green foliage, intense scarlet flower, very showy; *Pearl*, creamy white; *Golden King*, deep golden yellow flowers, dark foliage; *Spotted*, flowers beautifully spotted; *Ruby King*, pink, shaded carmine, contrasting beautifully with its dark foliage; *King Theodore*, bluish green foliage, flowers almost black; *Atropurpureum*, dark crimson; *Empress of India*, splendid new dark-leaved variety, flowers crimson; *Beauty*, fine yellow, flushed and shaded vermilion; *Ladybird*, (new), the ground color of the flower is rich golden yellow, each petal barred with a broad vein of bright ruby crimson; *Aurora*, (new), a shade of pink, beautiful. Price 15 cts.

NOTE. We can furnish, when desired, any of above varieties in separate packets at 5 cts. per packet.

Nasturtium, Dwarf Mixed. A splendid mixture. Extra fine. Price 5 cts.; oz., 15 cts.

Nasturtium. Tall or running sorts, in following sorts: *Dark Crimson*, *Pearl*, nearly white, *Scarlet*, *Yellow*, *Orange*, *Straw Color Spotted*, *Scarlet Striped*. All fine colors. Price, each, 5 cts.

Nasturtium. Tall, superb, mixed. Made up of all the foregoing separate colors and many others besides. An elegant mixture much superior to that usually sold. Price 5 cts.; oz., 15 cts.

MONADNOCK MATCHLESS PETUNIAS.

Petunia Collection Packet. This collection packet is made up of a large number of varieties from the Large Flowered Section and a large number from the Fringed Section. It includes mammoth blotched and striped varieties, extremely beautiful steel-blue veined varieties, rich yellow throated varieties, green veined and bordered varieties, varieties with large tigered throats, and altogether it is the richest collection ever sent out at this price. Price 25 cts.

Our Collection Packet Petunias will be found to be one of the finest strains in this line put out by any seedsman. The testimonial below is only one of many we are constantly receiving.

CONCORD, N. H.—*L. P. Butler & Co.* Dear Sirs: The Petunias were the most beautiful I ever had, and I took premiums at the State Fair both on Petunias and Phlox Drummondii.

Yours,

FRANCES D. JEFFERS.

NEW STAR PETUNIA.

Petunia, Howard's New Star. These handsome new varieties are the result of twenty years' work at hybridizing. They are characterized by velvety colors of the richest shades imaginable. In the center of the flowers appear a star, sometimes of a solid color and then again richly veined and mottled. These new Petunias have received the highest praise wherever they have been grown, and are the most important introduction in Petunias for some time. Price 10 cts.

PRIMULAS.

Collection Packet Prize Primulas (Large Flowered Single).

Alba Magnifica, flowers pure white; a charming variety; *Chrisata*, quite dwarf, with odd, crisp mallow-like foliage, flowers semi-double, in different colors; *Ruby Queen*, very showy, a grand and beautiful sort; *Punctata Elegantissima*, new variety, flowers velvety crimson, edges spotted with white, very distinct; *Striata*, a beautiful striped sort; *Fern Leaf*, in variety, fine; *Coccinea*, flowers of the largest size, of a beautiful brilliant scarlet, with a clear sulphur eye, exquisitely fringed; *Globosa Alba*, a splendid new and improved white variety, heavily fringed, extra fine; *Globosa Kermesina Splendens*, an improved, deep crimson sort, deep fringed, very bright and distinct; *Globosa Carneae*, new variety, very fine; *Punctata Atropurpurea*, a beautiful and showy variety; *Pulcherrima*, white, with rose or lilac center, very fine. We also include this year a few seeds each of *Coerulea*, handsome new shades of blue, *Gigantea*, new varieties producing immense flowers.

SINGLE PRIMULA.

Equal quantities of seeds each of above—twelve fringed sorts—making the most desirable packet of Primrose offered in the world, and at one-half the price asked by most seedmen for much inferior stock and a less quantity. Price 25 cts.

Primula, Obconica. See description, page 28 of this Catalogue. Price 10 cts.

Primula, Chinese. Not quite as large flowers as in our collection packet, but in fine variety; very free flowering. Price 15 cts.

Petunia, New Dwarf Inimitable (single). It forms a compact plant from five to eight inches high, by as much in diameter, and thickly covered with cherry-red flowers, each of which is marked by white star. Fine bedding sort. Price 5 cts.

Petunia. Single fine mixed, solid colors; also, striped and mottled, in a great variety of shades. Price 5 cts.

Petunia, Fancy Double Fringed. The flowers of this magnificent strain are of immense size and exquisite colors, shades and markings; have beautifully fringed petals, making them very attractive. It is, perhaps, not generally understood that the seeds of double Petunias are only obtained by artificially fecundating single blooms with the double, making the seed necessarily high priced; and the progeny cannot be expected to come all double.

Price 50 cts. per pkt.; half-size pkt. 25 cts.

Petunia, California Giant. A fine strain of the large flowering varieties in both the gorgeous and delicate shades, and many of them giants in size. Price, about 100 seeds, 25 cts.

Petunia. Double varieties mixed. Many come striped and blotched; about one-fourth of the plants may be expected to produce double flowers; but the singles from these strains are also fine and desirable. Price 25 cts.

MONADNOCK MATCHLESS PANSIES.

Collection Packet Pansies. Contains equal quantities of the following varieties, as well as many others not listed. *Pres. Carnot*, white, each petal blotched violet; *Purplish Violet*, large flowers, fine; *Rosy Lilac*, new color, distinct; *Silver Edge*, purple, with white edge; *Victoria*, new red, fine; *King of Blacks*, darkest variety; *Brown-Red*, various shades; *Candidissima*, satiny white; *Coquette de Poissy*, new French sort, distinct mauve color; *Emperor Frederick*,

dark red edge, shaded lighter red; *Emperor William*, ultramarine blue; *Fawn Color*, beautiful shade; *Fire King*, yellow, upper petals purple; *Gold Margined*, a splendid sort; *Havana Brown*, new shades; *Lord Beaconsfield*, deep violet purple, shading at top nearly white; *Mahogany Color*, an odd color; *Meteor*, bright brown; *Peacock*, blue with white edge; *Wallflower Brown*, various shades; *Striped and Mottled*, very

odd; *Striped Parisian*, light mottled, new; *Trimardeaux*, giant varieties, mixed; *Quadricolor*, a fine combination of colors; *Yellow Giant*, large yellow; black eye; *Golden Queen*, giant pure yellow without eye; *Atropurpurea*, dark purple; *Odier*, the five blotched or stained Pansies; *White with Black Eye*, a good bedder; *Cassier's* a fine strain in beautiful tints. Equal quantities seeds of each of above thirty sorts.

Price 25 cts.; half size packets, 15 cts.

These collections are made up by taking equal quantities of each above thirty sorts; all are then put up into one packet and sealed. We include, also, this year, the following four new varieties: *Masterpiece*, a magnificent new class, with superb, rich colored blooms, and undulating, wavy petals; *Bridesmaid*, new, white, shining rose, beautifully blotched; *Diana*, new, cream-colored; *Orchid Flowered*, see description below.

NOTE—We can furnish any of above thirty sorts separate at 10 cts. per packet.

In variety, quality and price, we, in confidence, place our Collection Packet as well as our other strains, in test with any stock sold in this country. Customers will find it better than ever this year. It is the finest collection ever sent out at this price.

RUTLAND, VT.—L. P. Butler & Co. Dear Sirs: My Pansies that I got of you were the finest I saw here in the city. Very truly,
MRS. EMMA J. BROOKS.

PETERBORO, N. H.—L. P. Butler & Co. I had great success with your seeds last year, especially the Asters and Pansies. I had the most beautiful Pansy bed I ever saw except at a greenhouse. Yours,
LUCY A. HARRINGTON.

Pansy, Bugnot's Superb Blotched. The most fancy strain in existence, magnificently blotched, stained and veined in many fancy combinations; extra. Price 25 cts.

Pansy, Orchid Flowered (new). This handsome new type bears giant flowers of a peculiar form, suggesting certain orchids. The upper petals are long, upright, and prettily grooved and wrinkled. The coloring is rich and varied, including many orange and terra cotta shades, and most flowers are adorned with large brown or golden yellow blotches and stripes. A handsome new type. Price 25 cts.

Pansy, Giant. New, largest flowering mammoth Pansies in fine assortment. This mixture contains nearly all the largest flowering sorts to date. Very fine in variety of coloring. Price 15 cts.

Pansy, Trimardeaux. Mammoth varieties, mixed; fine strain. Price 10 cts.

Pansy, Giant Striped. New mammoth fancy Pansy in odd stripes and combinations. Price 15 cts.

Pansy, Giant White. Very large with purple eye, a grand sort. Price 15 cts.

Pansy. Extra good, mixed; fine for bedding. Price 10 cts.

Pansy. Good mixed; cheap, but good. Price 5 cts.

PHLOX DRUMMONDII.

Collection Packet. Contains equal quantities each of following twenty varieties of large flowering and fancy Phloxes: *Alba*, magnificent large white flower; *Alba Oculata*, white with colored eye; *Atropurpurea*, deep blood purple; *Atropurpurea Alba Oculata*, blood purple with large eye; *Atropurpurea Striata*, blood purple, striped; *Chamois Rose*, shades of light pink; *Coccinea Striata*, scarlet striped; *Isabellina*, straw color, flowers of extra size and fine form; *Kermesina Splendens*, vivid red, very showy; *Kermesina Striata*, vivid red, striped; *Leopoldi*, deep pink, white eye; *Quadricolor Rosea*, rose color, shaded; *Quadricolor Violeacea*, violet color, shaded; *Rosea Striata*, rose color, striped, very fine; *Rosea Alba Oculata*, rose color, white eye; *Stellata*, beautiful sorts with large star in center; *Violeacea Alba Oculata*, violet, with large white eye, very fine; *Brilliant*, named for its bright color; *Cuspidata*, *New Star Phlox*, long points to petals, very odd; *Fimbriata*, new, extra fine, with toothed or fringed petals. Price 15 cts.

Separate colors of above per packet, price 10 cts.

NOTE.—With the exception of two last fancy sorts, the above named Phloxes are all of the "Grandiflora" or large flowered sort, and it is with pride that we can send this fine collection to our customers.

Phlox, *Cuspidata*. Flowers with five dentated petals, the center tooth of each being elongated, the whole forming regular stars with white margin, very odd and pretty. Finest mixed colors. Price 10 cts.

Phlox, *Drummondii Grandiflora*, or large flowering kinds, mixed; of very best quality. Price 10 cts.

Phlox, *Drummondii*. Double. Highly esteemed for cut flowers, lasting a long time. Finest mixed. Price 10 cts.

Phlox, *Drummondii*. Fine mixed. Price 5 cts.

MONADNOCK MAMMOTH VERBENAS.

Collection Packet, *Mammoth Red*, finest large sorts in shades of red; *Defiance*, medium size florets, fiery scarlet; *Sea Foam*, pure white in fine large trusses; *Mammoth Pink*, beautiful shades of pink, extra large trusses; *Coerulea*, medium size florets in shades of blue; *Italian Striped and Large Eyed* sorts, mixed, a grand mixture. Equal quantities each of above six varieties, as well as many others. We also include this year a few seeds of *Mayflower*. Our Verbenas are the choicest strains, including not only a large percentage of mammoth varieties, but also many distinct colors from other strains which are not found in the mammoth. A packet of unsurpassed richness.

Price 15 cts.

Verbena, *Sea Foam* (Candissima). All that need be said of this fine Verbena is that the flowers are sweet scented; trusses large and beautiful, and borne freely at all times, and snow white, always coming true from seed. Price 10 cts.

Verbena, *New Mammoth*. The characteristics of this new strain of Verbenas are its mammoth sized flowers, many of the single florets being as large as a twenty-five-cent piece; the plant also has the peculiarity of being more vigorous in growth than the ordinary Verbenas. The colors present the same range as the ordinary type. Price 10 cts.

Verbena, *Defiance*. Splendid scarlet; quite true from seed. Price 10 cts.

Verbena, *Italian Striped*. Striped and splashed varieties in many colors and variations. Price 10 cts.

Verbena, *Moss*. This lovely variety produces a mass of moss-like foliage, spreading over the ground like a carpet, above which are borne heads of blossoms in lavish profusion. Comes into flower in June and continues incessantly until the ground freezes. Mixed, white and blue. Price 10 cts.

Verbena, *Mixed*. Finest mixed, from a large collection. This mixture includes "Sea Foam" and a splendid assortment of colors; shades of purple, pink, scarlet striped and many others. Price 10 cts.

Verbena, *Mayflower* (new). This was originated by Luther Burbank, who pronounces it as one of his greatest achievements. It has all the characteristics of the *Mayflower* or *Trailing Arbutus*, possessing the same lovely and delicate pink and white coloring making its flowers closely like the *Arbutus*, and lastly it has the same exquisite fragrance. A splendid acquisition. Price 10 cts.

Verbena, *Large Eyed*. In fine mixed colors. Price 10 cts.

Verbena, *Carulea*. In shades of blue. Price 10 cts.

Verbena. A good grade of seed; mixed colors. Price 5 cts.

VERBENA, SEA FOAM.

TEN WEEKS STOCK.

Collection Packet. New, Large Flowering Giant Stocks, in following twelve beautiful colors: *Sulphur Yellow, Fiery Crimson, Brick Red, Light Blue, Brown, Violet, Ash Gray, Dark Brown, Old Rose, Mauve, Purple, White, Blush.* A very large per cent of these will come in extra large double flowers. We also include a few seeds of the splendid new variety, *Empress Elizabeth.* Color pink, very fragrant.

Price 15 cts,

Stock, Giant Perfection or White Giant. Plants of this variety attain a height of two and one-half feet and produce long spikes of double flowers, much larger than the ordinary Ten Weeks' Stock. Pure white; very fine.

Price 10 cts.

Stock, Giant Perfection. Same habits as above; fine mixed colors.

Price 10 cts.

Stock, Princess Alice, (Cut and Come Again.) A fine perpetual blooming Stock, growing about two feet high. If sown early, it commences blooming in June and continues until destroyed by frost. Its most valuable feature is that it produces perfect flowers during September and October, when other varieties sown at the same time have faded. It throws out numerous side branches bearing clusters of very double pure white fragrant blossoms, and is excellent for cutting.

Price 10 cts.

Stock, Large Flowered, Dwarf Pyramidal. Ten weeks. Pure white; a fine low growing sort; extra large truss and floret; very fragrant.

Price 10 cts.

Stock, Large Flowered or Dwarf Pyramidal. Ten weeks. Same as above in many colors; mixed.

Price 10 cts.

Stock, Large Flowered Dwarf. Ten weeks. A fine variety for general purposes, for cutting or for show; free flowering; mixed.

Price 10 cts.

All of above Stock seed is German grown, from pot plants only, and will produce a large per cent of finest double flowers.

Price 5 cts.

Stock. Ten weeks. A fine mixture, in many colors.

Price 5 cts.

SCHIZANTHUS HYBRIDUS GRANDIFLORUS.

"The Poor Man's Orchid." Only few annuals can compare with the floriferousness and beautiful fantastic colors of this beautiful novelty. It grows to a height of about 12 inches, growing in a pyramidal and compact bush which is completely covered with flowers. These blooms are very varied in magnificent combinations and pretty shades of the orchid-like flowers. They may be sown early and transplanted into the open ground or sown directly in the garden. Growing so bushy and compact they may be transplanted in the fall to pots and will bloom profusely through the winter.

Price 20 cts.

STANDARD FLOWER SEEDS.

The below varieties are so well known that but brief descriptions are necessary. None of them should be overlooked, however, on account of the brevity of the description, for many of our finest annuals will be found here and they are all indispensable for the flower garden.

	PER PKT.		PER PKT.
Alyssum, Nem Dwarf Sweet (Little Gem).		Aquelegia or Columbine. Supertine, mixed.	
Plants are of very dwarf, compact, spreading habit and only three to five inches in height, each plant covering a circle from fifteen to thirty inches in diameter. Free blooming.	.05	These charming plants are perfectly hardy, and form large clumps bearing innumerable double and single flowers through May and June. Our mixture is a fine one, ranging in colors from pure white, pale blue, deep blue, purple, yellow, variegated, scarlet tipped with green and innumerable variations.	.10
Alyssum, Sweet. Too well known to need description.	oz. 15 cts. .05	Aquelegia, Chrysanth Nana Alba. Early blooming, dwarf growing, white or "Decoration Day Flower."	.10
Antirrhinum, Queen of the North (new).		Aquelegia, Chrysanth. Golden Spurred Columbine. A beautiful variety; flowers bright yellow, produced freely all summer; very hardy.	.10
One of the most beautiful of Snapdragons. Large, white flowers of a delicious perfume. Elegant for cut flowers and bouquets.	.05		
Antirrhinum. Mammoth white and shades of cream mixed; very fine for cutting.	.10		
Antirrhinum, Snap Dragon. Mixed.	.05		

Abrus Precatorious, or *Weather Plant*.
 This wonderful "Weather Plant." of the West India Islands, is now successfully cultivated in gardens. It has a very beautiful foliage and blossoms, and it is claimed that the state of the weather may be told for some time in advance by the positions the leaves assume. Seeds bright scarlet, very beautiful and hard. Soak well in warm water before sowing. .10

Abutilon. Finest mixed. .10

Acacia, finest mixed. .10

Acerolineum, everlasting, mixed. .05

Ageratum, *Dwarf White*. .05

Ageratum, *Dwarf Purple*. .05

Amaranthus, *Tricolor* (Joseph's Coat). .05

Bachelors' Button, fine mixed. .05

Balloon Vine, *Cardiospermum*. .05

Balsam, extra fine mixed. .10

Balsam, good mixed. 1.05

Calliopsis, mixed. .05

Canna, *Indian Shot*. Mixed, very fine. .05

Canna, New French Varieties, mixed, extra. .10

Candytuft, *Giant Hyacinth Flowered*. This grand new kind is far superior to that well known kind, "Empress," heretofore the best of its class. The flower heads are of immense size sometimes six inches long and three inches across. .05

Candytuft, *Fragrant White*. White, fragrant; fine for bouquets. .05

Candytuft, *Empress*. Produces large trusses of pure white flowers; assumes, when in full bloom, a beautiful tree form; very fine. .05

Candytuft, *Rochet*. Large umbels of pure white flowers. .05

Candytuft, *Dark Red*. Fine for cutting, a strong grower. .05

Candytuft. New, dwarf hybrids, mixed; new and very effective. .05

Candytuft. All sorts mixed. (oz. 20 cts.) .05

Campanula. A wonderful fine class of hardy perennials well suited to any kind of soil. Seed from the most select varieties only. Finest mixed. .10

Campanula, *Persicifolia*, (Angel Bells). Pure white; extra. .10

Carnation, *Marguerite* (Improved). A new class of Carnations that are without exception the most abundant bloomer of all the Pinks. The flowers are of brilliant colors, ranging through many beautiful shades of reds, pinks, white, variegations, etc.; and are of perfect form and large size. They bloom in about four months after sowing the seeds. They can be potted and taken in the house and will flower through the winter. They come from fifty to eighty per cent double. Price, finest mixed, 10 cts.; pure white, .10

Carnation, *Mad. Guillaud*. In this, we have the best yellow Carnation that will bloom from seed in from four to six

months. The flowers are very large and double, borne on long, stiff stems, and clear golden yellow, very handsome in color and form. .25

MARGUERITE CARNATION.

Carnation, *Grenadin*. A new hardy, dwarf sort; very fine for garden culture; a profuse bloomer. Either white, red or mixed. .25

Carnation, *Hardy Garden*. From flowers of excellent quality. The finest mixed, hardy garden Pinks; will live in open ground without protection. .25

Carnation, *Chubaud's Double Perpetual*. This new Carnation grows from sixteen to twenty inches high. Flower stems are covered with large, handsome, very double flowers in every variety of color. It blooms in about seven months after being sown, and continues to flower in the greatest profusion. .25

Carnation, *Perpetual* or *Tree*. Seed saved from the collection of the most celebrated growers in the world. Not hardy. For pot culture only. A splendid variety of colors. .25

Calceolaria, *Hybrida Tigrida*; Spotted. Seed saved from the best collection in Europe; extra choice. .25

Cineraria, *Hybrida Grandiflora*. Saved only from extra fine, large flowering, prize varieties. This strain is unsurpassed, having a large variety of colors of fine form. .25

Centaurea, *Marguerite*. This is entirely distinct from all other "Centaureas" and the most beautiful variety known. The large flowers are of purest white, also in tints of lavender, pink and lemon, deliciously scented, exquisitely lacinated, and freely produced on long stems. .10

PER PKT.

- Centaurea Imperialis**, *Royal Sweet Sultans* (new). A new type obtained by crossing "Centaurea Marguerite" with another variety. The plant is very vigorous and produces the large flowers in great profusion. The flowers are borne on long stems the petals being finely fringed, giving a soft, feathery effect. Colors range from white through rosy pink and lilac to a dark purple. .10
- Centaurea**, *Dusty Miller*. White leaved foliage plant. .10
- Centranthus**, showy annuals thriving in poor sandy soils, mixed colors. .05
- Chrysanthemum**. Showy and effective garden favorites. Also now extensively grown for cut flowers. No place is complete without them. The annual sorts bloom the first season. The perennial varieties are very fine for out-door bloom, or for pot culture, blooming in October and November. The seed will produce single, semi-double and double flowers in great variety of colors. Price, finest mixed annual sorts, 5 cts.; fine perennial sorts, 10 cts.; finest perennial sorts, extra fine, 20 cts.
- Chrysanthemum**, *Anthemis Coronaris*, fl. pl. (Double Marguerites), *White, Yellow* or *mixed*. Price each. .05
- Chrysanthemum Frutescens**, white or Paris Daisy. .10
- Canterbury Bells**, mixed, elegant prize varieties. .05
- Canary Bird Flower**, climber. .10
- Chinese Pink**, finest mixed. .05
- Clarkia**, finest mixed. .05
- Cobea Scandens**, well known climber of rapid growth, Purple or White, either color. .10
- Cockscomb**, mixed, very fine. .05
- Cockscomb**, *Glasgow Prize*. New, very dwarf, with immense crimson combs, extra. .10
- Convolvulus Minor**, *Dwarf Morning Glory*. Finest mixed. .05
- Coreopsis Lanceolata**, *Perennial Golden Coreopsis*. Flowers are each two to three inches or more in diameter, of an intensely clear, golden yellow. Commences to bloom in June, continuing until hard frosts. .10
- Cypress Vine**. Popular vine with fern like foliage and beautiful star shaped flowers. *Scarlet, White* or *Mixed*. Price each. .05
- Daisy, Delicata** (new). This handsome new variety has very double flowers of a rosy white shade with a light purple center; a rare and lovely color. Fine either for bedding or for cut flowers. .10
- Daisy, Mixed** (*Bellis Perennis*). A favorite plant for beds or for pot culture, in bloom from April to June; seed from the finest double varieties, mixed colors; half-hardy perennial. .10

DOUBLE WHITE DAISY.

PER PKT.

- Daisy, Double White**. Extra double, pure white Daisy. .10
- Datura Wrightii**, showy white and lilac flowers. .05
- Delphinium**. Finest hybrids of the double flowering perennial, hardy Larkspurs. Seed saved from named varieties only. .15
- Dictamnus Fraxinella**, showy perennial with fragrant foliage. .10
- Digitalis, Foxglove**. Gloxinia shaped flowers, beautifully spotted. .05
- Dolichos, Hyacinth Bean**. Quick growing climber, White or Purple or mixed, each. .05
- Eschscholtzia, California Poppy**. Beautiful and popular garden annuals of easy culture forming bushy plants about one foot high. The large saucer-shaped flowers are produced abundantly from spring until fall. Our strain comprises a large variety of colors both in the single and doubled flowered. .05
- Forget-me-not**, White. .05
- Forget-me-not**, Blue. .05
- Forget-me-not**, Mixed. .05
- Feverfew, Double White**, Grandiflora. .10
- Feverfew, Golden Feather**. Pretty yellow foliage. .05
- Gilia**. Showy dwarf annuals, mixed. .05
- Globe Amaranth**. Mixed. .05
- Geraniums**, Finest mixed. .10
- Helichrysum, Everlasting Flowers**. Finest mixed. .05
- Ice Plant**. Singular icy foliage. .05
- Lantana**. New dwarf hybrids, fine. .10
- Larkspur, Dwarf Rocket**. .05
- Larkspur, Tall Stock Flowered**. Elegant long spikes. .05
- Linum, Grandiflorum Rubrum**. Mixed, showy, brilliant, scarlet crimson flowers. .05
- Lobelia, Speciosa**. Dark blue. .10
- Lupinus**. Mixed varieties. .05

LATHYRUS.

PER PKT.

- Lathyrus, Perennial Pea.** Equally as beautiful as Sweet Peas, perfectly hardy, blooming early in spring, Purple, Dark Red and Pure White or mixed. Price either sort. .10
- Lobelia.** Fine for edgings and vases, finest mixed. .10
- Marigold, Oriole (Calendula).** This is surpassingly grand and brilliant. The large double flowers are rich and glowing, bright, golden yellow. .05
- Marigold, El Dorado (or Dahlia flowered).** The large, bushy plants, of good habit, are each a ball of brilliant colors. The flowers are globular, as perfectly double as a Dahlia, and measuring three inches across. Everyone should plant these. Price, mixed. .05
- Marigold.** Finest dwarf varieties; flowers in profusion, in shades from sulphur color to dark orange; mixed. .05
- Marigold, Prince of Orange.** Florets striped with an intense shade of orange. For effective and persistent blooming in beds and groups it has no superior, its beautiful flowers being produced from spring until late in the autumn, producing a brilliant effect. .05
- Marigold.** Best French, tall. .05
- Marvel of Peru, Four O'Clock.** Mixed. .05
- Maurandia.** Beautiful, rapid climber, finest mixed colors. .10
- Mimulus Tigrinus.** Beautifully blotched and spotted, mixed. .10
- Moonflower, New Pink Hybrid.** This new variety is of marvelous growth. Seed/ger.

PER PKT.

minate very quickly and begin to bloom almost as soon as Morning Glories. The vine makes a rapid growth and covers more space than any other annual vine, and producing the blooms by the thousands all summer and fall. Its foliage is dense, luxuriant and of large size, often measuring seven inches across. Blooms are of a most exquisite soft lilac pink in color. It succeeds wherever a Morning Glory will do well. .10

NEW PINK MOONFLOWER.

- Morning Glory.** (See Convolvulus.)
- Musk Plant.** Fragrant foliage. .10
- Nicotiana Affinis.** White, sweet-scented. .05
- Poppy, Shirley.** The colors are blended in the most beautiful and showy fashion, and include almost every shade from pale rose to the most dazzling crimson scarlet, blotched and variegated in many styles. Very much pains have been bestowed upon them by the raiser, who has been carefully selecting them for years. In choicest mixture. .05
- Poppy, Iceland (Papaver Nudicaule).** The fragrant, elegant, crushed-satin-like flowers are produced in never ceasing succession from the beginning of June to October. Not only are they attractive in the garden, but for elegance in a cut state they are simply unsurpassed, and they last quite a week if cut as soon as open. They flower the first season from seed, though they are hardy herbaceous plants, and will with slight protection live over winter in any of the northern states. .05

PER PKT.

- Poppy, Maid of the Mist.** A magnificent new, single, white Poppy. The flowers are very large, petals overlapping, daintily incurved and deeply and irregularly fringed. The ovary, which is a beautiful silvery pea green, encircled with its fringe of stamens and white fluffy petals, suggest a pretty face looking out from the mist. Very chaste and pretty. .05
- Poppy, New Japanese Pompon.** Very dwarf compact bushy growth. The flowers are extremely double, being composed of a large number of soft, silky petals. A rich variety of colors. .10

POPPY, FAIRY BLUSH.

- Poppy, Fairy Blush.** Few Poppies can equal this in beauty. The immense globular flowers are perfectly double, and very large; the petals are elegantly fringed and pure white, except at the tips, where they are colored rosy cream. .05
- Poppy, Miss Sherwood (new).** This pretty new Poppy has a handsome foliage and bears in great profusion large single flowers of a shining satiny white, the upper half of the corolla being a silky rose color. This is a combination of color quite virginal in its delicacy, and must be seen to be appreciated. .05
- Poppy, Danish Flag.** Flowers brilliant scarlet, with a large silvery white blotch at the base of each petal, forming a white cross on scarlet ground. .10
- Poppy, Tulip.** Fourteen inches high and produces large flowers of the most vivid scarlet imaginable; the color being seen even from afar, of such glowing richness as to at once remind one of scarlet tulips. .05

PER PKT.

- Poppy, Fancy Mixed.** This brand contains in large packets all the kinds we advertise and many other sorts, including many odd and beautiful shades which we have procured especially for this mixture. Our customers will find it the largest variety of Poppies they have ever seen from one package. If you are a lover of Poppies try this mixture. .10
- Poppy, The Mikado.** From Japan, it is in form and character essentially a Japanese flower in its quaint, yet artistic beauty. The petals at the base are whole, while the edges are cut and fringed in most complete manner. The color is most attractive, being white at the back, while edges are a crimson-scarlet. .05
- Poppy, Dwarf Shirley (new).** Charming dwarf varieties of the above, making pretty bushy little plants, about eight inches high, and completely ablaze with the vari-colored flowers which have the same range of colors as taller kinds. .05
- Poppy, Oriental.** Single dark scarlet with black spots; a hardy perennial; showy; flowers of immense size. .10
- Poppy, Carnation flowered; finest mixed; very showy.** .05
- Poppy, Peony flowered; blooms of immense size; best mixed.** .05
- Poppy, Snowdrift.** Peony flowered; pure white. .05
- Platycodon Grandiflorum.** A hardy perennial, producing very showy flowers during the whole season. They form large clumps and are fine for planting among shrubbery; mixed colors. .05
- Platycodon Mareisi, Hardy Perennial.** A very handsome new variety for garden decoration in the summer and fall. Its many branches bear numbers of beautiful, large, bell-shaped, open flowers, of a rich violet-blue. .10
- Portulacca.** Hardy annual, fine for edgings, rich colors, mixed, single. .05
- Portulacca.** Finest double, mixed. .10
- Ricinus Zanzibarensis.** New and distinct. Their gigantic leaves, two to two and one-half feet across, and the great size of the plants surpass any other known Ricinus. We offer it in mixture. One will produce light green leaves; another coppery-brown; another brownish-purple; another with bronze leaves, all producing a rich tropical effect. .10
- Ricinus, Castor Oil Bean.** Mixed, oz. 20 cts. .05
- Ricinus, Bourbenensis.** Twelve feet, extra, oz. 20 cts. .10
- Ricinus, Gibsonii.** Dark red foliage, oz. 20 cts. .10
- Rodanthe.** A charming annual, with everlasting flowers. .10
- Rose, Little Midget or Baby Roses.** Charm-

ing little Roses that bloom from seed in a very short time, double and single in shades of pink, red, cream white and white. Very fragrant, and a pretty little novelty. .10

SALVIA SPLENDENS.

- Salvia Splendens, Scarlet Sage.** Fine for autumn decorations; growing from two to three feet high, and completely covered with brilliant scarlet flowers. Seeds should be sown early in spring, in house or hot-bed. .10
- Salvia Splendens, Compacta.** An improved form of "Salvia." .10
- Salpiglossis.** Large flowered varieties; splendid, all colors mixed. .05
- Scabiosa, Snowball.** Beautiful new white variety; extra. .05
- Scabiosa.** Finest sorts in many colors, mixed. .05
- Sensitive Plant.** .05
- Sweet William.** Fine mixed. .05
- Sweet William, Holborn Glory.** New, extra large flowered varieties, elegant shades. .10
- Smilax.** Finest climber. .10
- Torenia.** Fine for vases. .15
- Thunbergia.** Mixed, fine vase plant. .10
- Vinca.** Mixed. .05
- Violet (English),** best varieties, mixed; seed germinates very slowly. .05
- Wallflower.** Deliciously fragrant garden flowers, blooming early in the spring, with long, conspicuous spikes of beautiful flowers. They should be protected in a cold frame or cellar in the winter, and planted out in May. Half-hardy perennial, finest double mixed, all colors. .10
- Zinnia, Jacqueminot.** Dark crimson, coming quite true from seed; very showy; fine for masses or beds. Makes a fine contrast combined with white. .10

PER PKT.

PER PKT.

- Zinnia, Lilliput or Pigmy.** Charming miniature Zinnias growing about twelve inches high, and with flowers like double Dahises. Very showy for edgings, beds and pot culture, and very fine for cut flowers. White or scarlet. Each. .10
- Zinnia, Large Flowering Dwarf.** A new dwarf section, quite distinct. The flowers are as large or larger than the old class, and of much better shape, resembling Dahlias in form, and the habit of growth is compact and dwarf, rarely growing over two feet high; mixed. .05
- Zinnia, Giant Mammoth (mixed).** A class of Zinnias, differing from the older ones in its robust habit of growth, and the immense size of the perfectly formed, very double flowers of various striking colors. The plants rise to a height of three feet, and bloom freely during a long period. The luxurious growth and the large bright flowers make it valuable for large groups. .05
- Zinnia, Curled and Crested.** Magnificent variety of colors. From this, by preserving selection and careful culture, we have a new strain of double flowering, curled and crested Zinnias, which eclipse in beauty, beyond all question, any other types of this popular garden annual in existence. The flowers are of perfect form—large, round, full and double, the petals being twisted, curled and crested into the most fantastic contortions and graceful forms, rendering them entirely free from the stiffness which was heretofore characteristic of the family. .05
- Zinnia, Large Flowering Dwarf.** Pure white. .05
- Wild Flower Garden Mixture.** All kinds, mixed, contains nearly all the varieties we advertise, and many besides. These if sown in one bed, will make what is called the crazy bed. Put up in large packets, and very popular where a quantity of flowers are wanted, and in the largest variety for a little money. .10
- Candytuft, Queen of Italy.** This new Candytuft is one of the most beautiful of all. The plants form dwarf, compact bushes, which are covered with very large pink blooms. It is one of the best of plants for borders and carpet beds on account of its habit, beautiful color and freedom of bloom. A row of this is a beautiful sight when in bloom. .10
- ORNAMENTAL GRASSES.**
- Agrostis Nebulosa.** Hardy annual, one foot. .05
- Briza Maxima, Large Quaking Grass.** .05
- Briza Gracilis, Slender Quaking Grass.** .05
- Bromus Brizæformis.** A fine grass. .05
- Chloris Barbata.** Pretty and curious. .05
- Coix Lachrymæ, Job's Tears.** .05
- Stipa Pennata, Feather Grass.** Hardy. .05
- Gynerum Argenteum, Pampas Grass.** .05

Burpee's White Wonder (see cut next page).

One of the most unique novelties in large flowering, tall Sweet Peas yet produced. Some idea of its character may be obtained from the illustration which was engraved from a photograph. The flowers are pure white, of the largest size, and are borne six to eight and frequently as many as ten to twelve large flowers on one long, stout stem. The flowers are well placed near top of stem, and generally all facing one way. The vines are most profuse in bloom, being of unusual vigor, the stems frequently coming double, that is, two stems seem to be united in growth throughout their entire length, which indicates strong vigor. Price 10 cts.

Mrs. Willmott (new). This new, giant flowered Sweet Pea is of the richest orange pink delicately shaded rose. The flowers are enormous, being borne on long stems. A fine new variety, well worthy of trial. Price 5 cts.; oz., 15 cts.

Coccinea (new). A distinct new color and a beautiful shade. The flowers are self-colored in a bright, rich cherry, intensely brilliant and decidedly new. Price 5 cts.; oz., 10 cts.

Mont Blanc. The earliest blooming white Sweet Pea, fully two weeks earlier than "Emily Henderson." Plant this variety if you want the earliest blooms. Price 5 cts.; oz., 10 cts.

Salopian, Improved Sunproof. This is decidedly the finest scarlet Sweet Pea to date. Flowers of largest size and finest shape. In size, brilliancy and lasting substance this new variety surpasses all others. Price 5 cts.; oz., 10 cts.

Mrs. Fitzgerald. Flowers are of a soft cream color, flushed and edged delicate rose, and for decoration has a captivating effect. A pretty variety which should be included in your list. Price 5 cts.

Fascination. This has been greatly admired by everyone who has seen it growing. Color, heliotrope, flushed mauve. Price 5 cts.

Snapdragon. These are unique and interesting, the standard never expanding but closely overlapping the wings. Color, creamy white, tipped with bright rose. They are very fragrant. Price 5 cts.

New Bush Sweet Pea. The Bush Sweet Pea grows in perfect bush-form, requiring no trellis like the tall Sweet Peas. An

average bush grows sixteen to eighteen inches high, by from twelve to fourteen inches wide. All the flowers are borne on top of the plant, and the proper way to treat this new type, will be to plant the seed in a row to make a neat, even hedge, when no supports whatever will be required. Flowers are of good size and perfect hooded form. Our mixture comprises many colors. Price 5 cts.; oz., 10 cts.

Dwarf Cupid. These grow only about six to eight inches high, and are usually covered with a sheet of bloom; and sown as a border they form a line of green over a foot wide. The flowers are fully as large as the taller sorts, but placed closer together. Our mixture contains over fifty distinct colors and varieties. Everyone should plant these. Price 5 cts.; oz., 10 cts.

Admiration. A most charming and distinct new variety of a most delicately beautiful pinkish lavender throughout. Price 5 cts.; oz., 10 cts.

Sadie Burpee. The finest white to date. This new Sweet Pea is of the purest snow white and of the very largest size. The flowers come in threes at the summit of a stiff stem, and last well when cut. Price 5 cts.; oz., 10 cts.

Navy Blue. A most distinct and striking color in Sweet Peas. The general effect is of a rich deep true blue, suffused throughout with a faint tint of claret or wine-red, while the wings are a rich violet purple.

Price 5 cts.; oz., 10 cts.

Stella Morse. The blossom opens with quite a suggestion of yellow—a most fascinating shade of deep cream. About the third day it is a delicate primrose with a faint rose-pink on the edge. Price 5 cts.; oz., 10 cts.

Earliest of All. Identical with the "Extra Early Blanche Ferry," except that it is more dwarf in growth and comes ten days earlier. Plant a few for early. Price 5 cts.; oz., 10 cts.

New Countess. Flowers are of the largest size and a pure light lavender throughout, both on standard and wings. Price 5 cts.; oz., 10 cts.

Daybreak. In color it has a white ground, and on the reverse of the standard is a crimson-scarlet cloud, which shows through in the fine veins and network, the outer margins being white. The wings should be white, but are sometimes slightly flaked with crimson. Price 5 cts.; oz., 10 cts.

Catherine Tracy. Its form is perfect. The color is a soft but brilliant pink of precisely the same shade in wings and standard, retaining its brilliancy to the last, burning and fading less than any other pink variety.

Double Sweet Peas. From thirty to fifty per cent of these will come true, i. e. with extra petals. We offer as good a strain as there is. Price 5 cts.; oz., 10 cts.

Gray Friar. A most distinct pretty variety heavily shaded with watered purple markings on creamy white ground. Price 5 cts.; oz., 10 cts.

Lovely. Exquisite pink; wings delicate rose; a charmingly colored, large, grand flower. Price 5 cts.; oz., 10 cts.

Ramona. Flowers of fine form. Its coloring is delicately beautiful; creamy white, daintily splashed and striped with pale pink. Price 5 cts.; oz., 10 cts.

Donald Tennant. Flowers warm violet, very large and finely formed. Standard broad, incurved or hooded; wings very large, rounded. Price 5 cts.; oz., 10 cts.

BURPEE'S WHITE WONDER.

Price 5 cts.; oz., 10 cts.

Price 5 cts.; oz., 10 cts.

Price 5 cts.; oz., 10 cts.

Price 5 cts.; oz., 10 cts.

Price 5 cts.; oz., 10 cts.

Price 5 cts.; oz., 10 cts.

Aurora. Immense flowers borne three and four on a stem; the stems are extra long and strong. The color effect is gorgeous; both standard and wings are flaked and striped on a white ground, with bright orange-salmon. Price 5 cts.; oz., 10 cts.

Lottie Eckford. Both standard and wings are clear white, delicately shaded porcelain blue, distinctly margined lavender. Price 5 cts.; oz., 10 cts.

Captain of the Blues. One of the largest blue flowered sorts. Standard very broad and bright purple blue; wings broad, and a lighter and brighter blue than the standard. Price 5 cts.; oz., 10 cts.

Princess of Wales. A lovely variety, shaded and stained with mauve on a white ground in a most pleasing manner. Price 5 cts.; oz., 10 cts.

Mrs. Gladstone. One of the most delicately shaded varieties; when opening, the blooms are buff and light pink, changing to a beautiful soft blush, darker at base of petals. Price 5 cts.; oz., 10 cts.

Miss Blanche Ferry, or Improved Painted Lady. It bears large pink and white flowers like "Painted Lady," but is much more free flowering, and ten days earlier in blooming. The flowers have a deeper, richer coloring and greater fragrance. Earlier, more and finer flowers, and longer in bloom. We still sell more of this variety than any other one variety. Price 5 cts.; oz., 10 cts.

Emily Henderson. Absolutely pure white. The flowers are large, and good form. Flowers early and borne on long stems. Price 5 cts.; oz., 10 cts.

The Senator. Standards splendidly expanded, color chocolate, shaded and striped creamy white. One of the finest of the dark varieties. Price 5 cts.; oz., 10 cts.

Stanley. A magnificent, large flower, standards rich mahogany-brown, wings garnet-maroon. This is an improved "Boreatton." Price 5 cts.; oz., 10 cts.

Monarch. Splendid large flowers; standards bronzy crimson, wings a rich, deep blue; three flowers on a stem. Price 5 cts.; oz., 10 cts.

Monadnock Gilt Edge Mixture. Our customers desiring a large variety of the newest kinds and in the finest shades, should give this brand a trial. We have received many words of eulogy and praise in regard to this magnificent mixture. It is made up of the foregoing sorts with the following choice named varieties, and many others:

Apple Blossom, Black Knight, Blanche Burpee, Blushing Beauty, Brilliant, Celestial, Coquette, Countess of Aberdeen, Duke of Clarence, Emily Eckford, Her Majesty, Meteor, Mrs. Jos. Chamberlain, Oriental, Peach Blossom, Red Riding Hood, Sensation, Juanita, Countess of Powis, Crown Jewel, Duke of Southerland, Gorgeous, Lady Grisel Hamilton, Mikado, Lady Nina Balfour, Maid of Honor, etc., etc. Packet, 5 cts.; oz., 10 cts. All combining and making one of the finest assortments ever offered, and at a price no higher than many of the cheaper mixtures. Price of this mixture *without discount*, and in larger quantity is as follows: 1-4 lb. 25 cts.; 1-2 lb. 45 cts.; 1 lb. 75 cts.; postpaid.

We are receiving many testimonials in regard to the sterling quality of our Sweet Peas. Many have written us who have had poor luck with their Sweet Peas heretofore, that they have splendid luck with our Monadnock Gilt Edge strain, and that they will plant no other. If you want strong, vigorous Sweet Peas you should plant no other. Our sales are increasing very largely every year.

ASHBURNHAM, MASS., May 26, 1903.—*L. P. Butler & Co.* Dear Sirs: I find your seeds the best of any I have. Very truly,
MRS. A. E. MERRITT.

ROCHESTER, N. H., May 14, 1903.—*L. P. Butler & Co.* Dear Sirs: The plants and seeds arrived in fine condition this week and am very much pleased with them, also your liberality in filling my order. Very truly,
ANNIE D. GERRISH.

WARREN, N. H., April 9, 1903.—*L. P. Butler & Co.* Dear Sirs: My last order for plants received a few days ago and was much pleased with them. All came in nice shape. Yours respectfully,
MRS. W. C. GORDON.

BETHEL, VT., June 5, 1903.—*L. P. Butler & Co.* Dear Sirs: The plants were very satisfactory and we thank you very much for your generosity. Very truly,
ANN SARGENT.

Our vegetable seeds comprise the best standard and new sorts. We might offer a much larger list of varieties, but it seems useless, as

the kinds offered are of the greatest merit, and, in our estimation, all that can be desired. We have taken the greatest pains to produce seeds of the choicest quality, and can assure our customers that the stock here offered, is, in freshness and purity, second to none in the country. All prepaid at prices given, except as noted.

✓ **Asparagus, Conover's Colossal.** Best of all.
Price 5 cts.; oz., 10 cts.

✓ **Beet, Crimson Globe (new).** This grand variety is a new Beet from England. Extremely handsome either as a second

early or main crop Beet. They are very smooth, being free from fibrous roots and having only a very slender tap root. Quality of the very best, being of *superb quality* and remarkably sweet and tender. Flesh is a very handsome deep red, slightly zoned. Has very small tops, and altogether is a fine new acquisition.

✓ **Beet, Eclipse.** Intense, deep blood-red, small top. Sow late for winter use, one of the best, either for winter use or for an extra early.
Price 5 cts.; oz., 10 cts.; 1 lb., 60 cts.

✓ **Beet, Dewing's Improved Blood Turnip.** Fine turnip form, very symmetrical in shape, and free from any fibrous roots. Flesh deep blood-red, very tender and sweet; grows uniformly to a good size. Early, and when sown late, is desirable for winter. Price 5 cts.; oz., 10 cts.; 1-4 lb. 15 cts.; 1 lb. 70 cts.

✓ **Beet, Crimson Early.** This Beet is the earliest variety in cultivation, and is ready to market in six weeks from time of sowing. The tops are short and green, and the bulbs of beautiful shape. The skin is deep blood-red in color; the flesh very dark, of finest quality. As an early Beet it has no equal.
Price 5 cts.; oz., 10 cts.; lb., 70 cts.

✓ **Beet, Edmund's Early Turnip.** This is the most uniformly "thoroughbred" of all Beets; with very small tops, the neat short foliage being of a bronzy red. The Beets are of a handsome round shape, very smooth. It does not grow very large and coarse as do most varieties of the Turnip Beet.
Price 5 cts.; oz., 10 cts.; lb., 60 cts.

✓ **Beet, Crosby's Early Egyptian.** Fine for summer use; turnip shape, one of the best for first early. A fine market gardeners' Beet, as it is very early, fine color and small tops. Price 5 cts.; oz., 10 cts.; 1 lb. 70 cts.

BEET, CRIMSON EARLY.

Beet, Swiss Chard (Silver or Sea-Kale). This variety is grown for its leaves only; the middle of the leaf is cooked and served like Asparagus; the other portions of the leaf are used like Spinach. Each year this becomes more popular as it becomes better known.

Price, pkt., 5 cts.; oz., 10 cts.

Beet, Stinson. True dark red variety. Excellent for the garden, this is particularly valuable for forcing, because it produces less foliage than any other variety. The roots are smooth and regular in form; the skin a dark blood-red. The flesh is fine grained and free from woodiness, remaining in a fine condition a long time. Of a rich color, the Beets cook dark blood-red.

Price 5 cts.; oz., 10 cts.

Beet, Mangel Wurzels. For stock. The three following sorts are among the best. *Norbitan Giant*, improved long red, an immense yielder; *Golden Tankard*, an improved yellow globe, a great yielder; *Gate Post*, handsome variety with orange skin and white flesh, has no sprangling roots, very small top and is a heavy cropper. Price, either sort, oz., 5 cts.; 1-4 lb., 15 cts.; lb., 35 cts., prepaid; by express, not prepaid, 25 cts. per lb.

Bean, Extra Early Golden Cluster Pole. Long, golden-yellow pods, borne in clusters; extra early, stringless, snaps very easily, vigorous, prolific, popular; quality tender, delicious. It is unequalled for earliness, productiveness and fine quality. The pods are almost round, entire stringless, remarkably rich, tender and buttery when cooked; of the best possible flavor. The pods are fit to use when only two or three inches long; keep their fine, tender, rich and buttery qualities until fully ripe. The most productive Bean in cultivation.

Price, 10 cts.; pint 30 cts. postpaid.

Bean, Worcester Horticultural Pole. This is a big improvement over the old standard "Horticultural." The pods are extra large, and of a most brilliant carmine color, thus making them very attractive for market. Both pods and Beans are much larger than the ordinary sort, and produced in great profusion.

Price, pkt. 10 cts.; pint, 30 cts. postpaid,

Bean, Horticultural Pole or Pole Cranberry. Standard sort. Price, pkt., 10 cts.; pint, 25 cts.

Bean, White Caes-Knife. Early pole Bean, with pods very long, flat, irregular, green, changing to cream white, useful both as a shell and string Bean.

Price, pkt., 10 cts.; pint, 25 cts.

Bean, King of Garden. Large, pole Limas; a grand Bean, but rather late for northern gardens.

Price 10 cts.; pint, 30 cts.

Bush Bean, Stringless Green Pod. This splendid new Bean combines in itself these exceptional merits, viz: Unusual hardness, extreme earliness, wonderful productiveness, handsome appearance and fine quality. Pods are rich green, very round and straight, solidly meaty and broad, very tender, brittle, and of the finest flavor, always stringless.

Price, pkt. 10 cts.; pint, 25 cts. postpaid.

Bush Bean, Saddle-Back Wax. Unequaled by any other Wax Bean in cultivation. The growth of the bush is vigorous. It is a profuse bearer, the plants in ordinary field culture bearing usually from twenty-five to forty pods each. The pods are long, round, very full of meat. When broken between the beans there is no open space—the pods being filled with meat. Unequaled in quality, with handsome, fleshy pods, as thick as they are wide, and absolutely stringless.

Price, pkt., 10 cts.; pint, 25 cts.

Bush Bean, Golden Wax. A strong growing, distinct variety, at least a week earlier than the "Black Wax." The pods are long, brittle, and entirely stringless. A standard variety and very popular. We sell large quantities every year.

Price, pkt., 10 cts.; pint, 25 cts. postpaid.

Bush Bean, Rust Proof Golden Wax. This variety excels all others in its comparative freedom from rust. The straight handsome pods are very thick meated, and fine quality. Very popular with every one who has tried it.

Price, pkt., 10 cts.; pint, 25 cts. postpaid.

Bush Bean, Carmine Poddled Dwarf Horticultural. This is an earlier Bean than the old standard variety. The pods are a bright rich red in color, making it very desirable for market. Quality is of the best. Indispensable in every garden.

Price, pkt., 10 cts.; pint, 25 cts. postpaid.

Bush Bean, Long Yellow Six Weeks. Early, very productive and of excellent quality. Pods are often eight inches long. Very popular for market.

Price, pkt., 10 cts.; pint, 25 cts. postpaid.

Henderson's Bush Lima. Fit to use from two to three weeks earlier than any other variety of

the climbing or Bush Limas. It grows about eighteen inches high, and produces immense crops of delicious Lima Beans, continuing to bear until cut down by frost. Price, pkt., 10 cts.; pint, 25 cts. postpaid.

Burpee's Bush Lima. The only bush form of the true, delicious, large Lima. Of splendidly vigorous, upright, bushy habit of growth, great uniformity and trueness to type, and always bearing the delicious large Lima Beans in great abundance. This requires the same season for growth as the pole Lima, and can be grown only where that variety succeeds. Price, pkt., 10 cts.; pint, 25 cts. postpaid.

Quarts of above varieties of Beans double the price of pints. If to be sent by Express deduct 20 cts. per quart from above prices. Write us for quotations for larger quantities.

Brussels Sprouts, Perfection. The plant grows about two feet high, and produces from the stem numerous little sprouts, one to two inches in diameter, resembling cabbage in miniature. Price 5 cts.

Cabbage, Danish Ballhead or Hollander. This is a new type highly esteemed for winter use by reason of the great solidity and excellent keeping qualities of the heads. The heads are nearly round in form, very hard and solid. This variety has been bringing much higher prices in open market because of this remarkable solidity of the heads. Price 5 cts.; oz., 30 cts.

Cabbage, Savoy. The best of all for home use. The plants are vigorous, very sure heading, uniformly savoyed, and heads globular. Price 5 cts.; oz., 20 cts.

Cabbage, Succession. Its earliness, uniform large size, solidity and sure heading qualities, make it a most valuable Cabbage either for private use or market. Larger than "Early Summer," and fine for a succession to the early varieties. Price 5 cts.; oz., 25 cts.

Cabbage, Early Winningstadt. A well known and very popular second-early variety; heads large, decidedly conical; leaves a bright, glossy green; heads very solid and hard, even in summer. This is a very sure heading variety, valuable not only for early use, but for winter Cabbage; its vigorous growth enables it to withstand unfavorable conditions and hence very popular for general use. Price 5 cts.; oz., 30 cts.

Cabbage, All Head. In this variety selection has been made to secure the largest early heads, with the fewest loose leaves. The deep, flat heads are solid and uniform in color, as well as in shape and size. By reason of the compact habit of growth, and absence of loose leaves, fully one thousand more heads can be obtained to the acre, than of most other varieties of the same size. Price 5 cts.; oz., 30 cts.

Cabbage, Early Summer. This variety is deservedly popular with market gardeners. It forms large, solid, round, flattened, compact heads, of excellent quality. Price 5 cts.; oz., 20 cts.

Cabbage, Early Jersey Wakefield. The great favorite with market gardeners; the earliest, and sure to head. Our seed is true and the best. Price 5 cts.; oz., 25 cts.

Cabbage, Stone Mason. Very popular market variety, for fall and winter use; a sure header and long keeper. Price 5 cts.; oz., 20 cts.

Cabbage, Premium Flat Dutch. One of the best winter sorts in cultivation; of fine quality and large size. Price 5 cts.; oz., 20 cts.

Cabbage, Large Red Drumhead. Larger heads than the old "Red Dutch." Heads round in shape, of deep color, and remarkably hard and solid. Price 5 cts.; oz., 20 cts.

Cabbage, Autumn King. "Solid as a rock." The large, broad heads are very thick through, slightly rounded at the top; fine grained and tender—more so than any other large Cabbage. If you want first premium at fair, for largest Cabbage, try this. Price 5 cts.; oz., 25 cts.

FLAT DUTCH CABBAGE.

NEW IMPROVED SHORT WHITE CARROT.

Carrot, New Improved Short White. This new distinct field Carrot will take first rank owing to its enormous productiveness and the ease with which it can be harvested. It is half-long, very heavy at the shoulder, color light green above ground, white below, flesh rich white, solid, crisp, and of excellent flavor. As a heavy cropping, easily harvested white Carrot it is probably the best of its class. Everyone who raises roots for stock should try this fine variety. Price, oz., 10 cts.; 1-4 lb., 20 cts.; lb., 60 cts., postpaid.

Carrot, Imp. Long Orange. Too well known to need description; an immense yield; fine for stock. Price 5 cts.; oz., 10 cts.; lb., 75 cts.

Carrot, Chantenay (or Model Carrot). For table use it is probably the best in shape and finest in quality of all. They are a little longer than the "Short Horn," being thicker at the shoulder, and hence more productive; always very smooth and fine in texture. Price 5 cts.; oz., 10 cts.; lb., 90 cts.

Carrot, Danvers. Grown largely everywhere, on account of its great productiveness and adaptability to all classes of soil. Tops medium size; roots deep orange, large, but medium length, tapering uniformly to a blunt point, smooth and handsome; flesh, sweet, crisp, tender, and of a deep orange color. This variety, although the roots are shorter, produces as large a bulk as the older field sorts, and is easier harvested. Price 5 cts.; oz., 10 cts.; lb., 90 cts.

Cauliflower, Early Snowball. Probably grown more than all other varieties together. It is exceedingly early and hardy, and is one of the surest to make a solid, compact head; also more and more in favor for planting for the late summer and fall crop. We have best seed procurable, and confidently recommend it as equal to that offered by anyone. Price, 1-2 pkt., 15 cts.; 1 pkt., 25 cts.; 1-4 oz., 75 cts.

Catnip. Price 5 cts.; oz., 25 cts.

Celery, Winter Queen. The finest dwarf, winter Celery yet introduced. Of a rich, green coloring, it is yet easier blanched than any other green winter Celery. It grows stout, thick, heavy stalks with double the amount of heart of other varieties. It has a delicious nutty flavor, and above all is an extra good winter keeper. Everybody should try this. Price 10 cts.; oz., 30 cts.

Celery, Golden Self-Bleaching and White Plume. These two fine varieties have their inner stalks bleached at all stages of growth, so that slight banking for a few days gives a perfect bleach. The "White Plume" is earliest, but the "Golden" is one of the finest of all. Price, either sort, 5 cts.; oz., 25 cts.

Celery, Pink Plume. Identical with "White Plume," but with the added merit of the stalks being exquisitely suffused with pink. Price 5 cts.; oz., 25 cts.

Celery, Giant Pascal. Fine for winter use. The stalks are remarkably large, thick, solid and stringless. It is the largest Celery grown as regards width and thickness of stalks. When fully grown, the outer stalks are very thick, averaging two inches wide. Price 5 cts.; oz., 20 cts.

Celery, Boston Market. Excellent quality. One of the best for late fall and winter use. Price 5 cts.

Corn, First-Crop. Superior to all others very early sorts, larger, earlier and very much sweeter; of dwarf habits, kernels white; ears eight-rowed and of good size. The sweetest sort for first crop. "First-Crop" is the best very early Corn we have ever grown. Pint, 30 cts.; qt., 55 cts. postpaid.

Corn, Country Gentlemen. The finest of all sweet Corns, retaining its delicate tenderness and flavor even when a little old. For private family use, where quality is of the first consideration, it has no equal. The ears of good size, and are produced in great abundance, the average is three ears to a stalk, great depth to the kernels, which are of pearly whiteness. But the great merit is its delicious quality. Pint, 30 cts.; qt., 55 cts. postpaid.

Corn, Cory. (White Cob.) A standard extra early sort; good for home use and extra for market.

Corn, Early Shaker. Fine to follow "Cory;" very sweet; good for home or market.

Corn, Black Mexican. Medium early; good to follow "Shaker;" one of the sweetest.

Corn, Evergreen. The best late sort; large, sweet and fine.

Corn, Squantum. One of the sweetest varieties, and is largely used for market and canning. It is a general favorite, and is wonderfully productive. The variety used almost exclusively at the famous Rhode Island clambakes, which is sufficient evidence of its quality. Medium to late.

Corn, Crosby's Early. Early and a great favorite. Rather small ears, but productive and of excellent quality. A favorite for family use.

Corn, Metropolitan. This new variety is only about two days later than Cory. A very strong grower, growing about five and one-half feet high, the ears being set

CROSBY'S EARLY CORN, low and producing from two to three to a plant. They are uniformly nine inches long, ten to twelve rowed, well filled to the tips, with large deep grains which are of splendid quality. Practically free from smut, and with a strong thick husk.

Price, above varieties Corn, except where noted, large pkts. 10 cts.; pint, 30 cts.; qt. 50 cts. prepaid. If by express, deduct 5 cts. per pt.; 10 cts. per qt. from above prices.

Corn, Ensilage, Improved Leaming. Very tall and leafy, fully maturing its very large ears. Excellent sort for the silo. Price 75 cts. per peck; \$1.75 per bushel, by express or freight.

Corn, Ensilage, Sanford. Stalks extra large and numerous. Extensively planted for the silo. Prices same as for "Leaming."

Corn, Field, Longfellow. A carefully selected strain of yellow field corn, with remarkably long ears, with very small cob and large kernels. A heavy yielder.

Price 35 cts. per qt., postpaid; 70 cts. per peck; \$2.25 per bushel, by express or freight.

NOTICE. Deduct 8 cts. per lb. from prices where seeds are to be sent by express.

Cress, Water. One of the most appetizing, delicious flavored of small salads; it does well in very moist situations, but thrives best in shallow water on the edges of streams, where it grows most luxuriantly. It is a hardy perennial. Price 10 cts.

Cucumber, Long Green. Long fruit of excellent quality; dark green, firm and crisp. This is the improved sort, fine for all purposes. Price 5 cts.; oz., 20 cts.

Cucumber, Japanese Climbing. A very popular climbing variety, good for trellises or back yard fences, fruit handsome shape and fine quality. Price 10 cts.

CUMBERLAND PICKLE CUCUMBER.

Cucumber, Cumberland Pickle (new). This handsome new variety is the result of eight years careful breeding by one of the leading growers in the U. S. Vine is a rapid, strong, vigorous grower, and very prolific. The fruit grows very firm, solid and crisp, and being thickly set with fine spines over the entire surface, it has a very handsome appearance. Price 10 cts.; oz., 25 cts.

Cucumber, Nichol's Medium Green. We consider this most valuable as a pickle sort, and for early forcing purposes or for slicing there is no better variety. It is exceedingly productive, of medium size, and always straight and smooth. Color dark green, the flesh tender and crisp. Price 5 cts.; oz., 20 cts.

NICHOL'S MEDIUM GREEN.

Cucumber, Imp. White Spine. One of the most popular either for slicing or for pickles; abundant bearer of fine quality. We have an extra nice strain. Price 5 cts.; oz., 20 cts.

Cucumber, Emerald. This beautiful new Cucumber is a seedling of the "White Spine," and retains all the good points of its parent, with the addition of a rich, dark-green skin, entirely free from spines. It is strictly an evergreen, retaining its color until fully ripe. The long, straight, handsome fruits are produced early and abundantly. Price 5 cts.; oz., 20 cts.

Cucumber, Cool and Crisp. The earliest and most productive of all pickling Cucumbers. At the pickling stage they are straight, long, even and slim, and until fully grown are of a dark-green color. One of the best pickling varieties, also excellent for slicing. Price 5 cts.; oz., 20 cts.

Dandelion. Large leaf, new French sort, double the size of common variety. Sown in spring or summer, fit to cut following spring. Price 5 cts.; oz., 50 cts.

Egg Plant, New York Spineless. Fruit of largest size, and quite free from spines; of splendid quality. Price 10 cts.

Fennel. The leaves boiled, enter into many fish sauces. Price 5 cts.

Gourds, (ornamental). Contains the following sorts: *Gooseberry, Club, Nest Egg, Lemon, Bottle, Onion, Orange, Pear, Serpent, Sugar Trough, Dipper and Dishcloth.* Price, separate or mixed, 10 cts.

Kale, German Dwarf Curled. Sown in spring for summer use, and in fall for spring. A very hardy variety. Price 5 cts.; oz., 10 cts.

Lavender, Lavendula Vera. An aromatic, medical herb. Price 5 cts.

Lettuce, Iceberg. The large, curly leaves which cover the outside of the solid heads are of a bright, light green, with reddish tinge on the edges. Price 5 cts.; oz., 15 cts.

Lettuce, Deacon or San Francisco Market. The heads are very solid and of excellent flavor, and remain in condition for use as long as any variety in cultivation. Plant medium size, with very few outer leaves; one of the best varieties for summer use. Price 5 cts.; oz., 15 cts.

Lettuce, Mignonette. A small, sturdy, russet-colored Lettuce, distinct and unique. The entire plant measures only seven inches in diameter, and is more solid and compact than any existing variety. The outer leaves are few. The leaves are richly colored with russet-red and bronze-green of varying shades. Price 5 cts.; oz., 15 cts.

GOURDS.

Lettuce, Perpetual. Our customers will be especially pleased with this variety for a summer Lettuce, as it is of the finest quality and remains for a long season tender and crisp; unexcelled as a long standing sort, combining tenderness, beauty and delicate flavor. Price 5 cts.; oz., 15 cts.

Lettuce, Prize Head. An early sort, deep green, so washed with red as often to appear more red than green; forming a head of a dense mass of leaves rather than one like a cabbage, and very slow to run to seed; leaves large, nearly round, frilled at the edge, and densely blistered, and are exceedingly crisp, tender and good flavored, and not bitter as early as other varieties. Price 5 cts.; oz., 15 cts.

Lettuce, Black Seeded Tennis Ball. Early hard head; few outside leaves; grown largely under glass and early for gardens. Price 5 cts.; oz., 15 cts.

Lettuce, Hanson. Improved Hard Heading Stock. Heads green outside and white within; grows to a remarkable size, very solid, and is refreshingly sweet, crisp and tender. It withstands the hot sun. Most of the heads are so solid that they do not send up any seed stalks unless cut open with a knife. A very popular variety. Price 5 cts.; oz., 15 cts.

Lettuce, Boston Curled. Ornamental; fair quality. Price 5 cts.; oz., 15 cts.

Lettuce. Above eight varieties mixed. A fine variety for a small amount of money. You can get early, medium and late in one package. Price 5 cts.; oz., 15 cts.

NEW MUSTARD, FORDHOOK FANCY.

New Mustard, Fordhook Fancy.

This fine new variety is distinct from anything in cultivation, the edges of the beautiful dark green leaves being curled and lacinated almost as thoroughly as double curled parsley, making the leaves equally as desirable for garnishing. So attractive is the habit of growth and the feathery effect of the finely fringed leaves that it is quite worthy of a place as an ornamental plant aside from its utility as a salad or boiling green. It is more productive than any other variety from early spring sowings and more stubborn in running to seed. It stands well even during the hot summer months. By making several sowings a few weeks apart, a continuous growth of fresh tender leaves may be had throughout the season. Even those who do not care for mustard as a piquant salad will be delighted with the leaves of "Fordhook Fancy" cooked like spinach any time during the summer. It is even superior to the best spinach in flavor. Don't fail to try it.

Price 10 cts.; 20 cts. per oz.

Price 5 cts.; oz., 10 cts.

Price 5 cts.

Mustard, Chinese. Leaves twice the size of the ordinary white Mustard; stems more succulent; flavor pleasantly sweet and pungent.

Marjoram, Sweet. For seasoning.

Musk Melon, Nettle Gem (Rocky Ford). The best, early, small, green-fleshed Melon known today. Shape is almost a perfect globe, weighing from one and a quarter to one and a half pounds each. They are thick meated, the flesh is light green in color, and uniformly of fine, luscious flavor; skin green, regularly ribbed and thickly netted. Very prolific and extra early in ripening. Price 5 cts.; oz., 10 cts.

Musk Melon, Emerald Gem. All who have grown it unite in pronouncing it unequalled in rich, delicious flavor. The skin, while ribbed, is smooth and of a very deep emerald green color. The flesh, which is thicker than in any other Melon of its size, is of a suffused salmon color, and ripens thoroughly to the extremely thin green rind; luscious beyond description; unapproached in delicious flavor. The Melons mature extremely early; of superb quality. Should be grown by everyone. Price 5 cts.; oz., 10 cts.

Musk Melon, Paul Rose (or Petosky). A cross of the "Osage" with the "Netted Gem." It possesses the fine netting of the "Gem," and averages about the same size, but owing to the great thickness of its beautiful salmon-colored flesh will weigh at least one-third more than a "Netted Gem" of the same size. One of the best of the salmon fleshed varieties. Price 5 cts.

MUSK MELON, NETTED GEM.

Water Melon, Cole's Early.

This is one of the finest early Water Melons; of medium size, and it is so early that it matures in every state; very hardy; the flesh is deep red in color, clear to the rind, and is most sweet and delicate in flavor. It is exceedingly brittle, and hence cannot be shipped to distant markets, but is most desirable for the home garden. Price 5 cts.; oz., 10 cts.; 1-4 lb., 25 cts.

WATER MELON, COLE'S EARLY.

Water Melon, Mountain Sweet.

Fruit oblong, dark green; rind thin; flesh red, solid and sweet. One of the earliest large Melons.

Price 5 cts.; oz., 10 cts.

Okra, Dwarf Prolific. A very fine new variety, much dwarfier than the ordinary dwarf Okra, and much more productive; short thick pods. Very palatable when stewed and served as is a dish of Asparagus. So delicious is the flavor that once used, always used. Price 5 cts.; oz., 10 cts.

Onion, Australian Brown (new). Is of medium size, wonderfully hard and solid, extremely early in ripening, and never makes any stiff-necks or scallions. Every seed seems to produce a good sized Onion, and the bulb forms very quickly. The skin is a clear amber-brown. Price 10 cts.; oz., 20 cts.

Onion, Wethersfield Large Red. One of the best; all our stock is extra selected, and of the very best quality. Price 5 cts.; oz., 15 cts.; lb., prepaid, \$1.20.

Onion, Early Red Globe. Earliest of all. Price 5 cts.; oz., 15 cts.

Onion, Prize-Taker. This variety grows to an immense size, measuring from twelve to eighteen inches in circumference under good culture. It is of handsome globe shape, and flesh is mild and delicate in flavor. Price 5 cts.; oz., 15 cts.; 1-4 lb., 40 cts.

Onion, Early White Queen. The bulbs are a pure white, growing about an inch in thickness and very mild and delicate in flavor. Used very largely for pickling. Price 5 cts.; oz., 20 cts.

Onion, Yellow Globe Danvers (extra selected strain).

This variety is now the standard medium yellow Onion of our market the world over. Our strain of this sort is unsurpassed being grown in Connecticut from selected stock and will produce heavy crops of handsome uniform bulbs.

Price 5 cts.; oz., 10 cts.; 1-4 lb., 35 cts.; 1 lb., \$1.25, prepaid.

NOTE.—We might offer cheaper strains of Onion seed much less than above but cheap seed is dear at any price and the above is offered very low considering quality.

Onion Sets. Write us for prices.

Parsley, Double Curled. Very nice. Price 5 cts.

Parsley, Moss Curled. The leaves are beautifully curled or crimped, and of a peculiar, extra dark green color. It is very productive, and from the densely-curved character of its leaves, green seasoning or garnishing can be prepared in much less time than open-leaved varieties. Price 5 cts.; oz., 10 cts.

Parsnip, Guernsey. A half long variety; fine quality. Price 5 cts.; oz., 10 cts.

Parsnip, Hollow Crowned. Best variety; long, smooth white. The great market sort. Price 5 cts.; oz., 10 cts.

Pea, Gradus (or Prosperity). The earliest large podded in cultivation, while the Peas are of most superior quality, both in size and delicious flavor. The vine has heavy stems, with large, dark green leaves, and grows about three feet in height.

ONION, YELLOW GLOBE DANVERS

It produces uniformly large pods, measuring four inches long, nearly round, and well filled with large, handsome peas. The peas remain edible—tender and sweet—for some time. One of the best introductions of late years.

Price, pkt., 10 cts.; pint, 35 cts.; quart, 65 cts. postpaid.

Peas, American Wonder. The earliest of all wrinkled Peas. Of dwarf habit, growing from nine to twelve inches high, and producing a profusion of good sized and well filled pods of the finest flavor. One of the most popular sorts.

Price, pkt., 10 cts.; pint, 25 cts.; quart, 45 cts. postpaid.

Peas, Premium Gem (Improved McLean's Little Gem). A valuable variety, growing about fifteen inches high, and among the earliest dwarf, green, wrinkled sorts. The quality is unsurpassed; a remarkable characteristic is its wonderful prolificness.

Price 10 cts.; pint, 25 cts.; quart, 45 cts. postpaid.

Peas, Nott's Excelsior. One of the best of recent introduction; an improvement on "American Wonder," being more vigorous and prolific, with larger pods and more peas. Sure to become popular when generally known; height, one foot. Price, pkt., 10 cts.; pint, 25 cts.; quart, 45 cts. postpaid.

Peas, Yorkshire Hero. Long, round pods, closely filled with large, luscious, wrinkled Peas; very productive. Well worthy of general cultivation; of similar type to the well known "Champion of England;" in many sections it is more productive. Price 10 cts.; pint, 25 cts.; quart, 45 cts. postpaid.

Peas, Champion of England. Undoubtedly one of the best Peas grown and very popular. It is very productive, Peas of a delicious flavor; height, four to five feet. The standard Peas for main crop or summer use. Price 10 cts.; pint, 25 cts.; quart, 40 cts. postpaid.

Peas, Dwarf Champion. A very popular sort. Similar in every respect to "Champion of England," except it grows only half as high. Price, pkt., 10 cts.; pint, 25 cts.; quart, 40 cts. postpaid.

Peas, Large Black Eye Marrowfat. An excellent variety, growing about five feet high; pods large; a prolific bearer. Price, pkt., 10 cts.; pint, 20 cts.; quart, 35 cts. postpaid.

Peas, Sunol. An extremely early variety, producing good sized pods in the greatest profusion. Peas are splendid flavor for so early a sort, and is decidedly the most profitable of all the early sorts. Grows medium height. Price 10 cts.; pint, 25 cts.; quart, 40 cts. postpaid.

Peas, First of All. A very early market sort; height about two and one-half feet. Very productive and excellent quality for so early a variety. Price 10 cts.; pint, 25 cts.; quart, 40 cts. postpaid.

Peas, Telephone. An immensely productive Pea of the finest quality. Pods are very large in size, containing six to seven Peas closely packed, which are of a delicious flavor. Height about four feet, a very popular variety. Price 10 cts.; per pint, 25 cts.; quart, 45 cts. postpaid.

Where Peas are to be sent by express deduct 15 cts. per quart from above prices.

Pepper, Bell or Bull Nose. A standard variety with good sized, thick, fleshy fruits. *Early Squash.* Thick fleshed, early variety of mild flavor. Price 5 cts.; oz., 25 cts.

Pepper Grass, Extra Curled. Fine flavor and the best for dry soils. Price 5 cts.; oz., 10 cts.

Pumpkin, Com. Field. Fine for stock, a heavy cropper. Price 1-4 lb., 15 cts.; lb. 50 cts.

Pumpkin, Quaker Pie. A very prolific sort having fruits of medium size, but quality sweet, sugary and fine grained. Price 5 cts.; oz., 15 cts.

TRIUMPH RADISH.

bright scarlet, tipped with pure white. Ready to pull twenty days after sowing. Price 5 cts.; oz., 10 cts.

Radish, Non Plus Ultra. The earliest of all, being fit for use in about twenty days. Brilliant red in color, much used by market gardeners. Price 5 cts.; oz., 10 cts.; ¼ lb. 25 cts.

Radish, Long White Vienna. This new Radish is the finest Long White Radish in cultivation. It is the most beautiful in shape, white in color; both skin and flesh are pure snow white; crisp, brittle and of rapid growth. Price 5 cts.; oz., 10 cts.

Radish, Wood's Early Frame. Not quite so long as the "Long Scarlet," and with smaller top; it is quite ten days earlier in the open ground, while from its exceedingly small top it is most excellent for forcing. Price 5 cts.; oz., 10 cts.

Salsify, New Mammoth. Extra large, averaging fully double the size and weight of roots of the old variety. The roots are of superior quality. Price 5 cts.; oz., 15 cts.

Radish, Triumph. This is very early, being a "Twenty Day" Radish. Shape almost round, with very short tops, making it valuable for cultivation under glass. Flesh is crisp, solid and of mild flavor. The color is very attractive being pure white, striped and splashed with bright scarlet. Makes a very attractive contrast when bunched with other colors for market. Price 5 cts.; oz., 10 cts.

Radish, French Breakfast. A great favorite, bright scarlet with pure white tip, oval in shape. Price 5 cts.; oz., 10 cts.

Radish, Early Long Scarlet. Tender variety; fine flavor and crisp. One of the best for market or home use. Price 5 cts.; oz., 10 cts.

Radish, Early Round Dark Red. Of very deep, dark red skin; beautiful shape, and extra early. This is the best strain of Extra Early Scarlet Turnip Radish in cultivation; extra fine quality; always crisp. Price 5 cts.; oz., 10 cts.

Radish, Scarlet Turnip White Tipped. A small, round turnip-shaped Radish, of

Spinach, Long Standing. For greens.
Sage and Summer Savory. Herbs.
Squash, Summer Crookneck. Popular standard summer sort.
Squash, Hubbard. Well known winter sort. More of this variety grown than of all other winter squashes combined. Ours is a very fine strain.

Price 5 cts.; oz., 10 cts.; ¼ lb., 15 cts.

Price, each, 5 cts.

Price 5 cts.; oz., 10 cts.

Price 5 cts.; oz., 15 cts.; ¼ lb., 35 cts.; lb., \$1.20.

Squash, Essex Hybrid. Early, yet a long keeper; flesh dry, thick and sweet, better than "Turban;" a standard variety. Price 5 cts.; oz., 15 cts.; lb., \$1.00.

Squash, Faxon (or the Squash of many colors), The fixed characteristics are earliness, long keeping, uniformity of shape, variety of colors, and the excelling in richness, sweetness and flavor. Even when not fully ripe it is of excellent quality as a summer Squash. It is a good keeper, and has the exceptional recommendation of being a table delicacy through three seasons—summer, fall and winter. Unexcelled for sweetness and dryness.

Price 5 cts.; oz., 10 cts.; lb., \$1.00.

Squash, Dunlap's Early Prolific Marrow. The standard early of the running varieties. No variety can compete with it for earliness, it being about twelve days ahead of the "Boston Marrow," and for this reason can be planted a week later than any other kind. Its color is most attractive, a brilliant orange-red. Quality excellent when mature. A good keeper.

Price 5 cts.; oz., 10 cts.; ¼ lb., 30 cts.; lb., 90 cts.

Squash, Golden Bronze (new). In form the same as "Boston Marrow," with stem and blossom end precisely like that variety, also having the same peculiar wrinkled appearance of the skin. Size, averaging from eight to ten pounds; color, a dark, grayish-green with bronze on upper surface when ripe; flesh, an exceedingly bright golden yellow; fine grained, very sweet, and of delicious flavor; a good keeper and yielder.

Price 5 cts.; oz., 15 cts.

Squash, Golden Hubbard. Identical in size, form and fruitfulness, as the "Warted Hubbard." The heavily warted skin is a rich orange yellow turning to a deep salmon red. Of attractive appearance and as productive and prolific as the original Hubbard. Price 5 cts.; oz., 15 cts.; 1-4 lb., 40 cts.; lb., \$1.25.

Squash, New Giant Summer Crookneck. This new strain is equally as early as the common variety, while the Squashes grow to an extra large size, measuring from eighteen inches to two feet long, and of finest quality.

Price 5 cts.; oz., 10 cts.

Squash, Bush Scallop. Best early of the scalloped sorts. Quality not considered quite equal to the "Summer Crookneck."

Price 5 cts.; oz., 10 cts.

Squash, Warted Hubbard. Same as "Hubbard," except warty knobs all over it. Quality the best. Many prefer it to "Hubbard" for market.

Price 5 cts.; oz., 15 cts.; 1-4 lb., 40 cts.; lb., \$1.25.

Turnip, Purple Top White Globe. An early variety, globe-shaped; heavy cropper, in other respects similar to the "Red Top Strap Leaf." A handsome looking bulb, and is rapidly taking the lead of all other varieties of early Turnips for market garden purposes.

Price 5 cts.; oz., 10 cts.; lb., 50 cts.

Turnip, White Egg. Its shape is nearly oval or egg; flesh very firm and fine grained, thin and perfectly smooth skin; both flesh and skin are of snowy whiteness. Its flavor is of the best. One of our most popular varieties for market or table use.

Price 5 cts.; oz., 10 cts.; 1-4 lb., 20 cts.; lb., 60 cts.

Turnip, Budlong (new). An improved variety of the American White Ruta-baga, having been bred up to present form by years of selection by an experienced market gardener. It is earlier, rounder and smoother than any other Ruta-baga and of good size.

Price 5 cts.; oz., 10 cts.; lb., 60 cts.

Turnip, White Milan. It grows with wonderful rapidity, and is the earliest White Turnip in cultivation. Splendid quality, and most attractive with white skin and flesh.

Price 5 cts.; oz., 10 cts.

Turnip, Golden Ball (or Orange Jelly). The flesh of fine texture, making it one of the best table varieties. Beautiful color. The bulb is of medium size, with small root, early.

Price 5 cts.; oz., 10 cts.

Turnip, Yellow Stone. One of the best and most popular yellow-fleshed varieties for table use; equally good for feeding stock

Price 5 cts.; oz., 10 cts.; lb., 50 cts.

Turnip, Strap Leaf. "Red Top" or "White Top," well known early sorts; largely grown. For other varieties Turnips see page 76.

Price, either sort, 5 cts.; oz., 10 cts.; lb., 50 cts.

Thyme, Thymus Vulgaris. The leaves and young shoots are used for seasoning; a tea is also made for nervous headache.

Price per pkt., 10 cts.

Wormwood, Artemisia Absinthium. Used medicinally, and is beneficial for poultry.

Price per pkt., 5 cts.

ESSEX HYBRID SQUASH.

All seeds ordered by express, deduct 8 cts. per lb.

R. I. ROCK TURNIP.

Tomato, Ponderosa. This is the largest fruited Tomato in cultivation, and for the private planter is unexcelled. Fruits are solid fleshy, few seeds and of fine quality. Specimens grow to immense size under high culture. Price 10 cts.

Tomato, Earliana. This is the earliest large Tomato ever introduced. In our trials with this last year, we found it an enormous yielder of large, smooth, solid, bright red fruits of most excellent flavor. This sort will be one of the most profitable sorts for the market gardener as well as the private planter, being the earliest, smooth, bright red Tomato, of good size now in cultivation. Price 10 cts.; 1-4 oz., 25 cts.

Tomato, Quarter Century. Similar to "Dwarf Champion" in dwarf, erect growth, but greatly surpasses that variety in prolificness as well as size, solidity and quality of fruit. Color is a bright red. Its very compact, sturdy growth, extreme prolificness and earliness will make it a favorite with everybody. Price 10 cts.; 1-4 oz., 20 cts.

Tomato, The Aristocrat. An excellent new sort, resembling in habit of growth and foliage the "Dwarf Champion," but the color of the fruit is a fine, rich, glossy red. Price 5 cts.; oz., 25 cts.

Tomato, Dwarf Champion. One of the most valuable sorts, entirely distinct in habit of growth and foliage. Always smooth and attractive in appearance. Dwarf and compact in habit. Price 5 cts.; oz., 25 cts.

Tomato, Matchless (Improved Trophy). The fruits are of the largest size and the size of the fruit is maintained throughout the season, the healthy growth of foliage continuing until killed by frost. No other Tomato will produce extra large fruits, so smooth, handsome and marketable. The skin is remarkably tough and solid. A great favorite for market and family use. Price 5 cts.; oz., 35 cts.

Tomato, Perfection. Fine smooth variety, very prolific and productive. Price 5 cts.; oz., 25 cts.

Tomato, Yellow Plum. Small yellow plum-shaped variety; very early. Price 5 cts.

Turnip, Rhode Island Rock (new). In this new Turnip we have a great improvement made on the White French Turnip, after years of selection by a R. I. market gardener. It is fully three weeks earlier than any other Turnip of its class. It is very hard and solid, flesh pure white, fine grained, brittle and sweet. Its crowning point however is its wonderful keeping qualities, excelling all other Turnips in this respect. Price 5 cts.; oz., 10 cts.

Turnip, Scarlet Kashmir. As early as the earliest known sort; most distinct in appearance, small, rarely exceeding three inches in diameter. The outer color of the root is unique, being a rich scarlet, verging on crimson; the interior color is pure sparkling white. Price 5 cts.; oz., 10 cts.

Turnip, Burpee's Bread-stone. This new Turnip is of medium size, very quick growing, and the roots are very smooth and white with a faint green top. The flesh is perfectly white, fine grained, remarkably tender, very sweet; extra fine Turnip for winter and spring use. Price 5 cts.; oz., 10 cts.; 1-4 lb., 30 cts.; 1 lb., 90 cts.

Turnip, Sweet German. The well known winter variety. Very sweet; extra for table use. The leading sort for winter. Price 5 cts.; oz., 10 cts.; lb., 50 cts.

Turnip, Laing's Swede. Quick growing; good for table or for stock; yellowish flesh. Price 5 cts.; oz., 10 cts.; lb., 35 cts.

TOMATO, EARLIANA.

Price 5 cts.; oz., 25 cts.

BEDDING PLANTS IN QUANTITY.

SPRAY PUMPS.

AUTO SPRAY NO. 1 WITH AUTO POP.

In these days of modern scientific methods and close competition in agricultural and horticultural pursuits, no one can afford to be without some quick and easy facility for applying insecticides and fungicides. Our cut illustrates one out of the four styles of sprayers sold by us.

This is the climax of all sprayers; combines every conceivable point of excellence, including economy, durability, low price and ease in carrying and operating. It is the only automatic compressed air machine built on mechanical and scientific lines by skilled labor. *A few strokes of the plunger in the air chamber will compress enough air to discharge the entire contents and make a continuous spray for nine minutes.* This means that the Auto-Spray can be charged in fifteen seconds, when it will work uninterruptedly long enough to spray a quarter acre of potatoes. By means of extension pipes it can be used for spraying fruit trees, also washing windows, carriages, fire extinguisher, whitewashing poultry houses, etc. Furnished with different sized spray nozzles, carrying strap, etc. Price with galvanized steel tank, \$4.00; with brass tank, \$5.50.

The "Auto Pop" is a new feature which should be investigated by everyone who wants to be thoroughly up-to-date with spraying appliances.

Send for our descriptive circular. Don't fail to investigate the merits of our pumps. Absolutely the best and most scientifically constructed sprayers on the market for the money.

SULPO-TOBACCO SOAP

Kills insects on flowers and plants in the window, flower and vegetable gardens, shrubs, small fruit trees, etc. For domestic purposes, it is valuable as an exterminator of moths, cockroaches, carpet bugs, and is a superior wash for dogs and all animals. Relieves horses and cows from the torment of flies. Prevents poultry lice. Every insect will succumb to this insecticide.

The Cost is Trifling.

Ten cents.—3-oz. cake makes 1½ gallons prepared solution. Mailed, postpaid for 13 cents. Twenty cents.—8-oz. cake makes 4 gallons prepared solution. Mailed, postpaid for 28 cents.

ALBERT'S PLANT FOOD.

The best fertilizer for house plants. It is a scientific preparation, containing in a highly concentrated and easily soluble form, the food elements required by plants. It is odorless, clean to handle, quick in its action and unequalled in its effects. It is put up in handsome, handy tin cans, inside of each tin being a small spoon holding the exact quantity required for dissolving in a quart of water. The handiest as well as the very best fertilizer for house plants ever sent out. Accompanied by full directions. Price 15 cts. per can, or 23 cents by mail postpaid.

Cut Flowers & Floral Designs

We are prepared to furnish seasonable cut flowers for all occasions. We also make a specialty of funeral designs, which our experience and facilities fully enable us to execute in the very best manner, and at most reasonable prices. We respectfully solicit your orders. Orders by mail, telegraph or telephone promptly filled 🌿 🌿

Flowering Plants

For Christmas, Easter & other Holidays. We have on hand at these times large specimen flowering plants and palms of all kinds for decorative and gift purposes. When in need of same, we invite correspondence
